Revised No. 9448-W	Table of Contents, Page 1	Revised No. 9441-W

PURPOSE

This advice letter requests approval of the rate changes as a result of the Sales Reconciliation Mechanism ("SRM") adjustment in the Region 3 CSAs. GSWC has calculated the adjustment to the revenue requirement and production costs in accordance with the SRM guidelines

previously adopted in Decision No. ("D") 19-05-044, as described below, and as modified pursuant to D.23-06-024, GSWC's last General Rate Case.

In D. 19-05-044 and D.23-06-024, GSWC was granted authority to implement a SRM in ratemaking areas with a Water Revenue Adjustment Mechanism ("WRAM"). The SRM would adjust the WRAM-related sales volumes in escalation years, if recorded sales for the twelve months ending September before the escalation year vary by more than 5% from the adopted WRAM sales volume for that CSA. If the trigger is met, adopted WRAM-related sales volumes would be adjusted by 50% of the variance. For the Region 3 CSAs, GSWC calculated the recorded WRAM-related sales for the period of October 2022 through September 2023 and compared the amounts to the WRAM-related sales for 2023 adopted in D.23-06-024. The recorded sales were 14.2% lower than adopted sales, therefore, the SRM is triggered and GSWC is authorized to decrease its overall WRAM-related sales forecast for 2024 by 50% of the recorded sales variation, which is 7.1%, revise the revenue requirement solely to flow-through the change to purchased water and purchased power expenses associated with the sales forecast change, and calculate rates based on the adjusted sales.

DISCUSSION

The California Public Utilities Commission ("Commission") issued D.23-06-024, adopting the Settlement Agreement between GSWC and the Commission's Public Advocates Office in A.20-07-012. Ordering Paragraph No. 1 in D.23-06-024 state the following:

> *1.* The Joint Motion of Golden State Water Company and the Public Advocates Office for the Adoption of a Settlement Agreement, filed November 23, 2021, is granted; and the Settlement Agreement attached to this decision as Appendix A is approved and adopted.

Additionally, Section 4.4.2 - Special Request #3: Sales Reconciliation Mechanism of D.23-06-024, states, in part,

> GSW requested authority to rename its Sales Adjustment Mechanism as the Sales Reconciliation Mechanism and maintain the Sales Reconciliation Mechanism through this rate cycle. Cal Advocates proposed certain conditions be attached to the authorization, and GSW has agreed to abide by those conditions. GSW also agreed to abide by whatever Commission decision is in effect at the time of its next General Rate Case filing regarding the renamed Sales Reconciliation Mechanism.
>
> Given how advanced the rate cycle for this proceeding is and the fact that sales are a matter of record now for the Test Year, as are the increased rain and snow falls during the last quarter of 2023, this decision approves this request and the terms agreed to by the Settling Parties as reasonable in light of the record, consistent with the law and in the public interest.

SALES RECONCILIATION MECHANISM ("SRM")

The SRM, as adopted in D.23-06-024, is designed to trigger when actual WRAM-related sales vary from adopted WRAM-related sales by more than 5%. Current rates are to be recalculated incorporating a change in WRAM-related sales that is half of the total variation from adopted WRAM-related sales.

Since Region 3's recorded WRAM-related sales for the period October 2022 through September 2023 were 14.2% lower than the 2023 adopted WRAM-related sales, GSWC has calculated an adjusted 2024 revenue requirement that incorporates a change in production costs to reflect the change in forecasted sales volumes. As such, these are the new adopted revenue requirement, sales volumes and production costs. GSWC has attached the revised Adopted Supply Expense and Adopted Quantities for Region 3 to this advice letter as Attachment A and Attachment B, respectively.

The new rates included in the advice letter are the rates that are needed to recover the revised revenue requirement using the adjusted sales volumes. 1

COMPLIANCE

As noted above, the Region 3 SRM has been triggered, therefore, a sales adjustment, in accordance with the SRM guidelines, is required.

In compliance with the Settlement Agreement adopted in D. 23-06-024, GSWC is filing this Tier 1, stand-alone SRM advice letter, on the same date as the escalation review filing for the Region 3 CSAs. Both filings will have the same effective date of January 1, 2024.

The table below shows the Region 3 revenue requirement with the escalation (2024 adopted), the SRM adjustment, and the new adopted revenue requirement **.**

The table below shows the Region 3 revenue requirement without the escalation (last adopted), the SRM adjustment, and the new adopted revenue requirement.

CSA	2024 Adopted Revenues ($000)	SRM Adj. (000)	2024 Adopted Revenues with SRM ($000)	Change
Region 3	$163,309.9	-$3,078.1	$160,231.8	-1.9%

Supporting workpapers have been provided to the Water Division and the Public Advocates Office, detailing the adjustment and rate calculations.

1 The 2023 SRM rate adjustment reduces the 2023 Escalation rate increase, however, the overall impact of the 2023 Escalation rate increase and the SRM adjustment still results in an increase above the authorized 2022 rates.

EFFECTIVE DATE

As directed, the effective date of these revised tariffs shall be January 1, 2024.

NOTICE

This is a Tier 1 advice letter that does not require customer notification, as provided in Water Industry Rule 7.3.1 of General Order 96-B. GSWC will include a bill message on each customer's bill after the increase goes into effect to inform its Region 2 customers of this rate increase.

RESPONSE OR PROTEST

Anyone may submit a response or protest for this Advice Letter ("AL"). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:	**Mailing Address:**
Water.Division@cpuc.ca.gov	CA Public Utilities Commission Division of Water and Audits 505 Van Ness Avenue San Francisco, CA 94102

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:	**Mailing Address:**
regulatoryaffairs@gswater.com	Ronald Moore Golden State Water Company 630 East Foothill Blvd. San Dimas, CA 91773

Replies

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

If you have not received a reply to your protest within 10 business days, contact this person at (909) 394-3600 ext. 682.

Sincerely,

/s/ Ronald Moore
