**Summary:** On October 2, 1997, Julian E. Ajello of the Utilities Safety Branch (USB) spoke with Julie Halligan, Advisor to Cmmr. Bilas in San Francisco. Also present was: James T. Quinn, counsel for USB. The staff members reiterated the three points set forth in the USB's comments on the Proposed Decision (PD) of ALJ Ryerson. The first point was that the PD should be revised to deny the exemption from the 18-inch minimum clearance for large and directionally pruned trees. The staff also pointed out that the PD erred in stating that municipally owned utilities are not subject to the Commission's safety jurisdiction. The staff explained that the PD without cause would excuse utilities from their long-standing obligation to maintain service drops.
