PUBLIC UTILITIES COMMISSION
WATER DIVISION

December 28, 2023

Advice Letter No. 1935-W (133 W)

California Public Utilities Commission

Golden State Water Company ("GSWC") requests review and approval of the following tariff sheets applicable to its Region 3-Barstow Customer Service Area:

CPUC Sheet No.	Title of Sheet	Canceling CPUC Sheet No.
Revised No. 9523-W	Region 3 Barstow Tariff Area Map	Revised No. 8963-W
Revised No. 9524-W	Table of Contents Page 3	Revised No. 9292-W
Revised No. 9525-W	Table of Contents Page 1	Revised No. 9522-W

SUBJECT

GSWC requests approval of the proposed extension of its Barstow Customer Service Area to accommodate a request for water service to a contiguous parcel of land.

PURPOSE

The purpose of this filing is to update and extend the Barstow Water System map to include the Desert View Mobile Home Park ("Desert View"). Desert View is comprised of 26 mobile home slabs, one house and a laundry facility on 15.22 acres that is contiguous to GSWC's Barstow Water System service area. On August 2, 2023, the California Water Resources Control Board submitted an Application for Service with GSWC.

SERVICE AREA EXTENSION

The California Public Utilities Commission ("Commission" or "CPUC") Standard Practice U-14 requires that at least 30 days prior to providing service, the utility is to file a new service area map by advice letter and serve a copy of the advice letter on all entities on the service list, all affected landowners in the territory being acquired, the affected county Local Agency Formation Commission, the local fire protection agency and the local subdivision permitting agency. GSWC is sending copies of this advice letter to all of the aforementioned entities.

Pursuant to a letter from the CPUC's Water Division Director Fred Curry, dated July 20, 1998, entitled "Contiguous Extension of Service Area", GSWC has done the following in support of this advice letter:

1. Provided a statement in the advice letter confirming that a copy of the filing has been sent to the Local Agency Formation Commission;
2. Provided documentation to Water Division staff demonstrating that the project for which the service area is being extended has at least preliminary approval of the local permitting agency;
3. Provided documentation to Water Division staff from the local fire protection entity having jurisdiction that it is satisfied with the water supply capability of the system planned for the new area; and
4. A fully completed and executed water supply questionnaire.

A letter from the local Fire District and the fire flow modeling conducted by GSWC are also included within the supporting workpapers. Finally, a completed and executed Supplemental Water Supply Questionnaire ("WSQ") is part of the workpapers to support the service area extension. As shown in the WSQ (Section B(7)), the total water supply available is 35,901 gallons per minute ("gpm"). The required water supply including Desert View is 7,132. The remaining 28,769 gpm is excess (surplus water).

As stated above, Desert View is approximately 15.22 acres. There will an 8-in. main extension with fire hydrants and a 2 in. service meter connection.

TIER DESIGNATION

This advice letter has a Tier 2 designation. GSWC requests that this advice letter go into effect on January 27, 2024.

NOTICE AND SERVICE

Distribution of this advice letter is being made to the attached service list in accordance with Water Industry Rule 4.1 of General Order No. 96-B. No other parties have requested notification of tariff filings. Since this advice letter does not increase rates, or withdraw service, no other notice is required. In accordance with Water Industry Rule 3.3 of General Order 96-B, GSWC will also post this advice letter to its website.

RESPONSE OR PROTEST

Anyone may submit a response or protest for this Advice Letter (AL). When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding; or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

WD must receive a response or protest via email (**or** postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address:
water.division@cpuc.ca.gov

Mailing Address:
CA Public Utilities Commission
Water Division
505 Van Ness Avenue
San Francisco, CA 94102

On the same day the response or protest is submitted to WD, the respondent or protestant shall send a copy of the protest to Golden State Water Company at:

Email Address:
regulatoryaffairs@gswater.com

Mailing Address:
Golden State Water Company
Attn: Ronald Moore
630 East Foothill Blvd.
San Dimas, CA 91773

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform WD, within the 20-day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES

The utility shall reply to each protest and may reply to any response. Any reply must be received by WD within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Sincerely,

/s/ Ronald Moore
