RE: Biennial Report on Unregulated Revenues

Dear Mr. Kahlon:

During the two-year period encompassing calendar years 2013 and 2014, the sum of all of Great Oaks Water Company's (Great Oaks) unregulated affiliates' revenues did not exceed five percent (5%) of Great Oaks' total revenues for that same time period. As a result, no audit is required under Rule VIII.E. of the Modified Rules for Water and Sewer Utilities Regarding Affiliate Transactions and the Use of Regulated Assets for Non-Tariffed Utility Services (Decision 11-10-034, Appendix A).

Great Oaks Water Company
