Aug. 22, 2014

Dear Sirs,

Please find attached the completed "Application For a New or Amended California State Video Franchise".

Please note the following:

- 1) Items #14, 15 & 16 of the application. It is our understanding that the CPUC is already in possession of that data based on maps we have already provided. We are attaching copies of said maps for reference.
- 2) Appendix "A". Due to Orion Cables small size I am the only officer of the company.

"ADC Cable" was granted a license by San Diego County to operate a cable system in San Diego County CA. in March of 1991 with an expiration date of Feb. 3rd, 2011 (See attached document "SDC Cable TV License". That license was transferred to "Orion Cable Systems" in March 1998 (See attachment SDC Res & Agmt).

Our point of contact with San Diego contact for all activities related to our license was Tracy DeForge. Her contact information is:

Tracy DeFore
Business Manager
Department of Media & Public Relations
County of San Diego
1600 Pacific Highway, Room 208
San Diego, CA 92101-2422
Phone: 619-595-4685

RECEIVED
CALIF. PUBLIC UTIL. COM.
2014 AUG 28 PM 1:57
COMMUNICATIONS DIVISION
DIRECTOR'S OFFICE

Orion Cable Systems is a small family run business. There was some confusion as to when our license expired with San Diego County. The transfer of licensing from the local level to the State only added to our confusion. Orion Cable was operating under the mistaken impression that our license to operate our cable system did not expire until 2013 instead of 2011. We are now attempting to correct our misunderstanding by completing this application with the State.

If you have any questions please don't hesitate to contact me directly on my cell phone at 858-361-1223.

Thank you,

John Santhoff
CEO
Orion Broadband
