Elements of Overhead

Rent

Split 80% DOWC, 10% UMS, and 10% Safor for all shared space. Dedicated spaces are paid 100% by the appropriate company. Each company pays their portion directly, therefore ONLY the portion paid by Del Oro is included in GRCs. Example: Current total shared square feet is 3,914. Del Oro only pays for 80%, or 3,130 sq ft. Therefore the only rent expense for shared space in the GRC is for the 3130 sq ft.

Utilities

Split according to square footage of rented space and paid directly by each company. See Rent explanation.

Internet & Phone monthly expenses

Split 80% DOWC, 10% UMS, and 10% Safor. Each company pays their portion directly. Therefore, only Del Oro's portion is included in Del Oro's GRCs.

Professional Services (Accounting)

Allocated annually to Del Oro and UMS according to Accountant's determination of time spent per company. Paid directly by each company. Safor is billed and paid separately. Therefore, only Del Oro's portion is included in Del Oro's GRCs.

Liability Insurance

UMS pays 10% of the policy directly and the remainder is paid by Del Oro. Safor pays for and is insured by a separate policy.

Vision, Dental)

Benefits Insurance (Health, Safor and UMS pay for and are insured by separate policies. Therefore, Del Oro is only reimbursed by affiliates for the hours worked by Del Oro employees for affiliates (shared corporate support); it is a direct overhead component of Fully Allocated Cost. Based on historical total affiliate (UMS + Safor) hours worked, Del Oro recommends using 6% for current GRCs and reevaluating this percentage at the time of each future GRC.

401k

Affiliate employees: Safor does not offer a 401k. In 2016, UMS has qualifying employees, UMS will pay 10% of all 401k plan general fees/expenses. UMS will also pay 100% of 401k matching contributions for UMS employees.

Therefore, Del Oro is only reimbursed by affiliates for the hours worked by Del Oro employees for affiliates (shared corporate support); it is a direct overhead component of Fully Allocated Cost. Based on historical total affiliate (UMS + Safor) hours worked, Del Oro recommends using 6% for current GRCs and reevaluating this percentage at the time of each future GRC.

Legal Services

No retainer is paid for legal services. Fees are incurred on an as-needed (per item) basis and paid directly by the company served.

IT Assets

Beginning 2014, all purchases of shared asset are split 80% DOWC, 10% UMS, and 10% Safor. Each company pays their portion directly. Therefore, only Del Oro's portion is included in Del Oro's GRCs.

For Assets purchased 2014 and earlier by Del Oro, an indirect overhead rate is applied in the Full Allocated Cost calculation. See IT Assets sheet for detail. These assets are depreciated over 10 years (standard for technology), so the indirect overhead will cease by the end of 2024 when all the assets are fully depreciated. From 2014 to 2024, the IT asset indirect overhead will decline each year as individual assets reach full depreciation.

Overhead items included in the \$1 per bill paid by Del Oro to Safor

Supplies

Security Services

Janitorial

Workstations

Office Services

Phone System

Furniture

In the Fair Market Value calculation (previously provided) only 80% of cost/value for these services was included. This assures that Safor and UMS continue to pay for their portion (10% each) of these items. In addition, when any of the items purchased are specific to a single company (ie. Del Oro letterhead), the expense is charged only to the relevant company and is NOT included in the \$1 per bill FMV calculation. Therefore, only Del Oro's portion is included in Del Oro's GRCs.
