GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

Summary: On May 20, 1998, Theresa Mueller, attorney for The Utility Reform Network, left a voice mail message for Michelle Cooke, advisor to Cmmr. Duque. Analogous voice mail messages were also recorded for David Gamson, advisor to Cmmr. Neeper; and ALJ Barnett. Mueller stated, referring to the applicants' petition to modify the merger decision, that TURN did not object to modification of the requirement that bill credits begin on September 1, 1998. Mueller stated, however, that applicants should be required to begin bill credits 90 days after the final jurisdictional approval, rather than 90 days after the merger closing.
