INFORMATION-ONLY FILING
CONSERVATION DATA REPORT*

- Baseline average (from 2003-2007 or 10 year baseline if it includes 2003-2007 and only includes years prior to the adoption of a conservation rate design) estimated monthly or bimonthly (depending on billing cycle) per customer or service connection consumption by ratemaking district, separated by customer class and meter size. If the water company elects to use a baseline in reliance on the Department of Water Resources methodology developed to implement SBX7-7 without calendar years 2003-2007, the water company shall attach workpapers to support the use of that baseline;

Response:

Please see Attachment 2.1-3.

- Average estimated monthly or bimonthly (depending on billing cycle) per customer or service connection consumption in one hundred cubic feet by ratemaking district, separated by customer class and meter size;

Response:

Please see Attachment 2.1-3.

- Comparison table including baseline and annual average estimated consumption by ratemaking district, separated by customer class and meter size, for each year following implementation of conservation rate designs, with the percentage reduction in consumption calculated by district and by customer class and meter size within each ratemaking district;

Response:

Please see Attachment 2.1-3

- Average estimated monthly or bimonthly (depending on billing cycle) consumption per tier or block separated by ratemaking district, by meter size, and by customer class, and the number of customers in each sub-grouping;

Response:

Please see Annual Report, Item 1, pp. 84 and Item 14, pp. 84d through 84o.

- Estimated monthly or bimonthly (depending on billing cycle) number of customers by district, monthly or bimonthly number of disconnection notices generated to those customers, number of customers disconnected for non-payment, and number of customers reconnected;

Response:

Please see Annual Report, Item 1, pp. 84 and Items 5 through 7, p. 84a.

- Estimated monthly Best Management Practices compliance costs, by district, separated by customer class, coverage goals or flex track menu (by measure); and

Response:

Currently, Liberty Utilities (Park Water) Corp. does not track compliance costs on a monthly basis. Please see the California Urban Water Conservation Council Best Management Practice compliance report for annual compliance costs. Please see attached report.

- Any other district-specified factor (such as changes in weather, increases in supply from recycled water, or economic factors) that might contribute to consumption changes.

Response:

Liberty Utilities (Park Water) Corp. is not aware of any district-specific factors that might contribute to consumption changes.
