GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

3/26/98 A96-10-038 Pacific Enterprises, Enova Corporation, Mineral Energy Company, B Mineral Energy Sub, and G Mineral energy Sub, for approval of a plan of merger of Pacific Enterprises, and Enova Corporation with and into B Mineral Energy Sub (Newco Pacific Sub) and G Mineral Energy Sub (Newco Enova Sub), the wholly-owned subsidiaries of a newly created holding company, Mineral Energy Company.

Summary: On March 23, 1998, Stephen Baum, Chairman and CEO of Enova Corporation (Enova), spoke with Cmmr. Bilas, via telephone. Also a party to the communication was: Richard Farman, President and COO of Pacific Enterprises (PE). Baum stated his concern about any possible delay of a Commission decision beyond the 3/26 business meeting. Baum urged Cmmr. Bilas to consider the uncertainty that additional delay creates for the employees of both companies. Farman stated that the record in this case on market power issues is complete, and supports the adoption of the conditions contained in the Proposed Decision, as well as Cmmr. Neepers' Alternate. Farman stated that the Commission should not defer a ruling on these issues. Farman stated that the merger decision would not prejudice the review of market power issues on a statewide basis in the Gas Industry Restructuring docket.

 I93-04-002 Commission Order Instituting Investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.

Summary: THIS IS AN AUGMENTED NOTICE OF AN EX PARTE COMMUNICATION WHICH WAS FILED ON 3/23/98 AND APPEARED IN THE CALENDAR OF 3/24/98 On March 18, 1998 and March 19, 1998, Randall Ward of Eagan & Ward, representing Metromail, had meetings with Cmmr. Bilas and Commissioners' advisors in San Francisco. On March 18, 1998, Ward had three separate meetings: with Cmmr. Bilas; with Tim Sullivan, advisor to Cmmr. Duque; and Lester Wong, advisor to Cmmr. Bilas. On March 19, 1998 Ward met with Jose Jiminez, advisor to Cmmr. Conlon. Lonn Beedy, representing Metro One Telecommunications, also

participated in these meetings. Ward and Beedy, referring to the market place inequities facing third party providers of Directory Assistance services, requested expeditious scheduling of the Directory Assistance Database element and related issues.

Summary: On March 24, 1998, Phyllis Huckabee, Director of State Regulatory Relations for Southern California Gas Company (SoCalGas), met with Julie Halligan, advisor to Cmmr. Bilas, in San Francisco. Also present were: Thomas Brill, Director, Regulatory Law for Pacific Enterprises; Brian Cherry, Regulatory Proceedings Manager and Lad Lorenz, Director Capacity and Operational Planning for SoCalGas; and Lee Schavrien, Regulatory Affairs for San Diego Gas & Electric Company (SDG&E). Lorenz stated that in response to concerns regarding availability of real time information, SoCalGas is willing to post on its Gas Select bulletin board, every hour within the hour, interstate deliveries on a receipt point basis, as well as hourly storage flow rates. Lorenz stated that SoCalGas already posts daily information including: (1) estimated day before, (2) actual day, and (3) next day flows. Lorenz stated that the value to the market of hourly information is likely to be limited because system flow requirements provide only two opportunities to change deliveries on any given day. Lorenz stated that customers already have the opportunity to make changes between 7:30 am and 9:00 am each day after seeing the 7:30 am daily information postings. Brill stated that despite the questionable value to the market, SoCalGas is committed to giving the market the best information available and is willing to make the hourly postings. Brill stated that SoCalGas also supports adding language to the merger decision which clearly indicates that this case does not prejudice the market power issues being examined in the Gas Strategy Rulemaking. Brill urged action on this item at the currently scheduled business meeting on 3/26/98.
