## PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE  
SAN FRANCISCO, CA 94102-3298

Dear Applicant:

Enclosed you will find the necessary forms to apply for a household goods carrier permit from the California Public Utilities Commission.

A checklist, immediately preceding the application, indicates the forms you must complete to acquire the permit. (Forms should be attached to the application in the order presented on the checklist). Information/instruction sheets generally appear on colored pages and should be kept for your records.

It is your responsibility to ensure that your application is signed (if a partnership, all partners must sign, or if a corporation, an officer of the corporation) and attachments are completed accurately before you return them to your regional office or the Commission's main office in San Francisco. (Instructions and examples are provided to assist you in filling out some of the more complicated forms).

Incomplete applications and/or incorrect information will delay the approval (and may cause the denial) of your permit. Be consistent in how you show your name on all forms and related documents.

**The most common cause for a delay in permit approval is the lack of insurance certification. When applying for the required insurance (PL&PD, Cargo and Workers' Compensation) or any required bonds, take a copy of your application to your insurance broker. Your name, as it appears on insurance certificates, must be EXACTLY the same as it appears on your application form or the certificate(s) will be rejected and your application delayed. If you are a corporation make sure that all of your documents show the exact name of the corporation as shown in your articles of incorporation.**

If you are required to enroll in the Department of Motor Vehicles (DMV) Pull Notice Program (see A Guide to Form TL706-I), you should apply to the DMV for a Requester Code Number immediately. **Your permit will not be approved without this number, and it may take DMV several weeks to issue it to you.**

Before returning your application, make a copy of the completed application and attachments for your records. If any problems arise it will be easier to resolve them if you have your own copies for reference.

**PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA  
APPLICATION FOR HOUSEHOLD GOODS CARRIER PERMIT**

**TO ENGAGE IN THE TRANSPORTATION OF HOUSEHOLD GOODS FOR-HIRE  
OVER THE PUBLIC HIGHWAYS OF THE STATE OF CALIFORNIA**

Those who use motor vehicles to haul household goods for-hire on public roads in California must know and obey State trucking laws and Public Utilities Commission regulations.

The following contains basic P.U.C. licensing information. Further information may be obtained by calling the License Section in San Francisco at (415) 703-2063 or by contacting one of the P.U.C.'s Regional Offices listed. Written correspondence may be addressed to: Public Utilities Commission, License Section, 505 Van Ness Avenue, San Francisco, CA 94102-3298.

A permit must be obtained to operate as a household goods carrier.

A filing fee (NOT REFUNDABLE) of \$500 is required at the time of application. An incomplete application will delay the processing and, if not corrected, will constitute cause for denial of the application.

Ordinarily the Commission will not require a public hearing in connection with the issuance of permits. However, the Commission will not issue a permit unless satisfied from the contents of the application and/or from an informal interview with the applicant that a permit should be issued.

## HOUSEHOLD GOODS CARRIER EXAMINATION INFORMATION

### LOCAL AND LONG DISTANCE MOVING

Public Utilities Code Section 5135 requires an applicant for a household goods carrier permit to demonstrate by examination its ability to engage in that business. Note that Section 5135(b)(2) requires that if the person taking the household goods carrier examination is anyone other than the applicant (individual or partner) or responsible managing officer, he or she must be an employee who works at least 32 hours per week for the firm. The person taking the examination must furnish a valid driver's license or other adequate identification at the time the exam is taken.

Your examination will consist of Parts I, II and III for local moves, plus Part IV for distance moves. Your examination will be based on the rules, regulations and rates in Maximum Rate Tariff 4 (MAX 4) and Distance Table 8. The first part of the examination consists of short-answer questions on the tariff rules. Other portions of the test contain problems which require you to compute transportation and accessorial charges for shipments moved under hourly, piece, or distance rates. When doing these problems you should show clearly all your figuring on your papers so that when the examination is graded you can receive credit for all portions of a problem done correctly. You will be allowed most of the work day to complete the examination, but you must finish in time for it to be graded and reviewed with you the same day. A passing score of 80% is required. If you should fail the examination the first time, you must wait 30 days before you or anyone else may have a second opportunity.

It is your responsibility to learn how to use MAX 4 and Distance Table 8. As a supplement to your study, the following is an explanation of some tariff items or concepts of tariff interpretations which you must understand. You may find it useful to bring this information sheet to the examination, since many of the items discussed are those which have been most often missed on previous examinations.

You will be asked to compute charges using the maximum fixed rates from MAX 4. Remember, that these are maximum rates, and that in practice, the total charge for a move must be no more than the total charge computed with maximum rates. You are free to establish your own rate structure as long as your rates do not exceed the maximum rates in MAX 4. You should also be familiar with the provisions that allow you to exceed the maximum rates (Item 108).

