Advice Letter No. 2463

CALIFORNIA WATER SERVICE COMPANY (U 60 W)

To The Public Utilities Commission of the State of California:

California Water Service Company (“Cal Water”) respectfully submits this Tier 2 advice letter requesting approval for the acquisition of Kings Mountain Park Mutual Water Company by Cal Water, and for authority to make the changes to the below tariff sheets applicable to its Bear Gulch ratemaking area. ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Summary

Cal Water requests approval to implement the acquisition of Kings Mountain Park Mutual Water Company (Kings Mountain), located near Cal Water’s Bear Gulch facilities. Cal Water requests under Water Industry Rule 7.3.2 (8) that its service area be expanded to encompass the existing boundary of Kings Mountain. Cal Water also requests under Water Industry Rule 7.3.2 (1) that the Commission adopt Cal Water’s currently adopted Bear Gulch District tariff rates for Kings Mountain.

Background

Cal Water and Kings Mountain have signed an agreement for Cal Water to purchase its water system, subject to Commission and other regulatory approvals. Kings Mountain is a small mutual water system that serves approximately 23 connections in unincorporated San Mateo County. Kings Mountain, founded in 1953, is a rural residential system. It is adjacent to Cal Water’s Bear Gulch system and can be found along Swett Road, Star Hill Road, and Tunitas Creek Road.

Discussion

Since Cal Water's Bear Gulch District and Kings Mountain are physically contiguous, the spacing is well within the 2,000 foot maximum allowed by General Order 96-B, Water Industry Rule 8.1, to be considered appropriate to an advice letter filing. In accordance with General Order 96-B, Water Industry Rule 7.3.2 paragraph (1), (8), and (9), this filing is considered a Tier 2 Advice Letter that may be approved by Commission staff.

Small System Acquisitions

Cal Water will acquire Kings Mountain's distribution system, wells, tanks, pumps, reservoirs, water diversion points and associated water rights, reservoir, and water treatment plant. The agreement calls for a purchase price of \$1 for the water system assets. Cal Water is not requesting a premium over existing Kings Mountain rate base but is asking the Commission to adopt Cal Water's currently adopted Bear Gulch District tariff rates for Kings Mountain.

The Commission has previously recognized the benefits of small water system acquisitions. Per Resolution W-5080 approving California American Water's acquisition of Adams Ranch Mutual Water Company,

The State of California and the Commission encourage mergers of water systems especially when small systems can no longer economically provide adequate and safe water supplies. In Resolution No. 2008-0048 the State Water Resources Control Board noted that small or disadvantaged communities cannot "provide the economies of scale necessary to build and maintain adequate water and wastewater systems."

In addition to the above, there are a number of acquisition benefits for Kings Mountain customers and current Bear Gulch customers. By adopting the Bear Gulch District tariff rates upon approval of the Advice Letter and closing of the transaction, the average Kings Mountain customer will see a bill decrease from their current rate structure. For the average Kings Mountain customer that uses 7 ccf of water (based on 2019-2020 sales), their bill decreases from \$180.50 to \$83.04¹ based on the current Bear Gulch tariff. Cal Water also has the operating experience and resources to provide safe and reliable drinking water. Kings Mountain has relied primarily on volunteer community labor to operate the system. With the transition to Cal Water, customers will benefit from Cal Water's website and online services such as online payment and paperless billing, and will have access to full time customer service representatives to handle issues. Additionally, Kings Mountain customers who qualify will have access to Cal Water's Customer Assistance Program (formerly the Low-Income Ratepayer Assistance program) for service charge discounts. Customers will also be able to utilize Cal Water's conservation programs.

Furthermore, there are opportunities to physically consolidate the systems to address deficiencies

¹ In order to provide a consistent comparison, excludes current temporary surcharges and credits because it is unknown what surcharges and credits will be in effect for 2023.

and improve reliability for both parties since they are adjacent. Kings Mountain already purchases water from Bear Gulch through an emergency interconnect. There are some Cal Water customers in the former Skyline County system which have pressure over 150 psi. These customers could be moved to the lower pressure zone from the Kings Mountain tank site. Cal Water could also build a new tank on this site which would create additional emergency and fire storage for all customers in the area. With tie-ins on both sides of the Kings Mountain System, the southern portions of the Bear Gulch District's Skyline System could be supplied water through the Kings Mountain System.

