### GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is

resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q     **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A     **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS    **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A   Removed from the SB 960 category requirements.

**Summary:** On August 25, 1998, Enron representatives Mona Petrochko and Catherine George engaged in oral ex parte communications with Commission President Bilas and his advisor, Julie Halligan. The Enron representatives stated the company was pleased with the Phase I decision in the revenue cycle services proceeding, particularly with respect to unbundling, but that Enron has serious concerns with the recently issued proposed decision (“PD”) on Phase 2 issues. Ms Petrochko made several observations, one of which was that the content of the PD raises concerns on the Commissions’ level of commitment to competition. Another was that notwithstanding Commissioner Knight earlier statements encouraging participation in the proceeding by enhanced service providers (“ESPs”), the PD fails to reflect the ESP’s efforts in any positive manner. The PD provides only a minimal level of credit, Ms Petrochko said, for the sums associated with direct access implementation for RCS services that UDC’s seek to recover through Section 376 proceedings.

**Summary:** On August 26, 1998, the California Cable Television Association (“CCTA”) wrote a one page letter to Commissioner Knight and his advisor Dorothy Duda. Additionally, a copy was provided to advisor Mr. Robert Lane. The letter, attached to the Ex Parte notice, was signed by Vice President (Regulatory and Legal Affairs) Alan Gardner.

It stated that the revised draft decision on rights-of-way should clearly indicate that the rights-of-way rules should apply to cable corporations. CCTA also encouraged the Commission to adopt the revised draft decision's provisions regarding municipalities, and further to adopt the revised draft decision's "fresh look" provisions for existing rights.

**Summary:** On August 25, 1998, California Cable Television Association ("CCTA") representatives met with Commissioner Duque and his advisor, Tim Sullivan. Oral ex parte communications were conveyed. Alan J. Gardner (Vice President Regulatory & Legal Affairs) and Lesla Lehtonen (Asst. General Counsel) conveyed the following points: (1) cable corporations should be included explicitly in the rules; (2) the Commission needs to deal with the issue caused by the delay of a few cities in placing facilities and that the revised draft opinion's ("RDO") solution seemed legal, reasonable, and appropriate; (3) pricing policy expressed in the RDO is reasonable and legal; and (4) the Commission needs to deal with access to MDUs or leave 40% of the market closed.

**Summary:** On August 27, 1998, at an all party ex parte meeting held at CPUC, San Francisco, the California Cable Television Association ("CCTA") representative stated to Commissioner Knight that CCTA supported the position of Teligent, Cox, and others that the Commission needed to provide non-discriminatory access to MDU's or leave the most probable avenue for faster residential competition effectively closed to competition. Commissioners' advisors in attendance were Dorothy Duda, Jose Jimenez, and Fassil Fenikile. CCTA representatives included Mr. Alan Gardner and Ms Lesla Lehtonen. The attendees' sign up sheet posted at the meeting was attached to the Ex Parte notice. The sheet contained twenty one (21) names and indicated the following organizations were represented: AT&T Local Services, Teligent, California Rights-of-Way Coalition, Cox CA Telcom, Pacific Bell, BOMA of California, AT&T, MCI, Morrison & Forster, Blumonfeld & Cohen, California League of Cities, and the San Francisco city attorney.

**Summary:** On August 25, 1998, two (2) California Cable Television Association ("CCTA") representatives conveyed oral ex parte communications at CPUC San Francisco during an all party meeting sponsored by Commissioner Knight and his advisors, Dorothy Duda and Robert Lane. Appearing on behalf of CCTA were Alan J. Gardner (Vice President, Regulatory & Legal Affairs) and Lesla Lehtonen (Asst. General Counsel). The following points were conveyed by the CCTA representatives: (1) cable TV corporations should be included within the actual rules inasmuch as they are within the body of the Commission's opinion; (2) due to the difficulty in securing right-of-way permission from some cities, it is appropriate and necessary for the Commission to maintain jurisdiction asserted in the July draft of the order to resolve disputes; (3) access to MDUs on a non-discriminatory basis is an important market factor; (4) pricing policy in the draft opinion is

legal and appropriate; and (5) the discussion in the opinion is pro-competitive, appropriate, and needs to be in the rules.

Oral and written ex parte communications were conveyed. The two representatives were Alan J. Gardner (Vice President, Regulatory & Legal Affairs) and Lesla Lehtonen (Asst. General Counsel). **Summary:** On August 27, 1998, at an all party ex parte meeting held at CPUC, San Francisco, representatives from Teligent, Inc. (“Teligent”) conveyed written ex parte communications to Commissioner Knight. Teligent attendees conveying the communications were David Turetsky (Vice President of Law and Regulatory), David Simpson (counsel), and Phuong Pham (counsel). The next day, August 28, a separate one page facsimile was transmitted by Teligent to Dorothy Duda, an advisor to Commissioner Knight. At the meeting Teligent provided the commissioner a one page pictorial illustration with written commentary. It was entitled “access to rights-of-way within multi-tenant buildings.” The illustration had various components depicting the side view of a multi-tenant building, with the components labeled and additional comments affixed. One such component was labeled “riser cables” and the comment “wireline CLCs need access to riser cables” affixed. Another comment was “incumbent LECs (e.g. Pacific Bell, GTE) have access to riser cables.” The one page facsimile transmitted on August 28 was entitled “necessary modifications to proposed ROW rules.” Both of the ex parte writings were attached to the ex parte notice.

**Summary:** On August 28, 1998, the City of East Palo Alto sent a letter to the CPUC expressing “grave concern” over the draft decision’s proposal to establish the Commission as the agency of last resort to resolve the complaints of telecommunications carriers regarding access to public rights-of-way. The three (3) page letter was addressed to

Commission President Bilas and signed by Senior Assistant City Attorney Grant Kolling. Copies were provided the other four (4) commissioners, Administrative Law Judge Pulsifer, and five (5) advisors to the respective commissioners. Mr. Kolling asserted the proposal presumes that cities have acted in an arbitrary and capricious manner in managing the rights-of-way, but he countered that “nothing could be further from the truth.” Various other assertions in opposition to the proposal were submitted by the city attorney, including “the draft decision’s proposal to use a sledge hammer to swat at what is perceived to be a persistently pesky horse fly problem will destroy the progressive steps that forward-thinking cities have made to coordinate and facilitate competition while exercising their obligations to manage the rights-of-way in trust for their citizens.” Mr. Kolling added that “Unverified rumors and allegations should play no role in the making of sound public policy.” In the last paragraph, the city requested that the Commission refrain from adopting the draft decision’s proposal. Mr. Kolling’s letter is attached to the Ex Parte notice.
