Advice Letter No.: 23

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Cañada Woods Water Company, LLC (WTD-433) hereby transmits for filing one original and one copy of this advice letter (AL) and the following tariff sheets which are enclosed:

<u>NEW SHEET #</u>	<u>TITLE</u>	<u>CANCELLING SHEET #</u>
208-W	Schedule No. UF, Commission Reimbursement Fee	186-W
209-W	Table of Contents	187-W

REQUEST

By AL 23, Canada Woods Water Company requests permission to replace tariff page W-186 with page W-208 in compliance with Resolution M-4841 dated July 23, 2020 to implement the new fee rate of 1.43%.

BACKGROUND

Public Utilities Code Section 431:

The commission shall annually determine a fee to be paid by every electrical, gas, telephone, telegraph, water, sewer system, and heat corporation and every other public utility providing service directly to customers and subscribers and subject to the jurisdiction of the commission other than a railroad, except as provided in Article 2 (commencing with Section 421). The annual fee shall be established to produce a total amount equal to that amount established in the authorized Commission budget for the same year, including adjustments for increases in employee compensation, other increases appropriated by the Legislature, and an appropriate reserve to regulate public utilities less the amount to be paid from special accounts or funds pursuant to Section 402, reimbursements, federal funds, and any other revenues, and the amount of unencumbered funds from the preceding year.

Public Utilities Code Section 432:

The Commission shall establish the fee pursuant to Section 431 with the approval of the Department of Finance and in accordance with all of the following:

- a. In its annual budget request, the Commission shall specify both of the following:
 1. The amount of its budget to be financed by the fee
 2. The dollar allocation of the amount of its budget shall be financed by fee by each class of public utility subject to the fee. The fee allocation among classes of public utilities shall reflect expenditures by the Commission on regulatory and other authorized activities affecting each respective class, and shall bear the same ratio that the Commission's workload for each class of public utility subject to the fee bears to the Commission's total workload for all public utilities subject to the fee.

BACKGROUND (continued)

b. The Commission may establish different and distinct methods of assessing fees for each class of public utility, if the revenues collected are consistent with paragraph (2) of subdivision (a), except that the Commission shall establish a uniform charge per kwh for sales in kwh for the class of electrical corporations and a uniform charge per therm for sales in therms for the class of gas corporations.

TIER DESIGNATION AND REQUESTED EFFECTIVE DATE

This AL and the enclosed tariff sheets are submitted pursuant to General Order (GO.) 96-B. This advice letter is designated as a Tier 1 filing and the enclosed tariff sheets will become effective October 1, 2020 per Resolution M-4841.

NOTICE

The utility is not required to inform the customers as this filing is in accordance with GO 96-B Section 7.3.7 "Pass-through of additional taxes imposed on utility".

RESPONSE OR PROTEST²

Anyone may respond to or protest this AL. A response supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A protest objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omission;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility.

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. DWA must receive a response or protest via email (or postal mail) within 20 days of the date this AL is filed. The addresses for submitting a response or protest are:

¹ GO. 96-B, Water Industry Rule 7.3.3

² GO. 96-B, General Rule 7.4.1
