Suburban Water Systems (“Suburban”) hereby transmits for filing the following changes in its tariff schedules applicable to its service area and which are attached hereto:

1825-W	Schedule No. LIC-1, San Jose Hills and Whittier/La Mirada Service Areas, Low Income Credit	1754-W
1826-W	Table of Contents	1817-W

The purpose of this filing is to recover the difference between interim rates established by Advice Letter 350-W, effective January 1, 2021, and the final rates authorized in Decision (D.) 21-10-024.

Background

These tariffs are submitted as authorized by Administrative Law Judge’s Ruling dated December 11, 2020, Granting Interim Rates in Suburban’s Application (A.) 20-03-001, Ordering Paragraph No. 4:

“The interim rates shall be subject to refund and shall be adjusted upward or downward back to the interim rate effective date, consistent with the final rates adopted by the Commission”

Suburban filed Advice Letter 350-W on December 16, 2020 to establish the Interim Rates Memorandum Account, and to implement the interim rates increase at the rate of inflation as compared to the December 31, 2020 rates. Advice Letter 350-W was approved by Water Division on December 22, 2020 with an effective date of January 1, 2021.

Suburban has determined the difference between the rates authorized by D.21-10-024 compared to the interim rates authorized by ALJ's Ruling on December 11, 2020 for the period January 1, 2021 through December 31, 2021. The total revenue shortfall is then calculated using recorded customer and consumption information for period January 1, 2021 through December 31, 2021. Excluding Low Income Ratepayer Assistance (LIRA) Program of under-billed \$48,850 and LIRA credit of \$66,501, the total calculated revenue shortfall before interest related to the amortization over the two year period is \$6,724,0578 or 7% of Suburban's authorized revenue for Test Year 2021. The annual amortization on the interim rates true-up will be \$3,366,594 or 3.5% of Suburban's adopted water revenues for Test Year 2021.

Suburban is requesting to recover the twelve-month shortfall in revenue until the balance is fully amortized or approximately twenty four months. Other than the one-time LIRA Program surcharge and surcredit amortization, Suburban will amortize the balance in the 2021 Interim Rates Memorandum Account through estimated 24-month surcharges of \$0.226 and \$0.120 per 100 cubic feet water consumption applied to the quantity rates for San Jose Hills and Whittier/La Mirada Service Areas, respectively. An estimated 24-month surcharge of \$0.188 per 100 cubic feet water consumption applied to recycled water customers, a surcharge of \$0.90 for each inch of diameter of service connection for Private Fire Protection Service, and a monthly surcharge of \$1.29 for each 6-inch standard Fire Hydrant Service on Private Property.

Tier Designation and Effective Date

This is a Tier 1 filing – the advice letter is a compliance advice letter. Suburban requests processing by the Commission's Water Division so the surcharge/surcredit will become effective on February 12, 2022.

In compliance with General Order 96-B, Industry Rule 4.3, a copy of this advice letter has been mailed or electronically transmitted to all interested and affected parties as detailed in Attachment A.

Detail work papers supporting the derivation of the surcharge/surcredit have been provided to the CPUC – Water Division.

Protest and Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;

- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

Suburban Water Systems, Kiki Carlson, Regulatory Affairs Manager, 1325 N. Grand Ave., Suite 100, Covina, CA 91724-4044, and email kcarlson@swwc.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within 5 business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

Sincerely,

/s/Kiki Carlson
