10/22/97	A96-02-030	Catalina Explorer, Co., Inc., to operate a vessel common carrier between Dana Point, California and Avalon, California,
	A96-04-013	Island Navigation Company, Inc., to amend its certificate of public convenience and necessity and to extend its operating authority to include the transportation of persons and baggage by vessel between Dana Point and Long Beach, California, on the one hand, and all points and places on Santa Catalina Island on the other.

Summary: On October 17, 1997, William Bagley, attorney for Island Navigation Company, Inc. (Island Navigation), met with Cmmr. Knight, in San Francisco. Also present were: Dorothy Duda, advisor to Cmmr. Knight; and Jose Guzman, attorney for Island Navigation. Written materials (attached to notice), consisting of a listing of vessel common carriers referencing the number of days it took for their applications to be granted. Bagley stated that Island Navigation's application had been pending for 555 days without a decision while other carriers had been granted a decision in 100 days. Guzman asked why it had taken so long for Island Navigation to get a decision, and inquired into the nature of Cmmr. Knight's alternate proposed decision. Guzman stated that Island Navigation did not mind competition, but that it needed a certificate before it can begin competing. Guzman stated his objection to the Proposed Decision's proposal to use regulation to protect existing competitors in the Long Beach to Avalon market. Bagley stated that the Commission should make a decision soon regarding Island Navigation's application.
