February 19, 1998	10 am	San Francisco

NOTICES

Delivery of Formal Pleadings for Filing

Unless otherwise directed, all *courier-delivered documents* submitted for filing as part of the formal record in a proceeding should be *hand-carried directly* to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue in San Francisco; Room 5109, 107 South Broadway in Los Angeles; or Room 4006, 1350 Front Street in San Diego. All *documents sent through the mail* for formal filing should be addressed *ONLY* to the Commission's Docket Office, Room 2001, 505 Van Ness Avenue, San Francisco, CA 94102.

The Payphone Service Provider's Enforcement Committee has proposed a Charter for approval by the CPUC. A protest must be made in writing and received within 20 days from the date of this calendar item. Protest must be delivered to Director, Telecommunications Division, 505 Van Ness Ave., Room 3203, San Francisco, CA, 94102.

Charge for Commission Documents

To purchase Commission documents, there is a charge of 20 cents a printed page (postage prepaid) with a minimum purchase of \$2.00.

SUBSCRIPTION INFORMATION

Subscription Notice for Draft Agenda Items

In compliance with Public Utilities Code Section 311.5, parties who wish to subscribe to receive draft agenda items may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003; 505 Van Ness Avenue; San Francisco, CA 94102; or by calling (415) 703-1798. The cost for a one-year subscription to the entire public agenda package (which excludes Executive Session materials) is \$1,000. You may also order a partial agenda package (energy agenda items only or telecommunication agenda items only) at the cost of \$500 per year. The package you receive via mail will include only those agenda items available at the time of the agenda distribution date, which is usually 10 to 12 days prior to the Commission meeting. If agenda items (including revisions) are not ready on the distribution date, they will be made available at no charge in the lobby outside the Commission Auditorium at 9:00 a.m. on the morning of the Commission meeting, but not earlier.

In addition, the Commission will make draft agenda items available for viewing and photocopying (at 20 cents per page) at the Commission's Central Files Office (Room 2002), 505 Van Ness Avenue, San Francisco, and in the Los Angeles, San Diego, and the following field offices: El Centro, Eureka, Sacramento and San Bernardino. Since the agenda package will be mailed to these locations, it will be available at these locations a day or two after the distribution date. These locations will not receive agenda items that are not ready on the distribution date.

If an agenda item is held over to a subsequent Commission meeting, that agenda item and any revisions to that agenda item that were available on the morning of the initial Commission meeting (as well as any further available revisions) will be mailed in the Escutia package for the subsequent Commission meeting; the item and its revisions will also be available for viewing and photocopying in the Commission's Central Files Office and field offices as set forth above.

Intervenors who have a financial hardship determination pending or granted shall be eligible to receive draft agenda item packets at no charge.

The cost to receive the agenda only, without copies of draft agenda items, remains at \$75 per year.

Subscription Notice for Daily Calendar and/or Agenda

Parties who wish to subscribe to the Daily Calendar and/or the Agenda may do so by writing to the Public Utilities Commission; Attention: Poly Arca, Room 1003; 505 Van Ness Avenue; San Francisco, CA 94102; or by calling (415) 703-1798. The subscription cost for the Daily Calendar is \$225 per year. The Biweekly Daily Calendar is \$50 per year. The Agenda is \$75 per year. Checks are to be made payable to the Public Utilities Commission.

Summary On January 27, 1998, John Fielder, Vice President of Southern California Edison sent a letter (attached to notice) to Cmmrs. Duque, Knight, Neeper, and Bilas. Copies were also sent to ALJ Angela Minkin, Commission Advisors James Hendry, John Scadding, Robert Lane, Michelle Cooke, David Gamson, and Julie Halligan. In his letter, Mr. Fielder responded to a January 16, 1998, ex-parte letter from Mr. Jan Smutny-Jones of

the independent Energy Producers (IEP) regarding Public Utilities Code 369. He informed the Commissioners that IEP's letter advocated an interpretation of section 369 that is contrary to the legislative intent and that would shift responsibility for the Competition Transition Charge to other customers. Mr. Fielder stated further that the various provisions of Assembly Bill (AB) 1890 were preceded by the Commission's Preferred Policy Decision. And that one of the inputs of the Preferred Policy Decision was a Memorandum of Understanding that Edison, IEP, and several large groups had entered into and that was filed with the Commission in January of 1995. The MOU included a provision in which the signatories agreed that only customers no longer taking any service whatsoever from or through the facilities of the utility would be exempt from the CTC. He stated that the interpretation of section 369 in IEP'S recent ex-parte letter was contrary both to the legislative intent and to the MOU that IEP had agreed to. Mr. Fielder pointed out that Section 369 codified the same policy of narrow CTC exemptions embodied in the MOU, in that it requires that CTC be collected from all the existing and future customers in the utility service territory. He pointed out that section 372 exempts from CTC up to 120% of the load from the cogeneration and self-generation projects that meets the specified on-line dates. IEP and other parties are complaining about the interpretation of section 369 because some of their cogeneration projects may not qualify under the specific exemption provision of such projects in section 372. Mr. Fielder's letter concluded.

