Dear Michael:

Attached is further information in support of AT&T California's application to amend its state-issued video franchise, which was submitted to you on August 21, 2008. As requested, we have provided to the City of San Bernardino and the County of San Bernardino a copy of AT&T's supplemental application, even though those local entities were included in our original filing last year. Copies of the letters sent today to the City and the County are attached and their contact information has been added to our response to Question 19. This does not impact our responses to the other questions in the application.

Should you have any questions, please give me a call.

Sincerely,

CALIF. RECEIVED
