Advice Letter No. 576

San Jose Water Company (U-168-W) (SJWC) hereby transmits for filing the following changes in tariff schedules applicable to its service area and which are attached hereto:

<u>Cal. P.U.C Sheet No.</u>	<u>Title of Sheet</u>	<u>Cancelling Cal. P.U.C. Sheet No.</u>
2170-W	Schedule CAP Customer Assistance Program	2111-W
2171-W	Form No. 23 – Notice and Application for the Customer Assistance Program	2112-W
2172-W	Form No. 23 – Notice and Application for the Customer Assistance Program	1513-W
2173-W	Table of Contents	2169-W
2174-W	Table of Contents (Continued)	2114-W

These tariffs are submitted pursuant to General Order No. 96-B, Water Industry Rule 7.3.1.(2). This advice letter is designated a Tier I Advice Letter in compliance with Order 96-B, Water Industry Rule 7.3.1.(2).

SJWC requests to replace its Water Rate Assistance Program (WRAP) name to Customer Assistance Program (CAP), as well as update the income guidelines limits.

These tariffs are submitted pursuant to GO No. 96-B and in accordance with Commission direction. This advice letter will have no impact on rates.

Background

Transition to “CAP”: On August 27, 2020, the Commission issued Decision 20-08-047 which requires SJWC to rename its current low-income water assistance program. Ordering Paragraph 4 states:

Water utilities with low-income programs shall describe their program in filings and public outreach with the name “Customer Assistance Program.” Water utilities may use the CAP acronym where appropriate.

SJWC’s low-income water assistance program, WRAP, will now be referred to as CAP. All tariffs and forms with reference to WRAP will now be changed to as CAP.

Income Guideline Update: SJWC’s CAP formally WRAP program automatically qualifies customers enrolled in PG&E’s California Alternate Rates for Energy Program (CARE).

Therefore, the income eligibility guidelines in SJW's program are the same as those in the CARE program. New income eligibility guidelines for the CARE program will become effective June 1, 2022. With this advice letter, SJWC requests the authorization to update its income eligibility guidelines for the period of June 1, 2022, through May 31, 2023, as shown below.

Household Size	Total Annual Gross Income	
	Current	Proposed
1-2 Persons	\$34,480	\$36,620
3 Persons	\$43,920	\$46,060
4 Persons	\$53,000	\$55,500
5 Persons	\$62,080	\$64,940
6 Persons	\$71,160	\$74,380
7 Persons	\$80,240	\$83,820
8 Persons	\$89,320	\$93,260
Each Additional	\$9,080	\$9,440

The updated guidelines are contained in the Commission memo from the Energy Division dated March 11, 2022 (Attachment A).

In compliance with Paragraph 4.3 of General Order 96-B, a copy of this advice letter has been emailed to all interested and affected parties as detailed in SJWC's Service List. Due to the pandemic, no hardcopies of this filing is being mailed.

Effective Date

SJWC requests that the updated tariff sheets be effective June 1, 2022.

Customer Assistance Program

PROGRAM DESCRIPTION

The California Public Utilities Commission has authorized San Jose Water (SJW) to implement a Customer Assistance Program (CAP), formerly known as Water Rate Assistance Program (WRAP). CAP is intended to lessen the effects of water rates on qualified participants. SJW's CAP provides a 15% discount on the total water bill for customers eligible for the program based upon the same income qualification guidelines that are used by PG&E's rate assistance CARE program.

SJW's program automatically qualifies customers enrolled in PG&E's rate assistance CARE program. All other customers can qualify by submitting the application stating that your household meets the income guidelines provided in this application, or that you or someone in your household is currently enrolled in one of the public assistance programs outlined in Section 2A of this application. Following enrollment, you may be required to provide proof of eligibility. The program also extends eligibility to customers in mobile homes behind master-meters.

In order to fund this program, SJW has implemented a monthly surcharge of \$1.45 per bill. The surcharge will be identified separately on the customer bill and be applied to all SJW customers who are not participants of the CAP program.

