Re: Comcast of California/Illinois, LP – Notice of Operation Under State-Issued Video Franchise in Burlingame, California

Dear Mr. Nantell:

By this letter, we hereby notify the City of Burlingame that Comcast of California/Illinois, LP ("Comcast") will soon be providing continued video service in Burlingame pursuant to a state-issued video franchise, in lieu of the former local franchise, consistent with California's recent state video franchise law. In its capacity as the state franchising authority under the Digital Infrastructure and Video Competition Act of 2006 (*See* Cal. Pub. Util. Code § 5800, *et seq.*), the California Public Utilities Commission issued a California video franchise certificate that gives Comcast the right to offer video service in Burlingame pursuant to state authority. The certificate is effective October 23, 2008. Comcast will begin operating under its state franchise as of that date. A copy of the franchise certificate is enclosed for your records.

Should you have any questions about this, please contact me by phone at 415-765-0369, or by email at prosvall@cwclaw.com.

Sincerely,

Patrick M. Rosvall
