3/5/98 A96-10-038 Pacific Enterprises, Enova Corporation, Mineral Energy Company, B Mineral Energy Sub and G Mineral Energy Sub, for approval of a plan of merger of Pacific Enterprises, and Enova Corporation with and into B Mineral Energy Sub (Newco Pacific Sub) and G Mineral Energy Sub (Newco Enova Sub), the wholly-owned subsidiaries of a newly created holding company, Mineral Energy Company.

Summary: On March 2, 1998, Stephen Baum, Chairman and CEO of Enova Corporation (Enova), met with Cmmr. Knight, in San Francisco. Baum stated, regarding the PE/Enova merger, that Enova was generally pleased with the ALJ's Proposed Decision (PD) but expressed one major concern with the ALJ's recommendation of the use of a 5 year period for the sharing of merger benefits—that the PD did not include a determination of what would occur after the fifth year. Baum stated that the applicants had proposed a 10 year period for calculating the benefits of this merger which they believed should be adopted by the Commission because the use of a shorter period would have significant impacts. Baum stated that he hoped to be able to announce soon that the Department of Justice had completed its review that he hoped to be able to announce that the Department of Justice had completed its review of the merger. Baum stated that potential jurisdictional issues may arise if a federal agency's orders conflicted with state statutory requirements.

Summary: On March 3, 1998, James Scarff, attorney for the Office of Ratepayer Advocates (ORA), met with ALJ Careaga, in San Francisco. Scarff stated that ORA had reviewed Edison's sealed Reply to ORA 2/17/98 Response to Edison's compliance filing regarding the sale of the Long Beach power plant. Scarff stated that ORA finds that the information contained in Edison's Reply satisfactorily addresses the concerns ORA raised in its Response, and accordingly, ORA has no objection at this time to the Commission granting Edison the relief requested. Scarff stated that he had communicated with Mr. Burhenn of Edison that ORA was requesting that information similar to that provided in Edison's sealed Reply also be provided to ORA at the time Edison files its compliance filing regarding the delayed sale of the Ormond Beach power plant. Scarff stated that Edison did not provide information about the number of bidders involved in any stage of the Long Beach auction. Scarff stated that ORA is willing to accept that this information is not

necessary for the evaluation of the auction process as it occurred with respect to Long Beach. Scarff stated that ORA may request this information with respect to future plant sales, including the Ormond Beach plant.

Summary: On March 3, 1998, Phyllis Huckabee, Director, State Regulatory Relations for Southern California Gas Company (SoCalGas), contacted Cmmr. Bilas at the 1789 Restaurant in Washington DC. Also present were Frederick E. John, Senior Vice President of Public Policy and Law for Pacific Enterprises (PE) and William L. Reed, Vice President of Regulatory and Government Affairs for San Diego Gas and Electric Company (SDG&E). Reed stated that the five-year sharing proposal in ALJ Barnett's Proposed Decision (PD) does not fairly compensate shareholders. He stated that the 5.6 year period adopted in the SBC/PacTel merger and cited as precedent in the PE/Enova merger PD is not a valid comparison because the circumstances of the two merger are different. He stated that PE/Enova continue to support the full 10-year sharing schedule. John stated that the PD directs SoCalGas to divest its option to purchase the Kern River and Mojave California intrastate pipeline facilities is unnecessary, and if the Commission decides that it should be sold, it is necessary to have the agreements modified to allow SoCalGas to obtain fair value for the options.
