Revised No. 9029-W	Table of Contents Page 1	Revised No. 9024-W

Subject

This advice letter requests to amortize the combined balance in the Water Revenue Adjustment Mechanism (“WRAM”) balancing account and the Modified Cost Balancing Account (“MCBA”) for GSWC’s Region 2 Customer Service Area. This filing includes the 2021 WRAM&MCBA under collection of \$12,911,473 along with a residual under collection of \$7,280,511¹ from the previous WRAM&MCBA filings. The combined balance in this filing is an under collection of \$20,191,983 or 13.8% of the current adopted annual revenue.

¹ Net WRAM&MCBA residuals as of January 31, 2022.

This request is pursuant to Decision (“D.”) 12-04-048 authorizing GSWC to amortize its WRAM&MCBA account balances annually. D.12-04-048 Ordering Paragraph 5:

5. *Applicants must submit their annual requests for amortization of net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account balances by a Tier 1 Advice Letter on or before March 31st.*

Background

On August 25, 2008, the Commission issued D.08-08-030 authorizing the settlement agreements between GSWC and DRA on WRAM and Conservation Rate Design issues pursuant to Ordering Paragraph 1 from D.08-08-030:

The following settlement agreements are approved and adopted:

- *Golden State Water Company (GSWC)/Division of Ratepayer Advocates (DRA) on conservation rate design trial program and amendment to settlement except the interim rate design for Region I.*

The purpose and method of tracking WRAM and MCBA is outlined in the D.08-08-030 Settlement Agreement Section V. MECHANISMS FOR DECOUPLING SALES AND REVENUE:

- A. *The goals of the decoupling mechanisms in the Pilot Program are as follows:*
 1. *Sever the relationship between sales and revenue to remove any disincentive for GSWC to implement conservation rates and conservation programs.*
 2. *Ensure cost savings resulting from conservation are passed on to ratepayers.*
 3. *Reduce overall water consumption by GSWC ratepayers.*
- B. *Decoupling for GSWC will be accomplished through both of the following mechanisms:*
 1. *A Water Revenue Adjustment Mechanism (WRAM) for each ratemaking area.*
 2. *A Modified Cost Balancing Account (MCBA) for each ratemaking area. MCBA's will replace existing cost balancing accounts for purchased power, purchased water, and pump tax.*
 3. *In accordance with established Commission practice, the WRAM and MCBA accounts will accrue interest at the 90-day commercial paper rate.*

The Settlement Agreement Section VI. WATER REVENUE ADJUSTMENT MECHANISM (WRAM) states:

- B. The WRAM will track the differences between Adopted Revenue and Actual Revenue, excluding;*
- 1. Fire service revenue;*
 - 2. Unmetered Service revenue;*
 - 3. Other non-general metered service revenue*

Therefore, non-general² metered water services are excluded from the allocation of the net WRAM balance.

Per the Settlement Agreement Section VII. MODIFIED COST BALANCING ACCOUNT (MCBA), the activation of MCBA will replace current supply cost balancing accounts. Section VII.C states:

- C. An MCBA will replace each of the current balancing accounts, now referred to as Supply Cost Balancing Accounts:*
- 1. GSWC currently has a Supply Cost Balancing Account for purchased water, purchased power, and pump taxes.*
 - 2. The Supply Cost Balancing Account tracks cost changes attributable to changes in unit price, but not changes in the amount of consumption.*
 - 3. MCBAs track changes in price and quantity.*

The net MCBA balance is allocated to all Region 2 metered customers including non-general metered tariffs.

On April 30, 2012, the Commission issued D.12-04-048, which amongst other things, changed the amortization period of the Water Revenue Adjustment Mechanism. D.12-04-48 Ordering Paragraph 3:

- 3. We adopt the amortization schedule set forth in Appendix A with a cap on total net Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) surcharges of 10% of the last authorized revenue requirement. The cap shall be effective the first test year of each applicant's pending or next General Rate Case, as follows:*
 - Golden State and Park: Advice Letter filing on March 2014*
 - Cal Water: Advice Letter filings on March 2015*
 - Apple Valley: Advice Letter filing on March 2016*

² GSWC R2 non-general metered tariff schedule is ME-3

WRAM/MCBA account balances incurred prior to the first test year referenced above continue to be amortized under the adopted amortization schedule without being subject to surcharge cap.

