GSWC is seeking authorization to implement a temporary surcharge in its Bay Point, Clearlake, Los Osos, Santa Maria, Simi Valley, Region 2 and Region 3 CSAs to recover the revenue shortfall caused by the variance between interim rates (which were in place since January 1, 2022) and final rates implemented on July 31, 2023, via Advice Letter No. 1899-W through 1903-W. The final rates were adopted in Decision No. (D.) 23-06-024, dated June 29, 2023, for GSWC's General Rate Case Application No. 20-07-012.

D. 23-06-024 authorizes GSWC to file a Tier 1 advice letter to implement a surcharge to true-up the revenue difference between the interim rates and the authorized rates. Specifically, Ordering Paragraph No. 7 states,

> *"The surcharge to true-up the interim rates must comply with Standard Practice U-27-W. Golden State Water Company (GSW) shall file its tariff implementing the surcharge to true-up its interim rates by Tier 1 advice letter after GSW calculates the revenue difference between the interim rates and the authorized rates, but within 90 days after 2023 rates have been implemented. Because the effective date of this order is after the beginning of the 2023 escalation year, the surcharge shall include differences between interim rates and adopted rates through the effective date of the 2023 escalation year rates."*

D.23-06-024 is a delayed GRC decision. GSWC implemented the 2023 GRC rates effective July 31, 2023. In compliance with the above Ordering Paragraph No. 7, GSWC has calculated the difference between the interim rates and final rates for the period of January 1, 2022 through July 30, 2023.

As shown in the supporting work papers for each CSA, the total revenue shortfall, the amortization period and the respective temporary surcharges being requested are as follows:

CSA	Total Revenue Shortfall	Temporary Surcharge/Ccf	Amortization Period
Bay Point	$1,178,822	$0.565	36 months
Clearlake	$492,711	$1.232	36 months
Los Osos	$948,189	$1.199	36 months
Santa Maria	$627,029	$0.208	12 months
Simi Valley	$438,632	$0.177	12 months
Region 2	$29,954,051	$0.473	36 months
Region 3	$18,239,490	$0.264	36 months

GSWC will provided the Water Division and the Public Advocates Office with supporting work papers.

Effective Date

GSWC is requesting that this advice letter become effective on October 10, 2023.

Customer Notice

GSWC will include a bill message on the customer's first bill after the increase goes into effect to inform customers of this compliance rate surcharge increase.

6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.** The addresses for submitting a response or protest is:

Sincerely,

/s/ Gladys Estrada
