Subject: 2023 Escalation Year - Region 2

PURPOSE

This advice letter submittal seeks to implement Escalation Year 2023 water rates, as authorized by the California Public Utilities Commission ("Commission"), for the Region 2 CSAs. GSWC's request is being made pursuant to Decision No. 23-06-024, dated June 29, 2023 for GSWC's General Rate Case Application (Application No. 20-07-012). Specifically, Ordering Paragraph No. 1 of Decision No. 23-06-024 states,

> *1. The Joint Motion of Golden State Water Company and the Public Advocates Office for the Adoption of a Settlement Agreement, filed November 23, 2021, is granted; and the Settlement Agreement attached to this decision as Appendix A is approved and adopted.*

Ordering Paragraph No. 6 states,

> *6. For escalation years 2023 and 2024, Golden State Water Company (GSW) must file Tier 1 advice letters in conformance with General Order 96-B proposing new revenue requirements and corresponding revised tariff schedules for each ratemaking area in this proceeding. The advice letters must follow the escalation procedures set forth in the Revised Rate Case Plan for Class A Water Utilities adopted in Decision 07-05-062 and must include supporting workpapers. GSW must file for rate reduction if the escalation procedures result in a rate reduction due to negative rate base growth, inflation factors, or customer growth. The revised tariffs shall be effective as of January 1, 2023, and January 1, 2024, respectively and apply to services rendered on and after their effective dates. The proposed revised revenue requirements and rates must be reviewed by the Commission's Water Division. The Water Division must inform the Commission if it finds that the revised rates do not conform to the Revised Rate Case Plan, this decision, or other Commission decisions, and if so, reject*

COMPLIANCE

GSWC is filing this advice letter to implement rates for Escalation Year 2023. GSWC is authorized to increase rates in its Region 2 CSAs by $7,642,994 or 4.71%. Accordingly, GSWC has computed the 2023 Escalation Year using the escalation methodology set forth in the Revised Rate Case Plan, the escalation factors as of May 2023 as published by the Public Advocates Office Energy Cost of Service Branch, and the May 2023 CPI-U.

RATE OF RETURN

The following summary lists the Recorded, Authorized, Adjusted Authorized, and Pro-forma rates of return in GSWC's Region 2 CSAs for twelve months ending September 2022. The pro forma rate of return is calculated in accordance with the escalation procedures set forth in the Revised Rate Case Plan for Class A Water Utilities adopted in Decision 07-05-062.

Recorded	**7.08%**
Pro forma	**7.96%**
Authorized	**7.91%**
Adjusted Authorized	**8.17%**

As shown above, the Pro-forma rate of return is higher than the Authorized rate of return. As such, GSWC adjusted its proposed 2023 water rate increase, accordingly.

Detailed workpapers supporting the proposed rate calculations are being supplied to the Commission Staff.

TEMPORARY SURCHARGES AND SURCREDITS

In compliance with D.23-06-024, GSWC will be implementing the temporary surcharges and surcredits, as shown in Appendix I in the Settlement Agreement, on the effective of the 2023 Escalation rates.

TIER DESIGNATION

This advice letter is submitted with a Tier 1 designation.

EFFECTIVE DATE

As directed, the effective date of these revised tariffs shall be July 31, 2023.

CUSTOMER NOTICE

This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. GSWC will include a bill message on each customer's bill after the increase goes into effect to inform its Region 2 customers of this rate increase.

RESPONSE OR PROTEST

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:	**Mailing Address:**
Water.Division@cpuc.ca.gov	CA Public Utilities Commission Division of Water and Audits 505 Van Ness Avenue San Francisco, CA 94102

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:	**Mailing Address:**
regulatoryaffairs@gswater.com	Golden State Water Company Ronald Moore 630 East Foothill Blvd. San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform WD, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

/s/ Ronald Moore

Schedule No. ME-1-NR
Metropolitan District
Non-Residential Metered Service

SPECIAL CONDITION

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.

2. Pursuant to Decision No. 23-06-024 a surcharge of $0.202 per Ccf will be applied to all metered customer's bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account. (I)

3. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology.

4. Non-residential Sprinkler rates can be added as needed utilizing the multiplication factors identified in Appendix F of D. 17-03-001, applied to the 5/8" meter charge.

5. As authorized by the California Public Utilities Commission, an amount of $0.402 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on July 31, 2023 as indicated in Advice Letter 1898-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under-collection in the WRAM&MCBA Balancing Account. (P) (P)

(D)

6. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.015 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the Tangible Property Regulation Collateral Consequences Memorandum Account as of September 30, 2020. (N)

7. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.0007 per Ccf is to be added to the quantity rate for a period of six months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the School Lead Testing Memorandum Account as of September 30, 2020.

8. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.00145 per Ccf is to be added to the quantity rate for a period of six months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the Emergency Consumer Protection Memorandum Account as of September 30, 2020. (N)

Applicable to all metered reclaimed water service used for irrigation or industrial use, except those covered under Schedule ME-1-R and ME-1-NR. (T)

TERRITORY

Portions of the Cities of Artesia, Bell, Bell Gardens, Carson, Cerritos, Compton, Cudahy, Culver City, Downey, El Segundo, Gardena, Hawaiian Gardens, Hawthorne, Huntington Park, Inglewood, Lakewood, La Mirada, Lawndale, Long Beach, Norwalk, Paramount, Santa Fe Springs, South Gate, and the communities of Athens, Lennox, and Moneta and vicinity, Los Angeles County, and portions of the City of Los Alamitos, Orange County.

RATES

Quantity Rates:	Per 1 CCF (100 cu. ft.)	Per 1 CGL (100 gal.)	
For all water delivered, per 100 cf or 748 gallons	$ 3.733	$ 0.4990	(I)

Service Charges:	Per Meter Per Month	
For 5/8 x 3/4-inch meter	$ 20.45	(I)
For 3/4-inch meter	$ 30.68	
For 1-inch meter	$ 51.13	
For 1-1/2 inch meter	$ 102.25	
For 2-inch meter	$ 163.60	
For 3-inch meter	$ 306.75	
For 4-inch meter	$ 511.25	
For 6-inch meter	$ 1,022.50	
For 8-inch meter	$ 1,636.00	
For 10-inch meter	$ 2,351.75	(I)

The Service Charge is a readiness-to-serve charge applicable to all metered service and to which is added the charge for water used computed at the Quantity Rate.

(Continued)

Schedule No. ME-3
Metropolitan District
Reclaimed Water Service

SPECIAL CONDITION

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF.

2. Pursuant to Decision No. 23-06-024 a surcharge of $0.202 per Ccf will be applied to all metered customers' bills excluding customers that are receiving the CAP credit. This surcharge will offset the CAP credits and CAP administrative program costs recorded in the CAP Balancing Account. (I)

3. As authorized by Rule 9.1.e. for customers with more than one meter on a single service line, the customer's service charge rate is based on a factor multiplied by the service charge applicable to the nearest standard meter size of the combined meters as determined by the equivalent diameter methodology. (D)

4. As authorized by the California Public Utilities Commission, an amount of $0.086 per Ccf based on an 18-month amortization period, is to be added to the Quantity Rate, beginning on July 31, 2023 as indicated in Advice Letter 1898-W. The surcharge may be recalibrated annually, if necessary. This surcharge will recover the under-collection in the MCBA Balancing Account. (P) (P)

(D)

5. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.015 per Ccf is to be added to the quantity rate for a period of 12-months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the Tangible Property Regulation Collateral Consequences Memorandum Account as of September 30, 2020. (N)

6. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.0007 per Ccf is to be added to the quantity rate for a period of six months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the School Lead Testing Memorandum Account as of September 30, 2020.

7. As authorized by the California Public Utilities Commission in D.23-06-024, an amount of $0.00145 per Ccf is to be added to the quantity rate for a period of six months, beginning on the effective date of Advice Letter No. 1901-W. The surcharge will amortize the cumulative balance recorded in the Emergency Consumer Protection Memorandum Account as of September 30, 2020. (N)

(Continued)

Schedule No. ME-3
Metropolitan District
Reclaimed Water Service

SPECIAL CONDITION

8. As authorized by the California Public Utilities Commission, a one-time credit in the amount listed below will be applied to customer bills on the effective date of Advice Letter 1901-W. This refund includes the over-collection in the 2018 Cost of Capital Memorandum Account. (N)

   The table below shows the refund for each meter size:

Meter Size	One-Time Credit
5/8" x 3/4"	$ 2.83
3/4"	$ 4.24
1"	$ 7.07
1-1/2"	$ 14.14
2"	$ 22.62
3"	$ 42.41
4"	$ 70.68
6"	$ 141.35
8"	$ 226.16
10"	$ 325.11

10. As authorized by the California Public Utilities Commission, a one-time credit in the amount listed below will be applied to customer bills on the effective date of Advice Letter 1901-W. This refund includes the over-collection in the General Ratemaking Area Balancing Account.

