TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Canada Woods Water Company (WTD-433) ("CWWC") hereby submits this Advice Letter as a Tier 1 compliance filing in order to provide required notification to the California Public Utilities Commission ("Commission").

CWWC transmits this Tier 1 advice letter filing in compliance with Governor Newsom's Executive Order N-08-21 signed on June 11, 2021 directing all water and sewer utilities to extend the Emergency Customer Protections to September 30, 2021 and keep the Catastrophic Event Memorandum Account (CEMA - COVID - 19) open until September 30, 2021.

## Background and Compliance with Executive Director Stebbins' Instructions

On March 26, 2020, the previous Executive Director issued a letter to all Class C and D Water and Sewer utilities stating that the Commission expects the utilities to extend customer protections to customers affected by the COVID-19 pandemic. This Emergency Customer Protections apply to customers for up to one year from April 16, 2020.

On March 17, 2021, the CPUC's Executive Director sent a letter to all Class C and D water and sewer utilities directing them to file a Tier 1 Advice letter to extend the Emergency Customer Protections previously requested in the March 26, 2020, Executive Director's letter to June 30, 2021, and also to extend appropriate memorandum accounts to June 30, 2021.

## Other Actions by CWWC

CWWC has activated its CEMA – COVID-19 in response to the COVID-19 emergency.

CWWC customer service representatives shall work with customers who contact CWWC and advise that, due to COVID-19, they are having difficulty paying their bills.

## No Effect on Water Service

This Advice Letter filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

## Tier Designation

This is a Tier 1 Advice Letter pursuant to General Order 96-B and Water Industry Rule 7.3.1(3) (Compliance with mandatory statute, decision, or resolution).

## Notice and Service

As this Advice Letter is for compliance with Executive Director Peterson's March 17, 2021 letter, no additional notice to customers is required.

## **RESPONSE OR PROTEST**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may be based on the following:

1. The utility did not properly serve or give notice of the advice letter;
2. The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the advice letter contain material error or omissions;
4. The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
5. The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
6. The relief requested in the advice letter is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy to an advice letter where the relief requested in the advice letter follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest. The Water Division must receive a response or protest via email (or postal mail) within 20 days of the date of the advice letter is filed.
