Mr. Michael Morris
Video Franchising & Broadband Development Group

Dear Mr. Morris:

The purpose of this application is for an amendment to our video franchise #0025. There is no change in outer service area boundaries or any other changes. The only reason for the amendment is to provide service to the "Copper Cove" portion of our presently franchised boundary area which had been carved out originally since that locale was franchised by the County of Calaveras to Calaveras Cablevision. By this action, we will fully serve our [telephone] service area, i.e. that of affiliate Calaveras Telephone Co.

The "Copper Cove" portion has been served by a coaxial system with a headend which is being phased out of service. It is being replaced by a modern Digital TV system serving the entire area footprint. Additionally, the County franchise would otherwise expire in the near future.

A map is enclosed recognizing this minor amendment change. As previously communicated, we are unable to generate a shape file, so instead are providing a map evidencing the elimination of the carved out portion.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kirby L. Smith".

Kirby L. Smith
Director of Finance