**DEFINITION OF TERMS.** Item 4 of MAX 4 contains definitions of basic terms which are used throughout the tariff. Various other items in MAX 4 also contain definitions of basic terms applicable to those items only. It is important that you know exactly what these terms mean in order to apply the rules in the tariff and properly compute rates and charges. For example, you must know the definition of "flight" (Item 140) to determine when a flight charge applies on piece rate moves.

**ROUNDING OFF.** Item 36 states that you must not round off to quarter hours until after you have added loading time, unloading time, and double the driving time.

**DESCRIPTIONS AND MAPS OF RATE REGIONS AND TERRITORIES.** Remember that there are three different rate territories for hourly rate moves and packing/unpacking services. There are two different rate regions for distance rate moves. If you are uncertain where a given point is located, use the index of points and the maps in the Distance Table in conjunction with the written descriptions and maps in Items 200, 210, 220, 230 and 240 of MAX 4. When you transport a shipment at hourly rates from one rate territory to another, use the higher rate (Item 320) to figure the maximum transportation charge for the entire move. When you transport a shipment at distance rates from one region to another, the maximum rates in Item 310 apply.

**PACKING/UNPACKING CHARGES.** Note that the listed maximum rates are per container or per hour. The Agreement for Service shall determine the applicable maximum rate for the service. The rate which applies is the one for the territory in which the service is provided. When using the rates in Paragraph 1 of Item 340, always figure packing charges separately from unpacking charges. Add the total number of hours spent packing, and then round off to quarter hours as provided in Item 36. This, multiplied by the applicable maximum rate, will give you maximum packing charges. Do the same to determine unpacking charges.

**FLIGHT CHARGES.** Item 140 defines "flight" and lists the maximum charge for shipments moved at distance rates. Compute flight charges only on the actual weight of a shipment. For instance, if a shipment weighs 4,500 pounds and you rate it as 5,000 pounds to compute the transportation charges at distance rates, figure the flight charge (if applicable) on 4,500 pounds only.

**USE OF CORRECT MAXIMUM RATES.** Items 300, 310, 380 and 390, Note 1 states that when charges accruing on a shipment based upon actual weight exceed the charges computed upon a rate based upon a greater minimum weight, the latter shall apply. Items 300, 310, 380 and 390 have seven columns of rates based on Any Quantity and six different minimum weights (1,000 lbs., 2,000 lbs., 5,000 lbs., 8,000 lbs., 12,000 lbs., and 16,000 lbs.). When the weight of the shipment is somewhere between the listed minimum weights for any two columns, you must compute the charges two ways. First, actual weight times rate for the lower minimum weight. For example, if a shipment weighs 1,500 pounds, first find the charge by multiplying actual weight (1,500 pounds) by the rate for a minimum weight of 1,000 pounds. Second, find the charge by multiplying the higher minimum weight (2,000 pounds) by the rate for a minimum weight of 2,000 pounds. Use whichever results in the lower total charges.

**DECLARATION OF VALUE AND VALUATION CHARGES.** The shipper must declare a value and choose a protection level (\$0.60 cents per lb. per article, actual cash value or full value) for their goods. You must state your rate for actual cash value and full value protection or provide it free of charge. If the shipper fails to declare a value or choose a protection level, it will default to \$20,000 of actual cash value. Again, you must state your rate for this protection or provide it at no cost to the customer.

**VALUATION CHARGES ON SIT SHIPMENT.** When a local or a long distance shipment is stored-in-transit, the maximum valuation rate for the transportation may be applied twice: once to the move into SIT and once to the move out of SIT. In addition, the maximum valuation charge for the SIT itself applies.

**RULES ON ESTIMATES.** You must be familiar with the Basis for Carrier's Estimated Cost of Services document, the Estimated Cost of Services document, and the Change Order for Services, including situations when these documents may or must be issued, and the information which must be included on each.

#### SUBHAULING ONLY

The important factor in the examination will be the determination of whether or not the applicant fully understands his relationship to the prime carrier and is aware of the mutual obligations incurred when parties enter into subhauler agreements.

The applicant's familiarity with tariff sections governing the above responsibilities should be tested as well as his understanding of some of the following items in MAX 4:

	<u>Item Numbers</u>
Payment of charges	84 and 104
Claims of loss and damage	92
Delivery at other than ground floor	140
Conflict in weights	80
Inability to make delivery	96 and 100
Split delivery	152
Accessorial services	340

17919. (a) A fictitious business name statement may be executed, filed, and published by the trustee in bankruptcy at any time after bankruptcy where a failure to comply with the provisions of this chapter would otherwise preclude the maintenance of an action to recover any sums due to the bankrupt or the partnership of which the bankrupt was a member.

