ADVICE LETTER NO. 84

CALIFORNIA UTILITIES SERVICE, INC (U 418-S)

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

California Utilities Service, Inc. (CUS) hereby transmits for filing the following tariff schedules, which are attached hereto:

CPUC		CANCELING CPUC
SHEET NO.	TITLE OF SHEET	SHEET NO.
		22233
378-SS	Schedule No. 1, General Flat Rate Service	373-SS
379-SS	Schedule No. 2, Inclusion Fees	374-SS
380-SS	Table of Contents	377-88

The present rates of California Utilities Service, Inc. became effective on April 16, 2021, pursuant to Advice Letter No. 81, which adopted a CPI-U offset of \$25,780. The last general rate increase became effective on August 18, 2010 pursuant to Resolution No.W-4837, which authorized a general rate increase of \$723,777 or 88.4%, and a return based on a rate of margin of 21.7%.

These tariffs are submitted pursuant to Ordering Paragraph No. 1 of Decision No. 92-03-093, dated March 31, 1992, Ordering Paragraph No. 2 of Resolution W-4493, dated September 2, 2004, and Ordering Paragraph No. 1 of Resolution W-4540, dated June 16, 2005. This Decision and two Resolutions authorize Class B, Class C and Class D water and sewer utilities to file once each year by Advice Letter for an increase over the prior year's adopted revenue, based on the most recent year end increase in the Consumer Price Index (CPI). The increased cost is to be passed on to the utility's customers in their quantity as well as service charge rates. The above-referenced Decision and Resolutions authorize California Utilities Service, Inc. to file the attached rate schedules and to concurrently withdraw and cancel its present schedules for such service.

California Utilities Service, Inc. requests permission to increase its present monthly flat rates by \$130,703 or 7.0% annually, due to the 2021 CPI-U of 7.0% as authorized by the letter from Bruce DeBerry, Program Manager Water Division, dated February 1, 2022 and titled "Rate Adjustments due to CPI-U Increase for 2021." This increase of projected revenues will not

result in a rate of margin which exceeds the authorized rate of margin of 21.7%. Workpapers justifying this increase have been provided to the CPUC Water Division staff.

This filing is made under the provisions of General Order No. 96-B.

This filing will not cause withdrawal of service nor conflict with any other schedule or rule.

Requested Effective Date

This filing is a Tier 1 Advice Letter and may be effective the day it is filed, therefore, CUS respectfully requests that the effective date of this increase be April 23, 2022.

<u>Notice</u>

In compliance with Section 4.3 of General Order No. 96-B, a copy of this advice letter has been mailed to all parties listed on the enclosed service list. In conformance with Resolution W-4664, Ordering Paragraph 3, California Utilities Service, Inc. will provide notice to its customers of the increase in dollar and percentage terms with the first bill that includes the increase.

Protests and Responses:

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor California Public Utilities Commission 505 Van Ness Avenue San Francisco, CA 94102 water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy of the protest by mail or e-mail to us, addressed to:

California Utilities Service, Inc. 249 Williams Road Salinas, CA 93905 Fax: (831) 424-0611

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Division of Water and Audits within five business days after the end of the protest period, and shall be served on the same day to the person who filed the protest or response.