The surface water sources in Kings Mountain also represent a valuable resource both to meet annual demand in the Peninsula and to provide emergency local supplies. These sources are not currently operated but could potentially reduce purchased water supplied from a San Francisco Public Utilities (SFPUC) connection, although further study will be needed. In lieu of a Water Supply Questionnaire, Cal Water refers to pages 70-73 of its Bear Gulch Urban Water Management Plan to demonstrate that it has an adequate water supply. Cal Water will evaluate the use of the Kings Mountain sources as part of the supply mix for the Bear Gulch District and determine if they can be brought back on line in a cost effective manner; if so, future projects and operational changes will be included in later GRC filings. The transaction would also incur estimated one-time, non-recurring fees of approximately \$17,500 for escrow company closing costs and legal costs associated with preparing and following the closing checklist.

For administrative efficiency, Cal Water proposes to have any capital and expense changes as a result of the acquisition be incorporated into a future GRC revenue requirement for review at that time. Accordingly, Cal Water proposes no changes to the revenue requirement for 2022. Therefore, Cal Water is not asking for an immediate rate change associated with the approval of this advice letter.

Timing

- Cal Water proposes to incorporate the Kings Mountain customers at current Bear Gulch rates upon approval of the acquisition.
- As part of a future GRC process, Cal Water will propose changes reflecting the Kings Mountain acquisition so that all customers (Kings Mountain customers and existing Bear Gulch customers) receive the full benefits of the acquisition described above.

Service Area Map Modifications

When Cal Water filed for the Skylonda Mutual Acquisition in Advice Letter 2444, the areas served by other water systems, including Kings Mountain, were removed. Since that time, other small water systems have also been identified. The service area map submitted with this advice letter specifically identifies these other entities in order to exclude those areas and incorporate the Kings Mountain area being acquired.

Required Documentation

Cal Water complies with the data elements approved in D.20-08-047. Please reference the checklist in **Appendix A**.

Requested Effective Date

Cal Water requests an effective date of **December 5, 2022**.

Notice

Customer Notice: A notice has not been provided for Kings Mountain as mutual system customers are the system owners and have previously approved the transaction. Since there is no change in existing rates as a result of the transaction, no special notice is being provided to existing Bear Gulch customers under Water Industry Rule 3.1 of General Order 96-B.

Service List: In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rules 4.1 and 4.2, a copy of this advice letter will be transmitted electronically on **November 2, 2022**, to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that this advice letter will only be distributed electronically to the Water Division and the attached service lists.***

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received

CALIFORNIA WATER SERVICE COMPANY

Advice Letter 2463, Kings Mountain Park Mutual Water Company Acquisition

Page 6

by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water.division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to Cal Water at the following address:

Natalie Wales
California Water Service Company
1720 North First Street,
San Jose, California 95112
Fax 408/367-8430 or
E-mail cwsrates@calwater.com

Cities and counties requiring Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division within the 20-day protest period so a late-filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response. If you have not received a reply to your protest within 10 business days, contact California Water Service Company at (408) 367-8200, and ask for the Rates Department.

APPENDIX A

APPENDIX A
D.20-08-047 Minimum Data Requirements (MDRs)

