**GLOSSARY**

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

3/16/98            A96-10-038            Pacific Enterprises, Enova Corporation, Mineral Energy Company B, Mineral Energy Sub and G Mineral Energy Sub for approval of a plan of merger of Pacific Enterprises, and Enova Corporation with and into B Mineral Energy Sub (Newco Pacific Sub) and G Mineral Energy Sub (Newco Enova Sub), the wholly-owned subsidiaries of a newly created holding company, Mineral Energy Company.

**Summary: On March 13, 1998, Mark Pocta, project manager for the Office of Ratepayer Advocates (ORA), met with Cmmr. Conlon in San Francisco. Also present were: James Hendry, advisor to Cmmr. Conlon; Hallie Yacknin, staff counsel, and Dave Fukutome, project manager, for ORA; Bill Reed, Vice President of Enova; Fred John, Senior Vice President, and Tom Brill, Director of Regulatory Affairs, of Pacific Enterprises; Lee Schavrien, Regulatory Affairs Director, and Lisa Hubbard, State Regulatory Affairs Director, of San Diego Gas and Electric Company; Brian Cherry, Regulatory Proceedings Manager of Southern California Gas Company; Theresa Mueller, attorney for TURN; Steve Pickett, Assoc. General Counsel, and Douglas Porter, Senior Attorney, for Southern California Edison Company; John Coyle, attorney for Imperial Irrigation District; and Suzanne Stamey, attorney for SCUPP. Pocta stated that, if the Commission is going to consider a gas independent system operator (ISO) to mitigate market power concerns caused by the merger, then it needs a record on the cost of the gas ISO and the impact of the cost of the gas ISO on merger benefits to determine whether the merger would produce net benefits to ratepayers**

3/16/98            C97-11-034            Pac-West Telecomm, Inc. vs. Pacific Bell, for an order declaring that Pacific Bell is in breach of the Agreement and for compensations, and for improper termination ISP calls.

**Summary: On March 12, 1998, Bill Blase, Vice President-Regulatory of Pacific Bell (PacBell), sent a letter (attached to the notice) to Cmmr. Bilas. Copies of the letter were also sent to Cmmrs. Knight, Nepper, Duque, and Conlon. The letter explained PacBell's position on reciprocal compensation for Internet use. The letter states that Internet usage is interstate, therefore, treating Internet traffic as local calls would exacerbate universal service concerns and lead to implicit subsidization of CLEC earnings and operations by PacBell. The letter urges the Commission to hold this**
