ADVICE LETTER NO. 74

CALIFORNIA UTILITIES SERVICE, INC (U 418-S)

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California Utilities Service, Inc. (CUS) hereby transmits for filing four copies each of the following tariff schedules, which are attached hereto:

<u>CPUC SHEET NO.</u>	<u>TITLE OF SHEET</u>	<u>CANCELING CPUC SHEET NO.</u>
362-SS	Schedule No. 1, General Flat Rate Service (continued)	357-SS
363-SS	Table of Contents	360-SS

The present rates of California Utilities Service, Inc. (CUS) became effective on April 25, 2019, pursuant to Advice Letter No. 70, which adopted a CPI offset of \$33,562 or 1.9% annually, due to the 2018 CPI-U of 1.9%. The last general rate increase became effective on August 18, 2010 pursuant to Resolution No.W-4837, which authorized a general rate increase of \$723,777 or 88.4%, and a return based on a rate of margin of 21.7%.

Through this advice letter, CUS requests approval of a surcharge of \$6.55 per Equivalent Dwelling Unit (EDU) per month for a period of 3 months to recover its required regulatory permit fees paid to the State Water Resources Control Board (SWRCB) and the Monterey Bay Unified Air Pollution Control District (MBUAPCD) for invoices dated January 2019 through December 2019. This increase of these paid expenses will not result in a rate of margin which exceeds the authorized rate of margin of 21.7%. Workpapers justifying this recovery have been provided to the CPUC Water Utilities Branch staff.

In CUS's last GRC, CUS requested balancing account treatment for the payment of required regulatory permit fees to the SWRCB and the MBUAPCD. Resolution W-4837 granted balancing account treatment of these fees, as stated below.

## **Background**

Resolution No. W-4837, dated August 12, 2010, established CUS's balancing account in its Paragraph No. 3, which states:

*“California Utilities Service, Inc. is granted balancing account treatment for the payments of required regulatory permit fees to the State Water Resources Control Board and the Monterey Bay Unified Air Pollution Control District”*

By Advice Letter No. 46, CUS updated its tariff sheets to include a balancing account to track payments to the SWRCB and the MBUAPCD.

In compliance with Ordering Paragraph No. 3 of Resolution No. W-4837, CUS respectfully requests authorization to make effective the attached tariff sheets for the collection of its required regulatory permit fees paid to the State Water Resources Control Board and the Monterey Bay Unified Air Pollution Control District as recorded in CUS's balancing account for invoices dated January 2019 through December 2019 in the amount of \$22,734. However, in the previous year, an over collection on the balancing account of \$361.60 was recorded and CUS is requesting that the over collection be used to reduce this year's collection. Therefore, the amount to be recovered is \$22,372.40, or 1.23%, to be collected through a surcharge of \$6.55 per EDU per month for a period of 3 months. The enclosed Attachment A shows the calculation of the surcharge and percentage increase.

This filing is made under the provisions of General Order No. 96-B, Water Industry Rules 7.3.1(1) and 7.3.1(3). This filing will not cause withdrawal of service nor conflict with any other schedule or rule.

### **Requested Effective Date**

This filing is a Tier 1 Advice Letter and may be effective the day it is filed; CUS respectfully requests that the effective date of this increase be January 1, 2020.

### **Notice**

In compliance with Section 4.3 of General Order No. 96-B, a copy of this advice letter has been mailed to all parties listed on the enclosed service list. In conformance with Resolution W-4664, Ordering Paragraph 3, California Utilities Service, Inc. will provide notice to its customers of the increase in dollar and percentage terms with the first bill that includes the increase.

### **Protests and Responses:**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;

- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor  
California Public Utilities Commission  
505 Van Ness Avenue  
San Francisco, CA 94102  
[water\\_division@cpuc.ca.gov](mailto:water_division@cpuc.ca.gov)

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail or e-mail to us, addressed to:

California Utilities Service, Inc.  
249 Williams Road  
Salinas, CA 93905  
Fax: (831) 424-0611

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within five business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response.