Summary: On January 26, 1998, Russell G. Worden, Regulatory Affairs Manager, Sarah Smith, Corporate Representative, for Edison met with Mr. Robert Lane, Advisor to Commissioner Knight at the Commission's San Francisco office. Mr. Worden stated that the draft now pending before the Commission's vote on February 4, 1998, meeting (item H-4) contains the correct interpretation of section 369. Mr. Worden further stated that the recent ex-parte notices filed by the Independent Energy Producers, (IEP), Enron, Destec, and NEO Corporation wrongly allege that the draft decision would eviscerate section 369. Contrary to those parties, Mr. Worden stated the draft decision correctly implement section 369. The IEP'S position on this issue represent complete change of position from the position it endorsed in the Memorandum Of Understanding that was filed in the Commission's Electric Restructuring Docket (R94-04-031/I94-04-032), on September, 18, 1995, added Mr. Worden. He pointed out that Edison does not now have, and never has had, a separate, Stand-by Tariff. Instead, Edison's stand by charge is an integral part of it's otherwise applicable tariff. IEP and other parties that share their position should seek relief in the form of new legislation, not through the strained interpretation of section 369. Mr. Worden concluded.

California Cable Television Association vs. Southern California Edison Company, for Southern California Edison's efforts to restrict the types of services cable operators deliver over facilities attached to Southern

California Edison poles.

Summary: On January 28, 1998, Lesla Lehtonen, Assistant General Counsel, California Cable Television Association (CCTA), met with Cmmr. Neeper and his adv. Fassil Fenikile, Jeffrey Sinsheimer, Director, Regulatory and Legal Affairs, and Alan Gardner, Vice President, Regulatory and Legal Affairs, CCTA were also present. Lehtonen stated that Section 767.5 is the statutory vehicle by which the California Commission preempted the FCC's regulation of cable companies' pole attachments under Section 224 of the Commission Act. He said that the rate provided by Section 767.5 is just and reasonable, that Southern California Edison Company (Edison) is seeking to enforce an unauthorized rate for pole attachments where a cable company provides new services, and that Edison is confusing "two-way" services with telecommunications services. Worldcom, Inc. and MCI Communications Corporation, for approval to transfer control of MCI Communications Corporation to WorldCom, Inc.

Summary: On January 27, 1998, Jenny Wong, Regional Director, Regulatory Planning and Industry Affairs of GTE California (GTE) met with Tim Sullivan, adv. to Cmmr. Duque in San Francisco. A handout (attached) outlined GTE's concerns on WorldCom/MCI proposed merger was used during the meeting. Wong indicated that GTE is one of the largest users of WorldCom's wholesale long distance services and is concerned about the impact of the proposed merger. Wong stated that the Commission should not approve the application. This proposed merger is different from the BT/MCI and WorldCom/Brooks Fiber mergers in that WorldCom and MCI are proposing operational mergers and they each have significant presence in California. She stated that the Commission should and must conduct evidentiary hearings to determine the impacts of this merger.

Summary: On January 28, 1998, a meeting was held in the office of Cmmr. Bilas in San Francisco. Attending the meeting were Cmmr. Bilas; Lester Wong, adv. to Cmmr. Bilas; William P. Barr, Executive Vice President, Regulatory and Government Affairs and General Counsel, GTE Service Corporation; Timothy J. McCallion, Regulatory and Government Affairs Vice President-West, GTE Service Corp.; and Steven E. Zipperstein, Regional Vice President and General Counsel, GTE Service Corp. Barr stated that GTE opposes the proposed merger of WorldCom and MCI. Barr explained that WorldCom's presence as a wholesaler in the long distance market has been very important to GTE's ability to enter and remain in the market while GTE invests in and deploys its own long distance facilities. If the Commission approves the merger, the combined WorldCom-MCI entity will enjoy MCI's brand name, and thus will have no incentive to continue participating in the wholesale long distance market. Barr also stated the combined WorldCom-MCI would control over 60% of the Internet's backbone capacity.

Wong indicated that GTE is one of the largest users of WorldCom's wholesale long distance services and is concerned about the impact of the proposed merger. Wong stated that the Commission should not approve the application. This proposed merger is different from the BT/MCI and WorldCom/Brooks Fiber mergers in that WorldCom and MCI are proposing operational mergers and they each have significant presence in California. She stated that the Commission should and must conduct evidentiary hearings to determine the impacts of this merger.