(b) A fictitious business name statement may be executed, filed, and published by the conservator, executor, or administrator at any time after the appointment of a conservator for or death of any individual or partner where a failure to comply with the provisions of this chapter would otherwise preclude the maintenance of an action to recover any sums due the conservatee or deceased person or the partnership of which he was a member.

(c) A fictitious business name statement may be executed, filed, and published by an assignee or purchaser of the business at any time after the assignment or sale where a failure to comply with the provisions of this chapter would otherwise preclude the maintenance of an action to recover any sums due to the assignee or purchaser by reason of the assignment or sale.

(d) The fictitious business name statement referred to in this section shall be in substantially the same form as prescribed in Section 17913, except:

(1) The person or persons who were doing business under the fictitious business name shall be stated as such person or persons existed (i) immediately prior to the bankruptcy, conservatorship, or death or the assignment or sale of the business or (ii) at the time they ceased to do business under the fictitious business name, whichever is the earlier time.

17920. (a) Unless the statement expires earlier under subdivision (b) or (c), a fictitious business name statement expires five years from the date it was filed in the office of the county clerk.

(b) Except as provided in Section 17923, a fictitious business name statement expires 40 days after any change in the facts set forth in the statement pursuant to Section 17913, except that a change in the residence address of an individual, general partner, or trustee does not cause the statement to expire.

(c) A fictitious business name statement expires when the registrant files a statement of abandonment of the fictitious business name described in the statement.

17921. Notice of the date of expiration shall be on the fictitious business name statement form.

17922. He or she may destroy or otherwise dispose of the statement at the same time the fictitious business name statement to which it relates is destroyed pursuant to subdivision (a).

(c) In lieu of retaining the original statement on file, the county clerk may retain a copy of the statement in accordance with Section 69844.5 of the Government Code.

(d) The fee for filing a statement of withdrawal from partnership operating under fictitious business name is five dollars (\$5). This fee covers the cost of filing and indexing the statement and any affidavit of publication.

Working capital shall be sufficient to meet all labor costs including salary and wage obligations for the applicant's employees as well as all required payments for employee health and social welfare benefit programs (Workers Compensation Insurance, Unemployment Insurance, Health and Welfare, Pensions and Social Security).

### B. Equipment Fixed Expenses

Working capital shall be sufficient to meet the costs of all payments for: (1) equipment (including down payment, unless previously paid; (2) vehicle liability and damage insurance; and (3) required licenses, weight and highway use fees.

### C. Equipment Operating Expenses

Working capital shall be sufficient to meet the necessary expenses incurred in operating the vehicle in performance of the service proposed including the purchase of fuel and oil. The actual costs of operating equipment will vary according to the type of fuel used (gas or diesel), the type of equipment used and the nature of the operation.

Applicants must determine the cost of fuel, the average miles per gallon to be expected from each type of equipment, the cost of oil per quart and the number of miles driven per quart of oil. Determine these costs by dividing the applicable cost per gallon or quart by the number of miles operated per unit to develop an appropriate operating cost per mile for fuel and oil consumption. Applicant must then determine what his anticipated operated miles will be during the first 45 days of operation and multiply this mileage figure times the operating cost per mile to estimate the working capital required to cover equipment operations.

### D. Overhead Expenses

Working capital shall be sufficient to cover all necessary overhead expenses which will be incurred in performing the proposed operations. These expenses include such items as: (1) stationery, desks, business machines; (2) utility bills; and (3) office and terminal expenses (payments, rent, lease, etc.).

### E. Contingency Expenses

Working capital shall be sufficient to provide for any contingency expenses that may arise during the first 45 days of operation. These contingencies may include but are not limited to deductible portions of insurance, emergency repairs of minor mechanical problems, petty cash allowances for bridge tolls, weighing fees, living expenses, etc.

**EACH OF THE ABOVE CATEGORIES MAY VARY SIGNIFICANTLY FROM APPLICANT TO APPLICANT.**

## A GUIDE TO FILLING OUT FORM TL 706-I

**KEEP THIS GUIDE FOR YOUR FILES.  
DO NOT RETURN IT WITH YOUR APPLICATION.**

### I. GENERAL HIGHWAY SAFETY REQUIREMENTS

Items 1 through 7 generally explain the safety rules that you are expected to know and abide by in order to obtain authority from the Commission to operate.

