GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

Public Meeting

October 16, 1998
9 am - 4 pm

California Public Utilities Commission
505 Van Ness Avenue, Training Room
(Corner of Van Ness and McAllister Street)
San Francisco

The Telecommunications Division of the California Public Utilities Commission will be holding a technical workshop on the efficient utilization of numbering resources. Number pooling offers the potential to reduce NXX demand by enabling multiple carriers to share numbers from a single NXX code. A workshop is scheduled to initiate a plan to implement number pooling within California in cooperation with the program underway at the national level. The October 16, 1998 second workshop will further address the formation of a number pooling task force and develop administrative protocol for the ongoing operation of the Task Force and for the submission of progress reports to the Commission.

Proposals regarding voting membership and mechanisms, and what constitutes consensus of the Task Force, should be E-mailed to all participants by October 9, 1998, so participants will have time to review all proposals. Participants should come prepared to adopt a definition of consensus and rules regarding voting membership and mechanisms at the October 16, 1998 meeting. Commission staff will E-mail a participants list to all concerned by October 2, 1998. Participants must E-mail their proposals to everyone on the participants list by October 9, 1998. Any persons interested in being included on the participants list who were not in attendance at the September 25, 1998 meeting should contact Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV

Participants should come prepared to nominate persons to the Task Force, and adopt self-governance rules regarding voting membership and mechanisms. Following the adoption of the above matters, the Task Force will then begin its work dealing with the substantive issues associated with implementing number pooling in California. If you plan to attend the October 16, 1998 workshop please RSVP by October 14, 1998 to Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV

If specialized accommodations for the disabled are needed, call the Public Advisor at (415) 703-2032 five working days in advance of the event.

10/7/98 R98-03-040 Commission Order Instituting Rulemaking, on the Commission's own motion, into the third triennial review of the regulatory framework adopted in Decision 89-10-031 for GTE California Incorporated and Pacific Bell.

Summary: On October 2, 1998, in consecutive sessions at CPUC, Pacific Bell ("PacBell") representatives Dennis Evans and Michael Sasser initiated and conducted oral and written ex parte communications with, respectively, Robert C. Lane, advisor to Commissioner Knight, and Timothy J. Sullivan, advisor to Commissioner Duque. The ex parte writing (below described) was provided only to Mr. Sullivan. The PacBell representatives stated that PacBell's "Z" factor proposal in R98-03-040 included the discontinuance of cost recovery for post-retirement benefits other than pensions ("PBOPs"). Mr. Evans said the resolution of the PBOP matter in the draft decision ("DD") rendered moot the PBOP issues that would have been considered in the Forum OII. The PacBell representatives also

explained that D92-12-015 authorized cost recovery for PBOPs when specified conditions were met. Mr. Evans stated PacBell's October 1995, 1996, and 1997 price cap filings were consistent with D92-12-015. He added that each of PacBell's price cap requests for PBOP recovery was approved, and that Resolution T-16102 concerning PacBell's October 1997 price cap filing anticipated that any changes concerning what costs should be authorized for PBOP recovery were to be prospective only. Since the DD determined that FASB changes no longer qualify for "Z" factor recovery, PacBell stated, the consideration of changes in PBOP cost recovery in the Forum OII is rendered moot. The writing provided to Mr. Lane and attached to the "Notice of Ex Parte Communication" was a six (6) column graph entitled "Regulatory Deferral of Intrastate SFAS 106 Costs" with the columns representing years 1993 through 1998 respectively.

Summary: On October 5, 1998, Mike Burke, Chairman of New Energy Ventures, LLC, ("NEV") met with PUC officials in four (4) consecutive sessions at the Commission's San Francisco headquarters. Oral ex parte communications were conveyed in the sessions in the following order: (a) to Michelle Cooke, advisor to Commissioner Duque, (b) to

Commissioner Conlon and his advisor, James Hendry, (c) to Commission President Bilas and his advisor, Julie Halligan, and (d) Commissioner Neeper and his advisor, David Gamson. NEV repeated arguments submitted in their 9/24/98 comments filed in the proceedings. Mr. Burke expressed support for the proposed decision ("PD") as to Pub.Util.C. § 369 and the applicability of competitive transition charge ("CTC") to new load. Mr. Burke said the distinctions in the PD were important so as not to eviscerate the exemptions in § 369. He said the adoption of the PD will avoid making the post-deregulation environment more hostile for distributed generation than the pre-deregulation environment. Adoption of the PD, Mr. Burke said, would facilitate economic development by making the proposition of expanding or locating facilities in California as attractive, or more so, than in surrounding states.

Summary: On October 5, 1998, Dennis Evans of Pacific Bell ("PacBell") initiated written communications to Timothy Sullivan, advisor to Commissioner Duque, in the form of a faxed letter and an attachment thereto. The attachment dated September 18, 1998 was an excerpt of PacBell's filed "Comments" on the draft decision ("DD") of Commissioner Knight. The faxed letter is quoted in its entirety as follows: "Dear Tim: Attached are the relevant portion of Pacific's comments on the Draft Decision in R98-03-040 which pertain to the PBOP's issue. I've included the discussion and the recommended findings of fact, conclusions of law, and ordering paragraph changes. Additionally, the last two pages suggest appropriate modifications to the draft decision on pages 64 and 73." In the attached writing, various corrections, modifications, and deletions are affixed to the DD in pen and ink to denote PacBell's recommendations on the decision.

Summary: On October 5, 1998, Dennis Evans of Pacific Bell ("PacBell") initiated a telephone call to Fassil Fenikile, advisor to Commissioner Neeper. PacBell's Notice of Ex Parte Communication indicates the following regarding the content of the call: "Mr. Evans stated that the Draft Decision of Commissioner Knight in R98-03-040 should be revised to eliminate the need for any further review of PBOPs-related issues. Mr. Evens further stated that Pacific's proposal on Z factors, which the Draft Decision adopts, eliminates PBOPs related recovery in future years, thereby eliminating the need to examine PBOP recovery issues in the Forum OII proceeding."
