ADVICE LETTER No. 94

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

POINT ARENA WATER WORKS, INC. (PAWW) hereby transmits for filing one original and one copy each of the following tariffs schedules which are attached hereto:

The present rates of PAWW became effective on June 11, 2019, through Advice Letter No. 86-A, in which the Commission approved the rates in compliance with Resolution W-5195.

Summary

This advice letter is filed in compliance with California Public Utilities Commission (Commission) Water Division Director Terence Shia's June 16, 2021 Letter to Class A, B, C, and D Water and Sewer utilities directing all water and sewer utilities to extend the Emergency Customer Protections through September 30, 2021 and keep the Catastrophic Event Memorandum Account (CEMA – COVID-19) open through September 30, 2021.

Background

On March 17, 2021, the CPUC's Executive Director issued a letter to all Class C, D Water and Sewer utilities directing them to file a Tier 1 Advice Letter indicating that the utility has extended the Emergency Customer Protections previously requested in the March 26, 2020 Executive Director's letter to June 30, 2021, and also to extend appropriate memorandum accounts to June 30, 2021. By the Governor's Executive Order N-08-21 water systems across California were ordered not to discontinue service to customers for non-payment of bills and to extend Emergency Customer Protections through September 30, 2021.

To protect the Public Health and in compliance with the Water Division Directors June 16, 2021 letter, PAWW will extend the following customer protections and appropriate memorandum account to September 30, 2021:

1. Suspending disconnection of water service for customers who have been economically affected as a result of the Covid-19 Pandemic State of Emergency.
2. Work cooperatively with affected customers to resolve unpaid bills and to provide reasonable payment options to affected customers.

This filing is made under the provisions of General Order No. 96-B.

This filing will not cause withdrawal of service nor conflict with any other schedule or rule.

Requested Effective Date

Advice Letter No. 94 is a Tier 1 advice letter. PAWW respectfully requests that Advice Letter No. 94 have an approval date of July 1, 2021.

Notice

In compliance with Section 4.3 of General Order No. 96-B, a copy of this advice letter has been mailed to all parties listed on the enclosed service list. In conformance with Ordering Paragraph No. 3 of Resolution No. W-4664, PAWW will provide notice to its customers of the increase in dollar and percentage terms with the first bill that includes the increase.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.
