Subject: Load serving entities, project developers, and the public may submit data voluntarily to inform the Integrated Resource Planning (IRP) Out of State Resource and Transmission Assessment.	Today's Date: April 22, 2020 <ul style="list-style-type: none"> • Data Request Due Date: May 8, 2020
From: <ul style="list-style-type: none"> • Karolina Maslanka (CPUC Energy Division) 	Email Addresses to submit responses: irpdatarequest@cpuc.ca.gov Subject line: OOS Assessment Submittal: [Insert Entity Name]

General Description

As was announced to the R.16-02-007 service list on April 7, 2020, and discussed at the publicly announced MAG webinar on April 15, 2020, Energy Division staff are providing the public with the opportunity to submit data to inform an ED staff conducted assessment with the objective of updating and refining RESOLVE inputs and assumptions on out-of-state resources and transmission. Submittal of information is voluntary.

Confidentiality

The CPUC Energy Division takes great care with confidential information. For this reason, we are taking the following steps to protect confidential information:

1. All information must be submitted to the CPUC's Kiteworks Secure FTP application
2. Submitted templates will not be made public.
3. The information submitted will be used to supplement public resources and data will be aggregated before it is incorporated into RESOLVE.
4. All consultants working for the CPUC on this assessment have signed Non-Disclosure Agreements.

Due Date

5:00 PM on Friday, May 8, 2020.

General Instructions

- A. Submit the file via the CPUC's Kiteworks Secure FTP application by the date specified above.
- B. Use the subject line "OOS Assessment Submittal: [Insert Entity Name]"
- C. Instructions for new FTP users can be found here:
