Re: Application for State Video Franchise

Dear Mr. Holmes:

The term of the local cable franchise held by Comcast in the City of San Pablo has expired and this franchise currently is in effect on a month to month basis. Pursuant to your telephone conversation with Greg Stepanicich, I am writing to request on behalf of the City that Comcast promptly file an application with the California Public Utilities Commission for a state video franchise under the Digital Infrastructure and Video Competition Act of 2006. Please advise me of the estimated date by which this application will be filed. Thank you for your assistance in this matter.
