Attention: Mr. John C. Morrissey, Attorney

Gentlemen:

This will acknowledge your letter of November 2, 1961, which gave information concerning the 16-inch pipeline being constructed in the vicinity of Novato and also included a copy of the construction specifications.

It appears that the construction of the pipeline complies with the requirements of General Order No. 112 and has been accepted for filing.

Very truly yours,

PUBLIC UTILITIES COMMISSION

Re: Proposed 16-inch O.D. Pipeline
Vicinity of Novato

Public Utilities Commission
of the State of California
State Building
San Francisco 2, California

Gentlemen:

Construction of our proposed 16-inch O.D. pipeline in the vicinity of Novato was started on September 25, 1961 and is, and will be, in accordance with General Order No. 112. A copy of the specifications, No. 7160, is enclosed.

This information was requested in your letter of October 25 and supplements information previously furnished you on this pipeline.

Very truly yours,

JML/lfs

Attention: Mr. John C. Morrissey, Attorney

Gentlemen:

The report submitted with your letter of October 12, 1961, covering a proposed 16-inch O.D. pipeline, to be constructed in the vicinity of Novato, has been reviewed.

Acceptance of this report is being withheld pending receipt of the following information:

1. Date construction is to commence.
2. Copy of pipeline specifications for this project.
3. A statement that the construction will be in accordance with G. O. 112.

Thank you for your cooperation in this matter.

Very truly yours,

PUBLIC UTILITIES COMMISSION

Gentlemen:

To comply with the requirements of General Order No. 112, Chapter IV, Section 401.2, we forward herewith a report of PG&E's planned 16" O.D. main covering approximately 4.4 miles from a point north of Novato on Highway 101 to Atherton Avenue, north of Novato, generally parallel to the 12" main serving Marin County.

Very truly yours,

JOHN C. MORRISSEY

ERSibley

In accordance with Chapter IV, Section 401.2, of General Order No. 112, the following information is submitted for a new pipeline:

A. Description and Purpose of Pipeline

The new pipeline will consist of approximately 4.4 miles of 16" O. D. main from North of Novato on Highway 101 to Atherton Avenue North of Novato, generally parallel to the existing 12" main serving Marin County.

The line is needed in order to meet load growth in Marin County. The area is a Class 3 location and Type C construction will be employed.

B. Specification of Pipe Selected for Installation

The pipe will be 16" outside diameter, .281" wall manufactured to API - 5LX Grade X42 specifications.

C. Maximum Allowable Pressure for Which the Line is Constructed

The line will be constructed for 600 psi maximum operating pressure.

D. Fluid and Pressure to be Used During Proof Strength Testing

Approximately 4.4 miles of pipeline will be proof tested hydrostatically to between 1.5 and 2.0 times the maximum operating pressure of 600 psi.