### II. PREVENTIVE MAINTENANCE PROGRAM

A. Attach to form TL706-I a copy of your preventive maintenance schedule and the form(s) you will be using to record completed maintenance work. (Note: The preventive maintenance program is not required if the vehicles used have less than 3 axles and have less than 10,001 pounds gross vehicle weight.)

1. The form you use must include a list of the items to be serviced or inspected, the mileage or time interval when the maintenance will be performed, and a place for recording maintenance actually performed. (See Samples I A., B. and C. Your local CHP Motor Carrier Safety Unit will send you one free copy of these forms.)
2. Your maintenance schedule must have a minimum inspection schedule of 90 days for items listed below:
  - a. Brake adjustment
  - b. Brake system components and leaks.
  - c. Steering and suspension systems.
  - d. Tires and wheels.
  - e. Vehicle connecting devices

These items should be inspected more often if necessary to ensure safe operation. Any other categories, components or parts may have an inspection interval longer than 90 days, but no longer than 20,000 miles or 4 months, whichever comes sooner, unless you explain why the mileage or time exceeding these limits is reasonable.

You must perform preventive maintenance frequently enough to ensure that your vehicles are in safe and proper operating condition at all times. Vehicles which are out of service for periods longer than 90 calendar days are not required to be inspected at 90 day intervals if they are inspected before operation on the highway.

B. Attach to form TL706-I a copy of the driver's daily vehicle condition report form that you will use. (See Sample II)

### III. SAFETY EDUCATION AND TRAINING PROGRAM

As a *minimum*, a carrier safety education and training program shall cover the following subjects, as set forth in the *California Commercial Driver Handbook*, published by the Department of Motor Vehicles:

- Commercial Driver License Program, Qualifications, and Sanctions
- Commercial Driver License Test
- Inspecting Your Vehicle
- Basic Control of your Vehicle
- Size and Weight of Vehicles and Loads
- Transporting Cargo
- Air Brakes
- Combination Vehicles
- Hazardous Materials

- A. If you develop your own safety education and training program, provide a description of all materials to be used and an explanation of the program.

You may purchase a commercially available program if you wish. A few of these programs are mentioned below. If you adopt the safety education and training program of a shipper or other carrier, you must provide a copy of that program.

You must explain how you intend to use the program that you choose. For example, state: how many hours of training there will be; how often training will be given; that drivers will be given the material that they are required to read; etc. (See Sample III A., B, and C.) Training and education must be provided at least twice a year. If written or video materials will be used for training, they must be reviewed with employees at least twice a year. You must keep records of training and drivers who participate in the training.

Acceptable safety materials include the DOT Federal Motor Carrier Safety Regulations Pocketbook (Call (916) 498-5050 or (909) 653-2299 for sales information) and the Department of Motor Vehicles Commercial Driver Handbook available at DMV office. (See Sample IV)

If you purchase any of the following materials to fulfill the requirements for a safety education and training program, attach a copy of the receipt to form TL706-I to prove you have purchased the material.

1. California Trucking Association (CTA) Safety and Maintenance Kit.
2. American Trucking Association (ATA) Driver Training and Safety Videos.
3. California Dump Truck Owners Association (CDTOA) Preventive Maintenance and Driver Training & Safety Kits.
4. Trucking Support Services Team, Inc. (TruSST) Safety Kit.

If you purchase a program from a safety consultant, you must attach to form TL706-I a copy of the receipt from him listing the materials you purchased. A program should include:

- DOT Federal Motor Carrier Safety Regulations Pocketbook
- Department of Motor Vehicles Commercial Driver Handbook

**IV. DEPARTMENT OF MOTOR VEHICLES' DRIVER SAFETY REGULATIONS**

Before the Commission will issue a certificate or permit, you must show evidence that you will regularly check the driving records of employees and subhaulers driving vehicles requiring a class A or class B license. You must check the driving records of employees by participating in the DMV's pull notice program. You must check the driving records of subhaulers by listing those drivers in your periodic report request to the DMV. (See Vehicle Code Section 1808.1(c)).

To participate in the pull notice program and to receive information on how to request periodic reports, call DMV at (916) 657-6346.

## A NOTE FROM THE CALIFORNIA HIGHWAY PATROL

In addition to the above listed safety requirements, motor carriers operating or directing the operations of the following vehicles *must* participate in the Biennial Inspection of Terminals (BIT) Program.

Trucks with 3 or more axles and a gross vehicle weight rating over 10,000 lbs.