Minimum Data Requirements		Response
1.	Estimate the potential monthly incremental cost impact on existing and acquired customers following the actual results of the Buyer's most recently authorized tariffs.	See Wkpr A for acquired customers. No change for existing customers.
1.a	If a Buyer has pending request before the Commission to change rates, it must also calculate the above using data as proposed in its pending request.	Wkpr A
2.	If the Buyer is seeking authority to increase the acquired system's rates to a certain level, please state the basis for the targeted rate and period of time for such targeted rate to be implemented.	N/A - no increase to rates
3.	Provide the annual depreciation expense using the proposed rate base of the acquired assets. If the exact depreciation expense is not available, provide the best estimate of the annual depreciation expense. Show how the depreciation expense is calculated.	N/A - rate base = \$1
4.	Provide an estimate of the annual revenue requirement of the system proposed to be acquired. Provide the assumptions for the annual revenue requirement, including expected rate of return, expected depreciation expense, O&M expenses, etc.	No separate revenue requirement is proposed for this acquisition
5.	Other than the revenue requirement data requested above, separately identify all other approved and/or intended impacts to customer bills (i.e., surcharges, passthrough fees, etc.).	Wkpr A
6.	Provide a listing of any entities that currently receive free service from the acquired utility.	None, to our knowledge
7.	If the acquired utility has increased rates in the last year, please state the date of the increase and provide a copy of the new rate schedule and the total annual revenues projected under the new rates.	None, to our knowledge
8.	Are there any leases, easements, and access to public rights-of-way that Buyer expects to be needed in order to provide service which will not be conveyed at closing? If yes, identify when the conveyance will take place and whether there are expected to be additional costs involved.	See Confidential Wkpr B_Kings Mtn APA
9.	Provide a breakdown of the estimated transaction and closing costs. Provide invoices to support any transaction and closing costs that have already been incurred.	See Advice Letter
10.	Describe known and anticipated general expense savings and efficiencies under Buyer's ownership. State the basis for assumptions used in developing these savings and efficiencies and provide all supporting documentation for the assumptions.	See Advice Letter
11.	Provide a copy of the Seller's request for proposals (if there was one) and any accompanying exhibits with respect to the proposed sale of the water system or water system assets.	None
12.	Provide a copy of the response to the request for proposals (if there was one) of the Buyer for the purchase of the acquired water system or water system assets.	None
13.	For each Utility Valuation Expert (UVE) providing testimony or exhibits, please provide the following:	N/A - rate base = \$1
13.a	A list of valuations of utility property performed by the UVE in the last two years;	N/A - rate base = \$1
13.b	A list of appraisals of utility property performed by the UVE in the last two years;	N/A - rate base = \$1
13.c	A list of all dockets in which the UVE submitted testimony to a public utility commission or regulatory authority related to the acquisition of utility property in the last two years; and	N/A - rate base = \$1

APPENDIX A
D.20-08-047 Minimum Data Requirements (MDRs)

Minimum Data Requirements		Response
13.d	An electronic copy of or electronic link to written testimony in which the UVE testified on public utility fair value acquisitions in the past two years.	N/A - rate base = \$1
14.	Explain each discount rate used in the appraisals and valuations, including explanations of the capital structure, cost of equity and cost of debt. State the basis for each input. Provide all sources, documentation, calculations and/or workpapers used in determining the inputs.	N/A - rate base = \$1
15.	Explain whether the appraisal/valuation used replacement cost or reproduction cost and why that methodology was chosen.	N/A - rate base = \$1
16.	Explain the basis for any comparable acquisitions used in the appraisal/valuation including the purchase price and number of customers for each comparable acquisition.	N/A - rate base = \$1
17.	Are there any outstanding compliance issues, including but not limited to water quality violations, that the Seller's system has pending with the Board's Division of Drinking Water? If yes, provide the following information:	See Confidential Wkpr B, Appendix A schedules 6.18 and 6.19
17.a	Identify the compliance issue(s);	N/A
17.b	Provide an estimated date of compliance;	N/A
17.c	Explain Buyer's anticipated or actual plan for remediation;	N/A
17.d	Provide Buyer's estimated costs for remediation; and,	N/A
17.e	Indicate whether the cost of remediation was or is anticipated to be factored into either or both fair market valuation appraisals offered in this proceeding.	N/A
18.	Are there any outstanding compliance issues that the Seller's system has pending with the US Environmental Protection Agency? If yes, provide the following information:	None, to our knowledge
18.a	Identify the compliance issue(s);	N/A
18.b	Provide an estimated date of compliance;	N/A
18.c	Explain Buyer's anticipated or actual plan for remediation;	N/A
18.d	Provide Buyer's estimated costs for remediation; and	N/A
18.e	Indicate whether the cost of remediation was or is anticipated to be factored into either or both fair market valuation appraisals offered in this proceeding.	N/A
19.	Provide copies of all notices of a proposed acquisition given to affected customers.	See Advice Letter
20.	Provide copies of all disclosures and customer notices required by Pub. Util. Code § 10061 related to the sale and disposal of utilities owned by municipal corporations.	N/A
21.	Describe other requests to be included in the application, including but not limited to requests for approval of:	See Advice Letter
21.a	Consulting, transition of service, water wholesaling, or other agreements;	None
21.b	Interim rate increases outside of a general rate case proceeding or other special rate treatment (e.g., CPI-U rate increases, or rate increases under Class C/D requirements);	None
21.c	Facilities construction;	None
21.d	Memorandum or Balancing Accounts.	None
22.	Identify the ratepayer benefits that accrue to current ratepayers of the system being acquired due to this transaction.	See Advice Letter
23.	Identify all actions the applicant has taken with governmental agencies related to obtaining required permits and/or approvals to effectuate the acquisition.	See Wkpr C
24.	Provide all workpapers that support the testimony for each of the witnesses that accompany the application, in native format where possible.	N/A