    The table below shows the refund for each meter size:

Meter Size	One-Time Credit
5/8" x 3/4"	$ 1.22
3/4"	$ 1.82
1"	$ 3.04
1-1/2"	$ 6.08
2"	$ 9.72
3"	$ 18.23
4"	$ 30.39
6"	$ 60.78
8"	$ 97.24
10"	$ 139.78

(N)

Schedule No. AA-4
All Districts
Private Fire Protection Service

APPLICABILITY

Applicable to all water service rendered for private fire protection purposes.

TERRITORY

Applicable within the Arden-Cordova, Barstow, Bay, Calipatria-Niland, Clearlake, Desert, Los Osos, Metropolitan, Orange County, Claremont, San Dimas, Santa Maria, San Gabriel Valley, Simi Valley, and Wrightwood Districts. (T)

RATES	Per Meter Per Month	
For each inch of diameter of service connection.....	$ 6.50	(I)

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth on Schedule No. UF. (L)

2. The customer will pay, without refund, the entire cost of the private fire service.

3. The private fire service facilities shall be installed by the utility or under the utility's direction and shall be the sole property and subject to the control of the utility, with the right to alter, repair, replace and the right to remove upon discontinuance of service.

4. The minimum diameter for the private fire service connections will be 2 inches. The maximum diameter shall not be larger than the diameter of the main to which the private fire service facilities are attached unless said main is circulating, in which case with the approval of the utility the maximum diameter may be larger by not more than 2 inches than the diameter of said circulating main.

5. If a water main of adequate size is not available adjacent to the premises to be served, then a new main from the nearest existing main of adequate size will be installed by the utility at the cost of the customer. Such cost shall not be subject to refund.

6. The private fire service facilities will include a detector check valve or other similar device acceptable to the utility which will indicate the use of water. The facilities may be located within the customer's premises, or within public right of way adjacent thereto. Where located within the premises, the utility and its duly authorized agents shall have the right to ingress to and egress from the premises for all purposes related to said facilities. In the event the installation is solely a private fire hydrant facility, the requirement for detector check valve or other similar device may be waived. (L)
(L)

(Continued)

Schedule No. AA-4
All Districts
Private Fire Protection Service

SPECIAL CONDITIONS

7. No structure shall be built over the private fire service facilities and the customer shall maintain and safeguard the area occupied by the private fire service facilities from traffic and other hazardous conditions. The customer will be responsible for any damage to the private fire service facilities whether resulting from the use or operation of appliances and facilities on customer's premises or otherwise. (L)

8. Subject to the approval of the utility, any change in the location or construction of the private fire service facilities as may be requested by public authority or the customer will be made by the utility following payment to the utility of the entire cost of such change. (L)

9. The customer's installation must be such as to separate effectively the private fire service facilities from that of the customer's regular domestic water service. Any unauthorized use of water from the private fire service facilities will be charged for at the applicable tariff rates and may be grounds for the utility's discontinuing private fire service without liability to the utility.

10. There shall be no cross connection between the systems supplied by water through the utility's private fire service facilities and any other source of supply without the specific approval of the utility. The specific approval, if given, will at least require at the customer's expense, a special double check valve installation or other backflow prevention device acceptable to the utility. Any unauthorized cross connection may be grounds for immediately discontinuing private fire service without liability to the utility.

11. The utility will supply only such water as such pressure as may be available from time to time as a result of its operation of the system. The customer shall indemnify the utility and save it harmless against any and all claims arising out of service under this schedule and shall further agree to make no claims against the utility for any loss or damage resulting from service under this schedule. Section 774 of the Public Utilities Code limits the liability of the utility resulting from a claim regarding adequacy of pressure of supply for fire protection service.

12. The customer shall be responsible for the periodic testing of any black flow prevention devices as required by public authority or the utility. Any repair or replacement of such devices or of any other facilities installed to provide private fire service shall be done at the customer's expense. Any refusal to comply with the above requirements may be grounds for the utility's discontinuing private fire service without liability to the utility.

(L)

Schedule No. LI
Customer Assistance Program (CAP)
Residential Single Family Accommodation

APPLICABILITY

Applicable to residential water service for domestic use rendered to low-income households where the customer meets all the Special Conditions of this rate schedule.

TERRITORY

Within all Customer Service Areas served by the Company.

RATES

Discount applied to the regular filed tariff in the applicable Customer Service Area.

CSA	Monthly CAP Credit Amount
Arden Cordova	$ 6.10
Arden Cordova (Flat)	$ 19.10
Bay Point	$ 18.11
Clearlake	$ 31.10
Los Osos	$ 30.09
Santa Maria	$ 11.10
Simi Valley	$ 13.10
