The purpose of this bulletin is to notify users of work procedure WP 4540-01, "District Regulator Station Maintenance" that replacements for the following documents have been issued and posted on the Technical Information Library:

- Attachment 1 (Form 62-6271), "District Regulator Data Sheet"
- Attachment 2 (Form 62-6321), "District Regulator Station Maintenance Record"
- Attachment 3 (Form 62-6321A), "District Regulator Station Maintenance Record (HPR Type)"

These revised forms incorporate changes that have been suggested by various users of the procedure, namely, adding a line for a second vault enclosure on Attachment 1 and allowing users to enter information at the top of Attachments 2 and 3 using MS Word. The changes do not affect the technical content or the procedures for maintenance, but simply reflect modifications for ease of use.
