GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A Removed from the SB 960 category requirements.

You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. Summary: On July 24, 1998, AT&T Communications of California ("AT&T") initiated oral and written ex parte communications at CPUC with Jose M. Jimenez, advisor to Commissioner Conlon. AT&T urged approval of Administrative Law Judge ("ALJ") Pulsifer's recently issued revised draft decision ("RDD") on rights-of-way ("ROW") issues. AT&T cited and praised changes in the RDD from the earlier draft decision. Also cited were certain issues possibly requiring attention in the future, including access issues and operations of Joint Pole Associations. AT&T representatives present at the thirty (30) minute meeting were Rick Witherington (AT&T Government Affairs Vice President) and Rhett Currier (AT&T Senior Attorney). Also listed in attendance was MCI senior regulatory manager Tony DiTirro. The two page handout provided Mr. Jimenez was entitled "Rights of Way" and the statement "The Coalition favors adoption of the RDD with no changes" was affixed near the top with six (6) supporting topics and commentary under

each. The topics were fair pricing, reservation, expansion, reciprocity, expedited dispute resolution, and municipal ROW disputes.