D.12-04-048 Appendix A:

WRAM/MCBA under-collections as a % of the district's last authorized revenue requirement	Amortization Period		
	SP U-27-W Balancing Account Guidelines	Applicants' Proposal in Rebuttal Testimony	Decision
2% - 5%	12 months	12 months	Use Applicants' proposal with the following modification: A cap on total net WRAM/MCBA surcharges of 10% of the last authorized revenue requirement to be effective the first test year of each applicant's pending or next GRC, as follows: Golden State and Park – Advice Letter filings on March 2014 Cal Water – Advice Letter filings on March 2015 Apple Valley – Advice Letter filings on March 2016. WRAM/MCBA account balances incurred prior to the first test year above may continue to be amortized under applicant's proposal.
5% - 10%	24 months	18 months	
10% - 15%	36 months	19 to 36 months (10% per year as a guide with no cap)	
15% - 22.5%			
22.5% - 30%			
Over 30%		36 months	

Decision 12-04-048 also permits:

“applicants to include any under-amortized or over-amortized amounts from ongoing surcharges or surcredits in their annual Tier 1 Advice Letter submissions. Those ongoing surcharges or surcredits may run until the end of their originally intended amortization terms, provided that the ceiling on annual Advice Letter amortization, discussed earlier, is not exceeded.”³

³ Decision 12-04-048 at p.30

In regards to under or over collections, D.12-04-048 Conclusion of Law 7 states:

“It is reasonable to require that net WRAM&MCBA over-collections be amortized through a surcredit on a customer’s service charges and that all under-collections be amortized through a surcharge on the volumetric rate.”⁴

In Region 2, the net WRAM&MCBA balance is an under collection of \$20,191,983 or 13.8% of the current adopted annual revenue. Pursuant to D.12-04-048, the balance should be amortized over an 18-month period through a volumetric rate.

Request

The purpose of this filing is to amortize Region 2’s net WRAM&MCBA. The net WRAM&MCBA is an under collection of \$20,191,983 or 13.8% of current adopted annual revenue. GSWC is seeking a temporary surcharge of \$0.612 per Ccf for residential metered customers on Schedule No. ME-1-R and non-residential metered customers on Schedule No. ME-1-NR, and \$0.385 per Ccf for non-general metered customers on Schedule No. ME-3. The previous WRAM&MCBA surcharge approved through Advice Letter 1848-W will expire upon the effective date of the WRAM&MCBA surcharge from this filing. This temporary surcharge would be in effect for a 18-month period beginning on the effective date of this advice letter.

Any over or under collection resulting from the WRAM&MCBA surcharge or sur-credit will be included in subsequent filings of the WRAM&MCBA.

Tier designation

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

Effective date

GSWC is requesting that this filing become effective on April 1, 2022.

Notice

Customer Notice – Customer notice of Tier 1 advice letters is not required under General Order 96-B, General Rule 7.3.1. However, GSWC will be including a bill message to notify customer of the filing.

Service Lists – In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on February 24, 2022, to competing and adjacent utilities and other utilities or interested parties having requested such notification.

⁴ Decision 12-04-048 at p.40

Response or Protest

Anyone may submit a response or protest for this Advice Letter (“AL”). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

Water Division must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:

Water.Division@cpuc.ca.gov

Mailing Address:

CA Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to Water Division, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:
regulatoryaffairs@gswater.com

Mailing Address:
Golden State Water Company
Jon Pierotti
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform Water Division, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by Water Division within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/ Jon Pierotti
Regulatory Affairs Department

Schedule No. ME-1-NR
Metropolitan District
Non-Residential Metered Service

SPECIAL CONDITION

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
2. Pursuant to Decision 19-05-044 and Advice Letter No. 1842-W, a surcharge of \$0.121 per Ccf will be applied to all metered customer's bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account.
3. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology.
4. Non-residential Sprinkler rates can be added as needed utilizing the multiplication factors identified in Appendix F of D. 17-03-001, applied to the 5/8" meter charge. (D)
5. As authorized by the California Public Utilities Commission, an amount of \$0.612 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on April 1, 2022 as indicated in Advice Letter 1872-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under-collection in the WRAM&MCBA Balancing Account. (N)
|
(N)
6. Beginning August 16, 2019, as required by Section 792.5 of the Public Utilities Code, an increase in purchased power of \$0.01088/kWh, an increase in Purchased Water of \$0.18683/ Ccf and an increase in Pump Tax of \$.03841/Ccf, relative to the Purchased Power, Purchased Water and Pump Tax cost adopted by Decision No. 19-05-044, and an associated revenue increase of 1.62%, are being tracked in a reserve account.

VERIFICATION

I am Senior Vice President of Regulated Utilities, and an officer of, Golden State Water Company ("GSWC"), and am authorized to make this verification on its behalf with respect to the customer notification for **Advice Letter No. 1872-W**. GSWC intends to provide customer notification of **Advice Letter No. 1872-W** to affected customers by: (check all that apply)

- Bill Insert
- Bill Message
- Individual Notice by Mail
- Electronic Mail
- Legal Notices Published in a Local Newspaper of General Circulation
- Other (please explain) _____

GSWC will include a bill message on each of its customers' first bill generated after the rate change goes into effect to inform them of the rate change approved in **Advice Letter No. 1872-W**. Additionally, a copy of this advice letter and the bill message is posted on the Company's website. The foregoing statement is true of my own knowledge.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on this 24th day of February 2022, at San Dimas, California.