PROGRAM QUALIFICATIONS

To qualify for the CAP discount you must meet the following requirements:

- The San Jose Water bill must be in your name or you must be a sub-metered tenant in a mobile home park.
- You may not be claimed as a dependent on another person's tax return.
- You must reapply each time you move.
- You must notify San Jose Water within 30 days if you become ineligible for CAP.
- Your total gross annual income of all persons living in your household cannot exceed the limits below. Or, someone in your household must be enrolled in one of the public assistance programs in Section 2A.

Programa de asistencia al cliente

DESCRIPCIÓN DEL PROGRAMA

La Comisión de Servicios Públicos de California autorizó a San Jose Water (SJW) a implementar un Programa de Asistencia al Cliente (CAP), anteriormente conocido como Programa de Asistencia para la Tarifa del Agua (WRAP). El CAP está destinado a disminuir los efectos de las tarifas del agua en los participantes calificados. El CAP de SJW brinda un 15% de descuento en el total a pagar de la factura del agua para los clientes elegibles para el programa en función de las mismas pautas de calificación de ingresos que utiliza PG&E en su programa de descuento CARE.

El programa de SJW califica automáticamente a los clientes inscritos en el programa de descuentos CARE de PG&E. Todos los demás clientes pueden calificar presentando la solicitud que indica que su hogar cumple con las pautas de ingresos provistas en esta solicitud, o que usted o alguien en su hogar está actualmente inscrito en uno de los programas de asistencia pública descritos en la sección 2A de esta solicitud. Después de la inscripción, es posible que deba proporcionar una prueba de elegibilidad. El programa también extiende la elegibilidad a clientes en casas rodantes detrás de medidores maestros.

Con el fin de financiar este programa, SJW cobra un recargo mensual de \$1.45 por factura. El recargo aparecerá por separado en la factura del cliente y se aplicará a todos los clientes de SJW que no participen en el programa CAP.

CALIFICACIONES DEL PROGRAMA

Para calificar para el descuento CAP debe cumplir con los siguientes requisitos:

- La factura de San Jose Water debe estar a su nombre, o debe ser un inquilino en un parque de casas rodantes con submedidores.
- Usted no puede figurar como dependiente de otra persona en la declaración de impuestos de dicha persona.
- Debe presentar una solicitud nueva cada vez que se mude.
- Debe notificar a San Jose Water en un plazo de 30 días si ya no reúne los requisitos para el CAP.
- El total de los ingresos brutos anuales de todas las personas que viven en su hogar no puede exceder los siguientes límites. O alguien en su hogar debe estar inscrito en uno de los programas de asistencia pública en la sección 2A.

RE: Notice to update the income guidelines to Investor Owned and Small Multi-Jurisdictional Utilities providing services under the California Alternative Rates for Energy (CARE), Family Electric Rate Assistance (FERA) and Energy Savings Assistance (ESA) programs.

Dear representatives from Investor Owned and Small Multi-Jurisdictional Utilities,

Energy Division is issuing this notice to update the income guidelines for the CARE, FERA, and ESA Programs in compliance with Decision (D) 12-08-044.¹ The utilities are requested to file revised tariffs with the Energy Division reflecting the income levels specified below by May 1, 2022.

CARE and ESA Program Income Guideline Updates:

The 2022-2023 CARE and ESA Programs' income limits have been updated in compliance with Public Utilities ("P.U.") Code Section 739.1 (a) and 2790 (f)(g).² Federal Poverty Guideline values and corresponding household size are used to determine the revised annual CARE and ESA Programs' income

¹D.12-08-044. Ordering Paragraph 119.

²PU Code Section 739.1(a) states: *The commission shall continue a program of assistance to low-income electric and gas customers with annual household incomes that are no greater than 200 percent of the federal poverty guideline levels, the cost of which shall not be borne solely by any single class of customer.*

PU Code Section 2790 states: (f)(1) *For purposes of this section, "low-income customers" means persons and families whose household income is at or below 250 percent of the federal poverty level...* (g) *This section shall become operative on July 1, 2022.*

limits.³ In 2021, Senate Bill 756 updated P.U. Code Section 2790 by changing the income limits of ESA program eligibility from referencing P.U. Code 739.1 (which defined low-income as households with income no greater than 200 percent of the Federal Poverty Guidelines) to now establishing the ESA Programs' income limits at or below 250 percent of the Federal Poverty Guidelines beginning July 1, 2022.