Truck tractors

Trailers or semi-trailers used in combination with the above vehicles

Any truck, or any combination of a truck and any other vehicle transporting hazardous materials in an amount that requires placarding

Any 2 axle truck with a gross vehicle weight rating exceeding 10,100 lbs. towing trailers resulting in combination lengths over 40 feet.

This program requires a fee paid inspection of each terminal every two years.

To find out what happens during the BIT program inspection, get the California Highway Patrol Motor Carrier Safety Compliance Handbook, HPH 84.6. Single copies of this handbook are available for a nominal charge at all Highway Patrol Area Offices or Division of Motor Carrier Safety Units (See below for local telephone numbers and addresses). Carriers should also obtain a copy of the California Vehicle Code (available at Department of Motor Vehicle Offices) and a copy of Title 13, California Code of Regulations, available from:

or

MTR \_\_\_\_\_

When you fill out this form, remember that the term "employee" includes clerical persons as well as drivers and any other persons employed in your carrier operations.

If your business is an OUT OF STATE CORPORATION, please note that you are not subject to the workers' compensation laws of California unless you have employees who reside in California. If you have employees who reside in California, check "B" below; if not check "A".

If you employ persons in your carrier operations in any manner that makes you subject to the workers' compensation laws of California, you must promptly file with the Commission a certificate of workers' compensation insurance coverage or a certificate of consent to self-insure issued by the Director of Industrial Relations.

Check one of the following (read both before choosing):

- A.  I DO NOT HAVE ANY EMPLOYEES. If I hire employees in the future, I will submit an amended Workers' compensation Declaration Form to the Commission and contact my insurance company at once and have the required certificate of coverage mailed to the Commission. **NOTE TO HOUSEHOLD GOODS APPLICANTS:** If you check this box, you must attach a written explanation of how you will conduct operations without employees.
- B.  I DO have employees. (This box also applies to applicants for a permit or certificate who do not now have employees, but will employ workers upon commencement of operations.) **Detailed instructions begin on page 3.**

Driver license numbers, California corporation numbers, and Federal Employer Identification Numbers are used to prevent misidentification with other persons or organizations with similar names. In the case of an organization which is a "motor carrier of property" as defined in Vehicle Code Section 34601, some of the information supplied on this profile will be shared with the Department of Motor Vehicles. It is the policy of the California Highway Patrol to issue no more than one CA number to a person, regardless of how many "doing business as" names the person may have.

The California Highway Patrol (CHP) recommends that upon completion of this Motor Carrier Profile, you make a copy for your records prior to mailing the original to the CHP.

**Mail completed Motor Carrier Profile to your nearest CHP Motor Carrier Safety Unit. If you receive special instructions to mail this profile to another CHP office, please mail as requested in those instructions (see page 3 for addresses).**

## DIRECTIONS FOR COMPLETING MOTOR CARRIER PROFILE, CHP 362 (Rev. 1-05)

CA- If your company already has a CA number issued by the California Highway Patrol (CHP), enter it in the box at the top of page 1, to prevent issuance of another one. Display of a CA number on commercial motor vehicles is required only under certain circumstances, so some motor carrier personnel may not be aware their company already has a CA number. If in doubt, contact your nearest CHP Motor Carrier Safety Unit.

Attn:

Attn:

**PART 1. LEGAL NAME:** One choice only—check Individual, Partnership, Corporation (which for this purpose includes associations and public agencies), or Limited Liability Company. Trusts hold property but do not operate businesses. Therefore, even if your company's assets are held by a trust, enter the ownership information of your company under one of the four categories below.

**INDIVIDUAL:** If operating as an individual without employees and you have no Federal Employer Identification Number (EIN), no entry is required in the EIN boxes. Do not enter your Social Security Number as an EIN. Valid driver license number and state are required and the application cannot be processed without it. A valid California identification card number issued by Department of Motor Vehicles (DMV) is also acceptable. Please enter your proper legal name, not a nickname.

**PARTNERSHIP:** All requested information is required, to prevent duplication of records. Businesses held as community property and operated jointly by family members (husband and wife, parent and child, etc.) are not partnerships unless legally organized as such, with an EIN assigned to the partnership. If not legally organized as a partnership, enter as an individual under one person's name and that person's driver license number, and that person's EIN if applicable.

**CORPORATION:** All requested information is required, to prevent duplication of records. Corporation number is normally stamped on upper corner of Articles of Incorporation in California. If a foreign corporation, a Certificate of Qualifications number issued by the California Secretary of State is required instead. Information regarding legal status as a state or local government agency, or as a non-profit organization under federal regulations, is requested to prevent misdirected mailings and misapplication of motor carrier safety regulations, requirements for licenses, or fees for various related programs.

**LIMITED LIABILITY COMPANY:** All requested information is required, to prevent duplication of records.

**PART 2. PRINCIPAL PLACE OF BUSINESS:** A single location designated by the motor carrier, normally its headquarters, where records required by federal motor carrier safety regulations will be maintained, if applicable, and records of drug and alcohol testing required by Section 34520 of the Vehicle Code will be made available for inspection. Telephone number should be the normal daytime business number for the company. Provision is made elsewhere on the Motor Carrier Profile for emergency and other telephone numbers. Do not write in the box marked "CHP USE ONLY."

**Fleet mileage in California -** All mileage accumulated in California by vehicles identified in Part 4, whether operated in intrastate or interstate service. For this purpose there is no need to separate intrastate mileage from total in-state mileage (some of which could be part of interstate trips), as it will be used by the CHP solely for safety regulation purposes.

**PART 3. EMERGENCY CONTACTS:** Responsible individuals at the company-wide level of your organization whom the CHP should attempt to contact in the event of an emergency involving your firm's vehicles or drivers. These should be management or supervisory personnel, as they may receive information requiring confidential treatment within your firm or organization. *Do not include a pager number if its use requires a Personal Identification Number (PIN) or other access information, as the CHP's system has no means to store that additional information.* CHP recommends that this information be kept current by notifying your nearest Motor Carrier Safety Unit (page 3) of any permanent changes in personnel who are on-call for emergencies involving CHP-regulated commercial motor vehicles. Your organization can also designate two emergency contacts for each California terminal listed in Part 7 by notifying your local Motor Carrier Safety Unit in writing, identifying two persons or offices with a day and night telephone number for each. Emergency circumstances may not always result in CHP using this source of information to contact your organization, but keeping this information current is recommended so that the CHP can rely on it if necessary. This is also a reason to ensure the identification numbers in Part 6 are accurate and complete, and represent your organization, not one to which you may be leased or contracted.

**PART 4. TYPES OF OPERATION:** **A. Truck** - Any truck of 3 or more axles with a gross vehicle weight rating (GVWR) of more than 10,000 pounds; any truck tractor regardless of number of axles or GVWR; and any truck used to tow a trailer where the overall length of the truck and trailer coupled together exceeds 40 feet. **B. Hazardous Materials Carrier** - Any truck, including pickups, used to transport any amount of hazardous materials. **C. Hazardous Materials Shipper** - An individual or company who offers hazardous materials for transportation by common carrier, contract carrier, or motor carrier of property, and never transports hazardous materials in any amount on vehicles owned, rented, leased or otherwise controlled by the shipper. **D. Hazardous Waste Transporter** - An individual or company that transports hazardous wastes as defined in California or federal regulations. **E. Flammable Liquid Cargo Tank** - Any tank greater than 120 gallons capacity which is used to transport liquids having a flash point of less than 100 degrees Fahrenheit, other than in the regular fuel tank of the vehicle. **F. Bus Without Operating Authority** - Any vehicle of more than 10-passenger capacity including the driver, which is operated without compensation from the passengers, such as church and other private buses, and also includes public transit buses operated by city or county transit agencies. **G. Tour Bus (CPUC or ICC Authority)** - Any commercial bus subject to regulation by the California Public Utilities Commission or the Surface Transportation Board (successor agency to the former Interstate Commerce Commission). **H. School Bus** - The traditional yellow school bus specifically certified by the CHP for transportation of students attending public or private schools. **I. School Pupil Activity Bus** - A commercial or transit bus specifically certified by the CHP for use in transporting school students on school-sanctioned trips to and from school-related activities, but not including home-to-school or school-to-home route service. **J. Youth Bus** - A small bus specifically certified by the CHP for service in transporting students between school and non-school related activities. **K. General Public Paratransit Vehicle** - A vehicle operated by or under contract to a transit agency in dial-a-ride, subscription, or route-deviated service, and certified specifically by the CHP for transportation of school students to and from schools. **L. Farm Labor Vehicle** - A passenger vehicle or truck specifically certified by the CHP for use in transporting farm laborers. **M. Vehicle or combination described in Vehicle Code Section 34500 (k)** - Any commercial motor vehicle with a GVWR of 26,001 or more pounds, or any combination of vehicles consisting of a commercial motor vehicle of any GVWR and a trailer with a GVWR greater than 10,000 pounds ("Trailer" for this purpose does not include camp trailers, trailer coaches, or utility trailers). **N. MCP Only** - Do not check this box if you checked any of the other boxes in Part 4; this category includes only vehicles not already included in categories A through M that fit the following description: (1) any motor vehicle (including automobiles and motorcycles) which is used to transport property for hire, or (2) any truck not already included in categories A through M which has a GVWR of more than 10,000 pounds and which is used to transport property privately (not for hire). Operators of these vehicles are subject to the Motor Carrier Permit (MCP) program administered by the DMV, but are not subject to regulation by the CHP in matters other than compliance with the MCP program of the DMV. Firms engaged solely in the transportation of household goods should check box A and should not check box N.

**PART 5. DOING BUSINESS AS (DBA):** Enter all lawful business names used in California by this person (businesses not involving the use of regulated vehicles in Part 4 may be excluded). A company with a different EIN is a different entity, and requires its own CA number and Motor Carrier Profile. This information is not requested for any purpose relating to tax issues. EINs are requested solely to positively identify separate entities without requiring them to supply comprehensive proof of legal identity. Organizations sharing the same EIN shall share the same CA number, although they may continue to be identified by separate DBA names.

**PART 6. OPERATING AUTHORITIES & IDENTIFICATION NUMBERS:** Certain types of carriers are not required to display their assigned CA number if they are already displaying valid numbers assigned to them by other specified regulatory agencies. In order to cross reference your organization's other numbers to its CA number, the CHP needs to know what the other numbers are. **USDOT:** The number assigned by the Federal Highway Administration and displayed on vehicles as "USDOT 000000." This number is not the same thing as the ICC number. Many commercial motor vehicle operators have both numbers, and should list both in this Part. **MC:** The number assigned to your firm by the former Interstate Commerce Commission or its successor agency, the Surface Transportation Board of the Federal Highway Administration. This number is often shown on documents as "MTR 000000," and on vehicles as "MC 000000" with the zeros replaced by the number assigned to a company. **Do not list a number that is assigned to a motor carrier to which your company is leased or subcontracted.** **MX:** Similar to MC numbers, but are assigned to carriers based in Mexico and operating in the United States. **Cal-T:** The number assigned to intrastate household goods carriers in California by the California Public Utilities Commission (CPUC). On and after January 1, 1998, these numbers are no longer valid for any type of motor carrier other than household goods carriers. **PSG:** A number assigned by the CPUC to intrastate for-hire passenger carriers (other than taxi services), which are preceded by the prefix "TCP" or "PSC," displayed on vehicles as "TCP 0000A" or "PSC 0000" (or both) with the zeros representing the number assigned to the carrier by the CPUC, and the "A" representing a CPUC-assigned alphabetic character indicating a specific type of passenger carrier. **IRP:** The International Registration Plan identification number assigned by the appropriate agency in your state (DMV for California-based carriers).

**PART 7. CALIFORNIA TERMINALS:** All business locations from which vehicles described in Part 4 are dispatched or operated in intrastate service, or in initiating, completing, or continuing the movement of an interstate load. It may include facilities owned by another business, such as a warehouse to or from which loads are transported and where the commercial motor vehicle is normally parked when not in use. "Terminal" may also include the private residence of an owner-operator or other small business utilizing commercial motor vehicles, if that is where the firm conducts business. **Terminal DBA and Street Address:** The DBA name is used at that location, if different from the name identified in Part 1, and the physical address of each location. **City:** City or community name only. State is not necessary, as only locations within California need be listed. **Local Phone No.:** The telephone number at which management personnel for that terminal can be contacted during normal business hours. **Zip Code:** The postal zip code of the terminal's physical location, whether or not the company receives mail there. The CHP uses this information to determine which CHP office serves that area. **Driver Records at This Address?** - Check "Y" if records relating to commercial motor vehicle drivers are kept at this location, such as driver qualification files, DMV driving records, and drivers' time records. Check "N" if this location is not where such records are kept. **Vehicle Records at This Address?** - Check "Y" if commercial motor vehicle inspection and maintenance records are kept at this terminal for the vehicles based there, such as drivers' daily vehicle inspection reports, company safety inspection records, scheduled maintenance records, repair records. Check "N" if this location is not where such records are kept. **CHP USE ONLY:** CHP uses this column to add geographical coding to indicate this terminal's location.

The ultimate goal of the CHP's inspection programs is the reduction of human suffering and property loss resulting from commercial motor vehicle at-fault accidents. This Motor Carrier Profile is an important tool in the CHP's effort to direct inspection resources where they are needed most, and to reduce the cost of regulation to both the regulated community and the state. Although it is detailed, time spent now in completing it carefully will be repaid by allowing the CHP to correctly identify entities to which mailings should be directed, to quickly notify your organization of an emergency involving your commercial vehicles or drivers, and to identify entities which require more or less contact from the CHP, depending on the nature of their businesses and their safety experiences over time.

**IMPORTANT NOTICE  
REGARDING THE TRANSPORTATION OF  
USED OFFICE, STORE, AND INSTITUTION FURNITURE AND FIXTURES**

Section 34622 of the California Vehicle Code allows a household goods carrier to also transport used office, store, and institution furniture and fixtures (commonly referred to as "office moves") under its PUC Household Goods Carrier Permit rather than under the Motor Carrier Permit issued by the Department of Motor Vehicles (DMV) normally required for this service. **If you elect to perform this type of transportation under your Household Goods Carrier Permit rather than a DMV permit, you must make your election in writing to the PUC by completing the "Notice of Election" form on the reverse of this notice.**

If you elect to transport used office, store, and institution furniture and fixtures under your household goods carrier permit and later decide to transport these items under a DMV Motor Carrier Permit, you may do so by obtaining the required DMV permit and notifying the PUC of your decision by completing another "Notice of Election" form and mailing it to the PUC.

**NOTE:** If you elect to transport used office, store, and institution furniture and fixtures under your household goods carrier permit, you will be required to pay the minimum quarterly fee of \$15 required of all household goods carriers, plus a fee of 1/10 of 1% of your revenue earned from this transportation (the fee on revenue from the transportation of used furniture and personal property to and from a residence is ½ of 1%.) In addition, revenue from both residential and office moves is subject to a 1/10 of 1% Uniform Business License Tax. **Note that you will be able to perform office moves under your Household Goods Carrier Permit only if you notify the Commission in writing of your election to operate under this permit.**

If you do not file notice with the Commission of your election to transport used office, store, and institution furniture and fixtures under your Household Goods Carrier Permit, you will need to hold a DMV Motor Carrier Permit to perform this transportation. The DMV charges an annual permit fee based on the number of vehicles you will operate. To ascertain the requirements for obtaining a Motor Carrier Permit, including the amount of the permit fee, you may contact your nearest DMV office or the DMV's Motor Carrier Permit Unit, P.O. Box 932370, Sacramento, CA 94232-3700, or phone (916) 657-8153.

# PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

## CERTIFICATION OF HOUSEHOLD GOODS CARRIER PERMIT APPLICANT

Section 5135 of the Public Utilities Code requires the Commission to issue a household goods carrier permit only to those applicants who it finds have demonstrated that they possess, among other things, sufficient integrity and responsibility to perform the service within the scope of their application. It states that the Commission may refuse to issue a permit if it is shown that an "applicant or an officer, director, partner or associate" of the applicant has (1) committed any act constituting dishonesty or fraud, (2) committed any act which, committed by a permit holder would be grounds for a suspension or revocation of the permit, (3) misrepresented any material fact on the application, or (4) committed a felony, or crime involving moral turpitude (including misdemeanor).

Section 5135 also requires the Commission to submit the fingerprints of each applicant's "owner, partner, officer, and director" to the California Department of Justice (DOJ), and allows the DOJ to transmit the fingerprints to the FBI for a national criminal history record check. It allows the Commission to use any information obtained to determine the applicant's qualification for a permit.

After you submit your application, the License Section will send you the necessary forms and information for each owner, partner, officer, director or associate to take to an authorized agency to be fingerprinted. **DO NOT ATTEMPT TO BE FINGERPRINTED UNTIL YOU RECEIVE THESE MATERIALS FROM THE LICENSE SECTION.** In the meantime, each owner, partner, officer, director and associate must complete and sign the certification on the reverse.

### IMPORTANT NOTICE

Each owner, partner, officer, director, and associate is required to complete and sign a separate copy of the certification on the reverse. (Employees are exempt.) Make as many copies as needed, or download from [www.cpuc.ca.gov/PUC/transportation](http://www.cpuc.ca.gov/PUC/transportation) or request additional copies from the License Section at [licensing@cpuc.ca.gov](mailto:licensing@cpuc.ca.gov), or (800) 877-8867.

Any false statement or misrepresentation made by any person on this form, or any of its attachments, or any part of the application, can and will be considered in determining whether the applicant possesses sufficient integrity and responsibility to be a California household goods carrier, and may be deemed grounds for refusal to issue a household goods carrier permit. (Public Utilities Code §5135).

## CERTIFICATION OF APPLICANT (Continued)

Each owner, partner, officer, director, and associate must complete and sign a separate copy of this certification.

**I certify (or declare) under penalty of perjury that:**

- A. I am not legally prohibited from engaging in operations as a Household Goods Carrier\*.
- B.
