GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. 	A96-08-072	San Diego Gas & Electric Company, to estimate transition costs and establish a transition cost balancing account; prepared direct testimony attached.

Summary: On September 22, 1998, Southern California Edison (“Edison”) initiated consecutive meetings at CPUC with Ms Ann Watson, advisor to Commission President Bilas, and David Gamson, advisor to Commissioner Neeper, and conducted the same oral ex parte communications in each meeting. The Edison representative, Russell G. Worden, stated the proposed decision (“PD”) was not consistent with the record developed in the proceeding. He said the record shows virtually all non-utility generators connected to Edison’s transmission and distribution system rely upon that system to operate. Mr. Worden said, therefore, the transactions at issue are subject to transition cost recovery. The Edison representative urged the Commission to reject that PD issued by the administrative law judge and, instead, adopt Commissioner Conlon’s alternate decision.

9/24/98 A96-03-007 Pacific Bell Communications, for a certificate of public convenience and necessity to provide InterLATA and IntraLATA telecommunications services

Summary: On September 21, 1998, representatives from AT&T Communications of California, Inc., and MCI Telecommunications Corp. conducted an ex parte meeting with Commissioner Neepor and his advisor, Fassil Fenikile, engaging in oral and written communications. The representatives were Rick Witherington (AT&T), Bob Kargoll (AT&T), Richard Severy (MCI), and David Marchant (MCI). The representatives discussed Pacific Bell Communications' ("PB Com") certificate and provided the PUC officials a two page briefing summary to assert three points in that regard, namely that: (1) "the Commission should approve PB Com's certification under the conditions established in...(the)...proposed decision...(2) "the FCC's February, 1998 order on CPNI in CC Docket 96-115 does not prevent the Commission from adopting the PD...(and)...(3) "Pacific Bell's actions indicate a willingness and capability to use CPNI inappropriately..." Each of the three points contained one of more supporting statements, including the comment "in federal district court, Pacific was found to have violated AT&T's, MCI's and Sprint's trade secrets and was ordered to pay \$1.5 million in damages."
