GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A Removed from the SB 960 category requirements.

Summary: May 15, 1998, Les Guliasi, Manager, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with James Hendry, adv. to Cmmr. Conlon in San Francisco. Guliasi said that in PG&E's filed comments on the alternate order of Commissioners, PG&E states that under the terms of the order, it is not willing to go

forward with the settlement and sale of facilities to Modesto Irrigation District (MID). Guliassi stated that the order has changed the balance of gives and takes negotiated by PG&E and MID, and that the order is financially detrimental to PG&E's shareholders. Guliassi asked the Commission to hold the matter until the June 4, 1998 Commission meeting to give PG&E additional time to analyze the order and to consider its options.
