Advice Letter 109-W

Kenwood Village Water Company of Emergency Customer Protections

Kenwood Village Water Company transmits this Tier 1 informational advice letter filing to notify the California Public Utilities Commission (“CPUC” or “Commission”) that KVWC has already voluntarily implemented certain customer protections and is complying with the May 7, 2020 letter from Bruce DeBerry, CPUC Water Division Manager, to all Class C and D water and sewer utilities to provide applicable “Customer Protections directed in D.19-07-015 and D.19-08-025 in response to the declared state of emergency cause (sic) by the COVID-19 pandemic and activation of the Catastrophic (Event) Memorandum Account (CEMA)”.

Background and Compliance with Executive Director Stebbins’ Instructions

On April 2, 2020, KVWC responded to the March 26, 2020 Alice Stebbins letter and provided information regarding the applicable customer protection measures voluntarily taken by KVWC thus far to protect customers by continuing water service to residential customers who are unable to pay their bills because of the COVID-19 State of Emergency. (See copy of KVWC’s “Emergency Customer Protections to Support Customers Affected by the COVID-19 State of Emergency” letter, attached hereto). That letter described additional steps taken by KVWC to keep its customers and workforce healthy. Some of these actions include:

- Staggering work schedules.
- Closing business office lobby to the public.
- Increasing frequency and intensity of cleanings and disinfection of facilities and equipment.
- Limiting meeting sizes.
- Providing soap, hand sanitizers, disinfecting wipes, gloves, masks and other safety equipment and materials in all common areas and field trucks.
- Frequently communicating with employees on developments, company updates, social distancing measures and personal hygiene best practices.
- Reminding employees to stay home if sick.

- Working with local health officials and emergency personnel to advise KVWC and ensure the utility takes all appropriate steps to support a healthy workforce and community.

On May 7, 2020 Bruce DeBerry, CPUC Water Division Manager, sent a letter to all Class C and D water and sewer utilities requesting them to file a Tier 1 advice letter “to provide Customer Protections directed in D.19-07-015 and D.19-08-025 in response to the declared state of emergency cause (sic) by the COVID-19 pandemic and activation of the Catastrophic (Event) Memorandum Account (CEMA).”

On March 20, 2020, KVWC invoked its Catastrophic Event Memorandum Account (CEMA) starting to track costs, starting March 4, 2020, incurred by KVWC in response to a catastrophic event that has been officially declared a disaster or state of emergency by government authorities.

KVWC is a Class d water utility and is not one the water or sewer corporations covered under the Commission’s Decision 19-07-015 or Decision 19-08-025; see Conclusion of Law 2 from Decision 19-07-015 above. The COVID-19 State of Emergency declared by both the Governor of California on March 4, 2020 and by the President of the United States on March 13, 2020, has not “*disrupted the delivery or receipt of utility service and/or the degradation of the quality of utility service*” to any of KVWC’s customers. KVWC has not experienced any loss, disruption, or degradation of the water service that it provides to its customers due to the COVID-19 state of emergency.

Although the customer protection measures adopted in CPUC Decision 19-07-015 and Decision 19-08-025 do not apply to Class C water or sewer utilities, and although there has been no loss, disruption, or degradation of KVWC’s service provided to its customers, LVWC has voluntarily taken certain actions and implemented certain applicable customer protections to assist its customers in response to the COVID-19 State of Emergency Declarations.

With this Tier 1 information only advice letter filing, KVWC is confirming these voluntary actions and voluntarily implemented applicable customer protections taken by KVWC as described in the previous letters from KVWC to the Commission. Further, KVWC states that such applicable customer protections will continue during the pendency of the COVID-19 State of Emergency. Again, these voluntary actions and voluntarily implemented applicable customer protections are as follows:

Other Actions by KVWC

March 20, 2020 and April 2, 2020 of such actions and applicable customer protections.

Kenwood Village Water Company

4982 Sonoma Hwy.
Santa Rosa, CA 95409

KVWC voluntary actions and voluntarily implemented applicable customer protections are as follows:

- Activated its Catastrophic Event Memorandum Account (CEMA) starting March 4, 2020 and notified the Executive Director of the CPUC and Water Division.
- Temporarily suspended discontinuation of service for non-payment of waterbills.
- Offered extended payment plan options to customers.
- Working cooperatively with customers to resolve unpaid bills.
- Notified customers via bill insert / direct mailer in a letter to customers to contact KVWC if they are having difficulty paying their water bill due to financial hardships that they may be experiencing as a result of the COVID-19 health crisis.

Further, with the April 2, 2020 letter to the Commission, KVWC described additional steps taken by KVWC to keep its customers and workforce healthy, some of which include:

- Staggering work schedules.
- Closing business office lobby to the public.
- Increasing frequency and intensity of cleanings and disinfection of facilities and equipment.
- Providing soap, hand sanitizers, disinfecting wipes, gloves, masks and other safety equipment and materials in all common areas and field trucks.
- Frequently communicating with employees on developments, company updates, social distancing measures and personal hygiene best practices.
- Reminding employees to stay home if sick.

No Effect on Water Service

This Advice Letter filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

TIER DESIGNATION

This is a Tier 1 Advice Letter pursuant to General Order 96-B and Water Industry Rule 7.3.1(3) (Compliance with mandatory statute, decision, or resolution).

NOTICE AND SERVICE

As this Advice Letter is for compliance with Executive Director Stebbins' March 26, 2020 letter, no additional notice to customers is required.

RESPONSE OR PROTEST

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the advice letter;
2. The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the advice letter contain material error or omissions;
4. The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
5. The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
6. The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a Prior order of the Commission).

A protest may not rely on policy objections to an Advice Letter where the relief requested in the Advice Letter follows rules or directions established by statute or Commission order applicable to the utility.

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. The Water Division must receive a response or protest via mail within 20 days of the date the Advice Letter is filed. The addresses for submitting a response or protest are:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest.