APPENDIX A
D.20-08-047 Minimum Data Requirements (MDRs)

Minimum Data Requirements		Response
25.	A list of recommended, proposed or required capital improvements to the acquired water system known at the time of the application, with cost estimates, if available;	See Wkpr E
26.	If applicable, supporting documentation for the designation of Disadvantaged Community; and	N/A
27.	If applicable, documents required by Pub. Util. Code Section 10061(c).	N/A

Agreed-upon data elements approved by D.99-10-064		Response
1.	A copy of the purchase agreement	See Confidential Wkpr B
2.	A copy of any appraisals conducted in the past five years;	None
3.	A forecast of the results of operation for (1) the acquiring utility, (2) the acquired utility, and (3) the combined operation;	See Wkpr D
4.	A list of all assets funded by the state or federal government and other contributions;	None, to our knowledge
5.	Assets funded by contributions; and	None, to our knowledge
6.	Indication of compliance orders for failures to meet drinking water standards	None, to our knowledge

Preliminary Statement A

A. TERRITORY SERVED BY THE UTILITY

The areas in which water service is or will be furnished by this Utility under its Water Main Extension Rule are delineated on the Service Area Maps of the following Districts:

<u>District</u>	<u>County</u>	<u>Principal Communities Served in Whole or in Part</u>	
Antelope Valley	Los Angeles & Kern	Lake Hughes, Leona Valley, Lancaster, and vicinities of Fremont Valley	
Bayshore	San Mateo	South San Francisco, San Mateo, San Carlos, and unincorporated areas	
Bear Gulch	San Mateo	Atherton, Menlo Park, Portola Valley, Woodside, Skyline, Skylonda, and Kings Mountain Service Areas	(N)
Bakersfield	Kern	Bakersfield	(N)(L)
Chico	Butte & Glenn	Chico and Hamilton City	
Dixon	Solano	Dixon	
Dominguez	Los Angeles	Carson, Los Angeles, Long Beach, Torrance	
East Los Angeles	Los Angeles	East Los Angeles and Commerce	
Grand Oaks	Los Angeles	Lancaster	
Hermosa-Redondo	Los Angeles	Hermosa Beach, Redondo Beach, Torrance	
Kern River Valley	Kern	Bodfish, Canyon Heights, Kernville, Lakeland Tracts, Mountain Shadows, Onyx, South Lake, Split Mountain, Squirrel Mountain, Wofford Heights	
King City	Monterey	King City	
Livermore	Alameda	Livermore, Crane Ridge Service Area

Schedule No. BG-1-R
Bear Gulch Tariff Area
RESIDENTIAL METERED SERVICE

APPLICABILITY

Applicable to all metered water service provided to single-family residential customers.

TERRITORY

The communities of Atherton, Menlo Park, Portola Valley, Woodside, and vicinity, San Mateo County.

The Skyline, Skylonda, and Kings Mountain service areas in San Mateo County.

(T)

RATES

1 CCF is 100 cubic feet (approximately 748 gallons)

Quantity Rates:

For 1 - 12 CCF, per CCF	\$6.8268
For 13 to 29 CCF, per CCF	\$8.5333
For over 29 CCF, per CCF	\$12.7994

Service Charge:

Per Meter Per Month

For	5/8 x 3/4 - inch meter	\$31.70
For	3/4 - inch meter	\$47.55
For	Fire Sprinkler with 1 - inch meter	\$32.65
For	1 - inch meter	\$79.25
For	1-1/2 - inch meter	\$158.50
For	2 - inch meter	\$253.60
For	3 - inch meter	\$475.50
For	4 - inch meter	\$792.50
For	6 - inch meter	\$1,585.00
For	8 - inch meter	\$2,536.00
For	10 - inch meter	\$3,645.50
For	12 - inch meter	\$5,230.50
For	14 - inch meter	\$7,132.50

The service charge is a readiness-to-serve charge which is applicable to all metered service and to which is added the charge for water used computed at the quantity rates.

SPECIAL CONDITIONS

1. Qualifying low-income individually metered residential customers are eligible for credits as shown on **Schedule CAP**.
