GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

<p>October 16, 1998 9 am - 4 pm</p>	<p>California Public Utilities Commission 505 Van Ness Avenue, Training Room (Corner of Van Ness and McAllister Street) San Francisco</p>
---	--

The Telecommunications Division of the California Public Utilities Commission will be holding a technical workshop on the efficient utilization of numbering resources. Number pooling offers the potential to reduce NXX demand by enabling multiple carriers to share numbers from a single NXX code. A workshop is scheduled to initiate a plan to implement number pooling within California in cooperation with the program underway at the national

level. The October 16, 1998 second workshop will further address the formation of a number pooling task force and develop administrative protocol for the ongoing operation of the Task Force and for the submission of progress reports to the Commission.

Proposals regarding voting membership and mechanisms, and what constitutes consensus of the Task Force, should be E-mailed to all participants by October 9, 1998, so participants will have time to review all proposals. Participants should come prepared to adopt a definition of consensus and rules regarding voting membership and mechanisms at the October 16, 1998 meeting. Commission staff will E-mail a participants list to all concerned by October 2, 1998. Participants must E-mail their proposals to everyone on the participants list by October 9, 1998. Any persons interested in being included on the participants list who were not in attendance at the September 25, 1998 meeting should contact Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV

Participants should come prepared to nominate persons to the Task Force, and adopt self-governance rules regarding voting membership and mechanisms. Following the adoption of the above matters, the Task Force will then begin its work dealing with the substantive issues associated with implementing number pooling in California. If you plan to attend the October 16, 1998 workshop please RSVP by October 14, 1998 to Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV

	I95-04-044	Investigation on the Commission's own motion into competition for local exchange service.

Summary: On September 29, 1998,. Lesla Lehtonen of the California Cable Television Association ("CCTA") and Nicolas Selvy on behalf of the California Rights of Way Coalition engaged in oral and written ex parte communications at CPUC with Timothy Sullivan, advisor to Commissioner Duque. Ms Lehtonen addressed the Commission's 1978 preemption of cable attachments and the need for the draft decision of Administrative Law Judge Pulsifer to include cable corporations as entities subject to the rights of way rules. She said the Commission should provide a "fresh look" at existing contracts between CLCs,

cable corporations, and utilities regarding rights of way. Mr. Selby stated the Commission should have the same rights of way rules apply to both CLCs and cable corporations. Written materials left with Mr. Sullivan by Ms Lehtonen were (1) excerpts from CCTA's comments on the proposed decision filed 7/24/98, (2) a letter from CCTA Vice President Alan Gardner to Commissioner Knight and Advisor Duda dated 8/26/98, and (3) a letter from Mr. Gardner to Commissioner Knight dated 9/4/98, all concerning the Commission's jurisdiction over cable corporations' access to rights of way. All writings were attached to the Notice of Ex Parte Communications.