The 2022-2023 income limits for CARE and ESA are provided below for household sizes of 1-8 persons.

Effective June 1, 2022 to May 31, 2023, CARE Programs' income limits are as follows:

Table 1: CARE Income Guidelines

Household Size	Income Eligibility Upper Limit *
1-2	\$36,620
3	\$46,060
4	\$55,500
5	\$64,940
6	\$74,380
7	\$83,820
8	\$93,260
Each Additional Person	\$9,440
*Upper Limit Calculation = 200% of Federal Poverty Guidelines	

Effective June 1, 2022 to June 30, 2022, ESA Programs' income limits are as follows:

Table 2: ESA Income Guidelines (June 2022)

Household Size	Income Eligibility Upper Limit *
1-2	\$36,620
3	\$46,060
4	\$55,500
5	\$64,940
6	\$74,380
7	\$83,820
8	\$93,260
Each Additional Person	\$9,440
*Upper Limit Calculation = 200% of Federal Poverty Guidelines	

Effective July 1, 2022 to May 31, 2023, ESA Programs' income limits are as follows:

Table 3: ESA Income Guidelines (July 2022 – May 2023)

Household Size	Income Eligibility Upper Limit *
1	\$33,975
2	\$45,775
3	\$57,575

³Household income limitations per the Federal Poverty Guidelines are used to determine whether a person or household qualifies for ESA or CARE. The California Public Utilities Commission transitioned to this approach because the methodology it used previously, pursuant to Resolution E-3524, which was adopted in February 1998, did not align with the requirements of P.U. Code Section 739.1 (b)(1).

4	\$69,375
5	\$81,175
6	\$92,975
7	\$104,775
8	\$116,575
Each Additional Person	\$11,800
*Upper Limit Calculation = 250% of Federal Poverty Guidelines	

Family Electric Rate Assistance (FERA) Program Income Guideline Updates:

The California Public Utilities Commission (CPUC) authorized FERA, also known as the Lower Middle Income Large Household Program, in D.04-02-057 on February 26, 2004. In that decision, the CPUC stated that the use of CARE procedures for annual income guideline updates are also reasonable for the FERA program.⁴ P.U. Code Section 739.1 (5)(e)(2) requires a single application form for CARE and FERA to enable applicants to apply for the appropriate assistance program based on their economic need. D.05-10-044, dated October 27, 2005, raised the *lower* income limits of the FERA program to 200%+\$1 of the Federal Poverty Guideline levels, which correspond to the *upper* limits of the CARE program.

Effective June 1, 2022 to May 31, 2023, FERA income limits are as follows:

Table 4: FERA Income Guidelines

Household Size	Income Eligibility Lower Limit *	Income Eligibility Upper Limit **
3	\$46,061	\$57,575
4	\$55,501	\$69,375
5	\$64,941	\$81,175
6	\$74,381	\$92,975
7	\$83,821	\$104,775
8	\$93,261	\$116,575
Each Additional Person	\$9,440	\$11,800
*Lower Limit Calculation = 200% of Federal Poverty Guidelines (CARE) + \$1		
** Upper Limit Calculation = 250% of Federal Poverty Guidelines ⁵		

Note: The income limits established herein are effective for all new FERA, CARE, and ESA Programs' enrollments as well as CARE post enrollment verifications, and re-certifications. The existing list of categorical eligible programs for IOU CARE enrollment is retained. The Director of the Energy Division will continue to communicate new income levels annually and require energy utilities to file revised tariffs effective June 1st of each year.

The utilities are requested to file revised tariffs with the Energy Division reflecting the income levels specified above by May 1, 2022. Only the revised tariff sheets are required to be filed, however, please ensure that all tariffs, internet sites and printed materials about the CARE, FERA and/or ESA programs

⁴D.04-02-057. Finding of Fact 22.

⁵D.04-02-057. Page 2.

display the current income eligibility guidelines and their effective dates, up through a household of eight, as shown in the above tables. All tariffs, internet sites and printed materials about the CARE program should also indicate that unacceptable energy usage levels could result in removal from the program.⁶

If you have any questions regarding this notice, please contact Gillian Weaver at (213) 266-4740 or by e-mail at gillian.weaver@cpuc.ca.gov.

Sincerely,

FOR

Pete Skala
