Dear Mr. Morris:

Wave Division VI, LLC d/b/a Wave Broadband is filing an application with the California Public Utilities Commission to amend its State video franchise, which became effective September 17, 2007 (Franchise Number 0004). Enclosed are two copies of the completed application form, including Appendixes A and B, and two CDs with the template information.

Please note that this is an application to decrease the video service area for Wave Division VI by eliminating certain portions of the franchise area that were sold to New Day Broadband of Portola LLC ("New Day") on December 31, 2009. By e-mail of January 5, 2010, the CPUC was notified that portions of the Wave Division VI state video franchise area had been sold to New Day. In addition, on that same date, the affected jurisdictions were provided a notice of the sale by certified mail.

Please do not hesitate to contact me should you have any questions or need additional information.

Sincerely,

David Hankin
Vice President and Senior Counsel
