**Advice Letter No. 2454**

**CALIFORNIA WATER SERVICE COMPANY (U 60 W)**

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) hereby respectfully requests authority to make changes to the tariff schedules listed in **Attachment 1** for the Bay Area Region, Bear Gulch, Dominguez, and Los Altos tariff areas. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

**Summary**

This filing proposes revenue increases to reflect the higher costs associated with purchased water and pump taxes in ratemaking areas detailed below. Cal Water requests an effective date of August 1, 2022, for this Tier 1 advice letter.

District	Revenue Increase (in \$)	Revenue Increase (in %)
Bay Area Region	\$5,543,356	5.8%
Bear Gulch	\$3,396,126	5.5%
Dominguez	\$782,984	1.0%
Los Altos	\$2,995,921	6.4%

**Discussion**

The basis for the revenue increases in the table above is described for each ratemaking area below.

**Bay Area Region:**

Purchased water for the Bayshore District within the Bay Area Region is obtained from the San Francisco Water, Power, and Sewer (also known as the San Francisco Public Utilities Commission, or SFPUC). Effective July 1, 2022, SFPUC will increase its water rates from \$4.10/CCF to \$4.75/CCF.

**Bear Gulch:**

Purchased water for the Bear Gulch District is obtained from the San Francisco Water, Power, and Sewer (also known as the San Francisco Public Utilities Commission, or SFPUC). Effective July 1, 2022, SFPUC will increase its water rates from \$4.10/CCF to \$4.75/CCF.

**CALIFORNIA WATER SERVICE COMPANY**

Dominguez:

Purchased water for the Dominguez District is obtained from the West Basin Municipal Water District (West Basin). Effective July 1, 2022, West Basin will increase its potable water rates by \$12/AF, and its recycled water rates by \$45/AF for each recycled water source in accordance with its source type. In addition, Water Replenishment District of Southern California increased its pump tax rate from \$394 per acre foot to \$411 per acre foot, effective July 1, 2022.

Los Altos:

Purchased water for the Los Altos District is obtained from the Santa Clara Valley Water District (Valley Water) and San Jose Water Company (SJWC). Pump taxes are also paid to Valley Water. Effective July 1, 2022, Valley Water increased its rates for contract water from \$1,614 to \$1,839 an acre-foot and non-contract water from \$1,699 to \$1,924 an acre-foot. The unit costs per CCF for SJWC increased from \$5.0660 to \$5.4453. Additional surcharges and credits related to the SJWC bill are detailed in the “Offset work papers.” Additionally, Valley Water increased its groundwater pump tax rate from \$1,499 per acre-foot to \$1,724 per acre-foot.

Allocation of Revenue Increase:

The rates calculated in this advice letter therefore apply the requested revenue increases between the quantity rates and the services charges to maintain the correct proportions. Because the costs of purchased water and groundwater replenishment include variable and fixed charges in nature, in the Settlement Agreement adopted in D.20-12-007 Cal Water and Cal Advocates agreed that revenue increases would be reflected in both the quantity rates and service charges of Cal Water customers. This is intended to maintain each ratemaking area’s revenue allocation between quantity rate revenue and service charge revenue at the agreed-upon percentage. Corresponding changes are also made to the WRAM/MCBA mechanism adopted in D.08-02-036.

Typical Residential Bill Impact:

The table below shows the monthly bill impact of these increases for the typical residential customer (based on median 2020 usage). The typical bill increases are based on incremental changes in rates calculated for purchased water and pump tax offset revenue increases only.

District	Recorded Usage (2020 - Median in CCF)	Typical Bill at Current Rates	Typical Bill with PWO Incremental changes	Increase (in \$s)	Increase (in %)
Bay Area Region	7	\$65.29	\$69.16	\$3.87	5.9%
BAR - Coast Springs	2	\$34.40	\$36.43	\$2.03	5.9%
Bear Gulch	11	\$101.18	\$106.79	\$5.61	5.5%
Dominguez	9	\$53.42	\$53.98	\$0.56	1.0%
Los Altos	13	\$94.13	\$100.24	\$6.11	6.5%

### **Requested Effective Date**

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664, this is a Tier 1 advice letter. Cal Water requests that the rates proposed in this advice letter become effective on **August 1, 2022**.

### **Notice**

*Customer Notice* – A legal notice of this advice letter is being published in a newspaper of local circulation consistent with GO 96-B, Water Industry Rule 3.1. A copy of the order for newspaper publication, and verification from an officer of the utility that the advice letter has been properly and timely noticed, are attached.

*Service List* – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted electronically on **June 29, 2022**, to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

### **Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing and must be received by the Water Division within 20 days of the date this advice letter is filed. Please submit the response or protest by email or mail to:

4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
  
5. **Capacity Surcharge for RDV-Coast Springs:** A capacity surcharge of \$20.00 per CCF will apply to monthly usage at and above 5 CCF. (T)
  
6. **Safe Drinking Water Surcharges:** The SDWBA (Safe Drinking Water Bond Act) and SDWSRF (Safe Drinking Water State Revolving Fund) surcharges are in addition to the water bill. This surcharge must be identified on each bill. The surcharge is specifically for the repayment of the loan authorized by the decision indicated below for each area: **Coast Springs** (D.06-04-031) and **Lucerne** (D.89-09-002). (T)

SPECIAL CONDITIONS (continued)

**10. Opening Bill for Metered Service in RWV-Unified: Armstrong, Noel Heights, and Rancho Del Paradiso (not Hawkins)**

The opening bill for metered service, except from conversion from flat rate service, shall be the established annual service charge for the service. Where initial service is established after the first day of any year, the portion of such annual charge applicable to the current year shall be determined by multiplying the annual charge by one three-hundred-sixty-fifth (1/365) of the number of days remaining in the year. The balance of the payment of the initial annual charge shall be credited against the charges for the succeeding annual period. If service is not continued for at least one year after the period of initial service, no refund of the initial annual charges shall be due the customer.

**11. New Service in RWV-Coast Springs**

Applicants requesting water service that would cause the Coast Springs water system to exceed 250 service connections, or such higher number of connections as DHS may subsequently allow under Coast Springs water system’s domestic water supply permit, will be placed on a waiting list. Once additional service connections become available, applicants on the waiting list will be notified in the order they were received. Any previously accepted application for water service in the Coast Springs water system will be revoked if proof of a valid building permit is not provided within 18 months of acceptance of the application for water service or March 17, 2003, whichever is later. Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

**12. Exemption for Saint Anthony's Monastery in RWV-Coast Springs**

Two residential water connections are reserved for the property formerly owned by Cynthia Christopher and Geronima Belen and subsequently sold to the Saint Anthony’s Monastery. Those two reserved connections are exempt from the requirement to provide a building permit within 18 months or be dropped from the approved service connections list.

**13. Water Expense Increase:** Beginning on August 1, 2022 rates in this area will reflect a 5.8% revenue increase (as compared to the revenue approved in Advice Letter 2443) due to higher surcharges imposed by the Bay Area Water Supply and Conservation Agency and collected by San Francisco Public Utilities Commission.

SPECIAL CONDITIONS (continued)

- 2. All bills are subject to the following tariff schedules: **Schedule UF** (CPUC reimbursement fee) and applicable surcharges and surcredits on **Schedule RSF** (Rate Support Fund), **Schedule CAP** (Customer Assistance Program), and **Schedule AS** (Additional Surcharges and Surcredits).
  
- 3. **Fire sprinkler rates:** A single-family residence with a meter size that has a “fire sprinkler” rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the “fire sprinkler” rate. The Company may seek verification that the above criteria are met. This service will be considered a general metered service, and not a fire service, so the rules and conditions for general metered service shall apply.
  
- 4. **Water Expense Increase:** Beginning on August 1, 2022 rates in this area will reflect a 5.5% revenue increase (as compared to the revenue approved in Advice Letter 2437) due to higher surcharges imposed by the Bay Area Water Supply and Conservation Agency and collected by San Francisco Public Utilities Commission. This caused quantity rates to go up by the following amounts: \$0.3599 /CCF for Tier 1 usage, \$0.4498 / CCF for Tier 2 usage, and \$0.6748 / CCF for Tier 3 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code, and will be trued up at a later time. Monthly service charges also went up, with the charge for a 5/8 x 3/4-inch meter increasing by \$1.66

Bay Area Region  
NOTICE OF PROPOSED  
RATE CHANGE BEFORE  
THE CALIFORNIA PUBLIC  
UTILITIES COMMISSION  
(CPUC)

Beginning August 1, 2022, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the San Francisco Public Utilities Commission (SFPUUC). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around June 29, 2022, Cal Water will file Advice Letter 2454 to request authority to increase its annual revenue in the Bay Area Region by \$5,543,356, or 5.8%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on August 1, 2022. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$3.87, or 5.9%.

A copy of Advice Letter 2454 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), formerly, low-income ratepayer assistance program (LIRA), water conserving appliance rebates, and other conserva-

tion programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by July 19, 2022, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsrates@calwater.com](mailto:cwsrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

Bay Area Region  
NOTICE OF PROPOSED  
RATE CHANGE BEFORE  
THE CALIFORNIA PUBLIC  
UTILITIES COMMISSION  
(CPUC)

Beginning August 1, 2022, the water bills of California Water Service (Cal Water) customers in the Bay Area Region will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the San Francisco Public Utilities Commission (SFPUC). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around June 29, 2022, Cal Water will file Advice Letter 2454 to request authority to increase its annual revenue in the Bay Area Region by \$5,543,356 or 5.8%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on August 1, 2022. With the increase, a typical monthly bill for a Bay Area Region residential customer with a 5/8" x 3/4" meter who uses 7 CCF of water (which is 700 cubic feet, or approximately 5,236 gallons) per month will increase by \$3.87, or 5.9%. A copy of Advice Letter 2454 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (for Bayshore - please select the Bayshore (Bay Area Region) district from the drop-down menu or for Redwood Valley - please select the Redwood Valley (Bay Area Region) district from the drop-down menu), and may also be obtained from the company's Bayshore district local office by calling (650) 558-7800 or Redwood Valley district local office by calling (707) 274-6624. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), (formerly, low-income ratepayer assistance program (LIRA)), water

conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

**Protests and Responses.** Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by July 19, 2022, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov) or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102) and to Cal Water (by email to [cwsmrates@calwater.com](mailto:cwsmrates@calwater.com) or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112). #### Bear Gulch NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning August 1, 2022, the water bills of California Water Service (Cal Water) customers in the Bear Gulch District will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the San Francisco Public Utilities Commission (SFPUC). The California Public Utilities Commission (CPUC), the state agency that regulates Cal Water, has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around June 29, 2022, Cal Water will file Advice Letter 2454 to request authority to increase its annual revenue in the Bear Gulch District by \$3,396,126, or 5.5%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on August 1, 2022. With the increase, a typical monthly bill for a Bear Gulch residential customer with a 5/8" x 3/4" meter who uses 11 CCF of water (which is 1,100 cubic feet, or approximately 8,228 gallons) per month will increase by \$5.61, or 5.5%.

A copy of Advice Letter 2454 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Bear Gulch District from the drop-down menu) and may also be obtained from the company's local office by calling (650) 561-9709. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

#### Dominguez NOTICE OF PROPOSED RATE CHANGE BEFORE THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)

Beginning August 1, 2022, the water bills of California Water Service (Cal Water) customers in the Dominguez District will reflect a pass-through of higher wholesale water charges by the West Basin Municipal Water District, and higher groundwater replenishment charges from the Water Replenishment District of Southern California. The California Public Utilities Commission (CPUC) has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around June 29, 2022, Cal Water will file Advice Letter 2454 to request authority to increase its annual revenue in the Dominguez District by \$782,984, or 1.0%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on August 1, 2022. With the increase, a typical monthly bill for a Dominguez residential customer with a 5/8" x 3/4" meter who uses 9 CCF of water (which is 900 cubic feet, or approximately 6,732 gallons) per month will increase by \$0.56, or 1%.

A copy of Advice Letter 2454 will be available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Rancho Dominguez from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a customer assistance program (CAP, formerly the low-income ratepayer assistance program or LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide

citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by July 19, 2022, the end of the comment period. Los Altos  
NOTICE OF PROPOSED RATE CHANGE  
BEFORE THE CALIFORNIA PUBLIC  
UTILITIES COMMISSION (CPUC)

Beginning August 1, 2022, the water bills of California Water Service (Cal Water) customers in the Los Altos District will reflect a pass-through of higher wholesale water charges and higher groundwater replenishment charges by the Santa Clara Valley Water District. The California Public Utilities Commission (CPUC) has determined that expenses for wholesale water are not under the company's control, and that a pass-through of those costs to customers is just and reasonable if properly calculated.

On or around June 29, 2022, Cal Water will file Advice Letter 2454 to request authority to increase its annual revenue by \$2,995,921, or 6.4%. Pending the CPUC's review of Cal Water's calculations, the increase will be effective on August 1, 2022. With the increase, a typical monthly bill for a Los Altos residential customer with a 5/8" x 3/4" meter who uses 13 CCF (which is 1,300 cubic feet or 9,725 gallons) of water per month will increase by \$6.11, or 6.5%.

A copy of Advice Letter 2454 is available on the internet at <https://www.calwater.com/rates-advice-letters/> (please select the Los Altos from the drop-down menu), and may also be obtained from the company's local offices by calling (650) 917-0152. You may also contact the company's headquarters by mailing the Rates Department at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200 and asking for the Rates Department.

Cal Water offers many programs to help you manage your water bill including a Customer Assistance Program (CAP), formerly, low-income ratepayer assistance program (LIRA), water conserving appliance rebates, and other conservation programs. Please visit our website at [www.calwater.com](http://www.calwater.com) to take advantage of these opportunities.

Protests and Responses. Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the Commission in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow Commission staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material errors or omissions.
4. The relief requested in the filing is pending before the Commission in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission).

A response or protest must be made in writing and received by the Commission's Water Division by July 19, 2022, the end of the comment period. The response or protest should be sent to the CPUC (by email to [water.division@cpuc.ca.gov](mailto:water.division@cpuc.ca.gov), or by mail to the Tariff Unit, Water Division, 3<sup>rd</sup> Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA

94102) and to Cal Water (by email to [cwsmrates@calwater.com](mailto:cwsmrates@calwater.com), or by mail to the Rates Department, California Water Service Company, 1720 N. 1<sup>st</sup> Street, San Jose, CA 95112).

**DECLARATION OF GREG A. MILLEMAN**  
**REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER**

I, Greg A. Milleman, declare and state:

1. I am the Vice President, Rates and Regulatory Affairs, of California Water Service Company (U 60 W) ("Cal Water").
2. Cal Water is filing Advice Letter 2454 on June 29, 2022 requesting a revenue increase in the Bay Area Region, Bear Gulch, Dominguez, and Los Altos districts to reflect increases in purchased water and pump tax costs.
3. Customer notices of the filing of this advice letter are being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication orders that identifies the name of the publication, the date of publication, and a copy of the notice itself.
4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's") General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.
5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.
6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on June 27, 2022, in San Jose, California.
