To the California Public Utilities Commission:

Summary

Cal Water submits this advice letter to update the service area map of the Coast Springs System (Bay Area Region) by transferring one customer to Estero Mutual Water Company.

Discussion

The service area map submitted in this advice letter is an adjustment only. Cal Water is not asking to provide water to new extensions of the current approved service area. The Water Supply and Certification Questionnaires (WSQs) are not necessary for this filing.

Cal Water seeks approval for the release of property referred to as “Parcel K” (APNs 100-300-02 and 100-300-07) in Cal Water’s Coast Springs area to allow service by Estero Mutual Water Company (“EMWC”). The attached service area map reflects the removal of Parcel K.

While this advice letter is not for service extensions within the meaning of General Order 96-B, Water Industry Rule 7.3.2(8), which specifies Tier 2 advice letter treatment, Cal Water nevertheless submits this as a Tier 2 advice letter.

Requested Effective Date

Cal Water requests that the attached tariffs in this Tier 2 advice letter become effective on **August 17, 2022.**

Notice

Customer Notice: Customer notice of this advice letter is not required.

Service List: In accordance with General Order 96-B, General Rules 4.3 and 7.2, and Water Industry Rule 4.1, a copy of this advice letter will be transmitted **electronically** on **July 18, 2022**, to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water.division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200 and ask for the Rates Department.
