ADVICE LETTER No. 93

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

POINT ARENA WATER WORKS, INC. (PAWW) hereby transmits for filing one original and one copy of Advice Letter No. 93.

CPUC SHEET No. 456-W	TITLE OF SHEET Schedule No. 1 General Meter Service	CANCELING CPUC SHEET No. 425-W		
457-W	Schedule F, Facilities Fees	363-W		
458-W	Table of Contents	455-W		

The present rates of PAWW became effective on June 11, 2019, through Advice Letter No. 86-A, in which the Commission approved the General Rate Case rates in compliance with Resolution W-5195.

These tariffs are submitted pursuant to Ordering Paragraph No. 1 of Decision No. 92-03-093, dated March 31, 1992, Ordering Paragraph No. 2 of Resolution (Res) W-4493, dated September 2, 2004, or Ordering Paragraph No. 1 of Res. W-4540, dated June 16, 2005. The decision and Resolutions authorize Class B, C and D water utilities and sewer utilities to file a request for a Consumer Price Index increase once a year by Advice Letter. The increased cost is to be passed on to the utility's customers in their quantity rate as well as service charge rates. The above referenced decisions and resolutions authorize PAWW to file the attached rate schedules and to concurrently withdraw and cancel its present schedules for such service.

PAWW respectfully requests permission to increase the present monthly rates by \$5,550 or 1.4% for year 2020. Work papers justifying this rate increase have been provided to the CPUC Division of Water and Audits staff.

This filing is made under the provisions of General Order No. 96-B.

This filing will not cause withdrawal of service nor conflict with any other schedule or rule.

Requested Effective Date

Advice Letter No. 93 is a Tier 1 advice letter. PAWW respectfully requests that Advice Letter No. 93 have an approval date of May 10, 2021.

Notice

In compliance with Section 4.3 of General Order No. 96-B, a copy of this advice letter has been mailed to all parties listed on the enclosed service list. In conformance with Ordering Paragraph No. 3 of Resolution No. W-4664, PAWW will provide notice to its customers of the increase in dollar and percentage terms with the first bill that includes the increase.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd Floor California Public Utilities Commission 505 Van Ness Avenue San Francisco, CA 94102 E-Mail: water division@epuc.ca.gov

On the same day the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail or e-mail to us, addressed to:
