8/19/97          A96-03-007          Pacific Bell Communications, for a certificate of public convenience and necessity to provide InterLATA and IntraLATA and local exchange telecommunications services

**Summary:** On August 14, 1997, Dan Jacobsen, Director of Regulatory and External Affairs for Pacific Bell Communications (PBCOM), met with Lester Wong, advisor for Cmmr. Bilas, in San Francisco. Lynn Mowery, Acting Regulatory Vice President for Pacific Bell (PacBell); and Karol Sweitzer, Regulatory Vice President for PBCOM, were also present. Jacobsen stated that Commission concerns about intraLATA toll service could be resolved through payments for wholesale services, affiliate transactions, a limit on PBCOM facility-based authority and market share reporting. Jacobsen stated that GTE's use of a separate sales force will not be a viable practice when the IECs offer joint marketing with one-stop-shopping and bundled service offerings. Jacobsen stated that a significant aspect of the alternate decision is a requirement that PacBell stop joint marketing as soon as a customer expresses a preference for another carrier.
