3/2/98 I96-02-043 Investigation on the Commission's own motion into the operations, practices, and conduct of Communication Telesystems International (CTI) and Edward S. Soren, President of CTI, to determine whether they have complied with the laws, rules, regulations and applicable tariff provisions governing the manner in which California consumers are switched from one long-distance to another, and other requirements for long distance carriers

Summary: On February 27, 1998, Communications TeleSystems International (CTS) sent a letter (attached) to Cmmr. Bilas. A copy of the letter was also sent to counsel for The Greenlining Institute and Latino Issues Forum, CSD's counsel, and ALJ Bushey. The letter responds to the issues raised by the Greenling Institute and Latino Issues Forum in their two recent ex-parte communications with Cmmr. Bilas. The letter points out that, California Public Utilities Code section 1807 does not permit the Commission to assess the cost of intervenor compensation against CTS. It points out the issues raised by CTS and ALJ Bushey with respect to the details of intervenors' application for compensation are issues routinely raised in connection with compensation applications. The letter indicates that CTS objected to intervenors' claim that ALJ Bushey was a biased ALJ in these proceedings.
