GLOSSARY

After January 1, 1998, the California Public Utilities Commission is required by statute (SB 960) to categorize each case that comes before it. There are three categories, quasi-legislative, adjudicatory and ratesetting. If a case does not require hearings before it is resolved, the case is removed from the SB 960 category requirements. The legend below shows the abbreviation for each of the categories and provides a brief explanation.

- Q** **Quasi-legislative** proceedings are proceedings that establish policy or rules (including generic ratemaking policy or rules) affecting a class of regulated entities, including those proceedings in which the Commission investigates rates or practices for an entire regulated industry or class of entities within the industry.
- A** **Adjudicatory** proceedings are: (1) enforcement investigations into possible violations of any provision of statutory law or order or rule of the Commission; and (2) complaints against regulated entities, including those complaints that challenge the accuracy of a bill, but excluding those complaints that challenge the reasonableness of rates or charges, past, present, or future.
- RS** **Ratesetting** proceedings are proceedings in which the Commission sets or investigates rates for a specifically named utility (or utilities), or establishes a mechanism that in turn sets the rates for a specifically named utility (or utilities). Ratesetting proceedings include complaints that challenge the reasonableness of rates or charges, past, present, or future.
- N/A** Removed from the SB 960 category requirements.

6/18/98 I95-05-047 Commission Order Instituting Investigation into the second triennial review of the operations and safeguards of the incentive-based regulatory framework (NRF) for local exchange carriers, specifically pacific bell and GTE California Incorporated.

Summary: On June 15, 1998, William Blase, Vice President of Pacific Bell spoke by telephone with Lester Wong, adv. to Cmmr. Bilas. On June 16, 1998, Blase also contacted Bob Lane, adv. to Cmmr. Summary: LATE FILED. On June 23, 1998, David Discher, General Attorney for Pacific Bell, sent a letter (attached to the notice) to Cmmr. Conlon. Copies of the letter were also sent to Cmmrs. Bilas, Knight, Duque and Nepper, and to their respective advisors, Lester Wong, Dorothy Duda, Tim Sullivan and Fassil Fenikile, as well as to Jose Jimenez, advisor to Cmmr. Conlon. The letter was a response to a June 8, 1998 letter from Earl Nicholas Selby, counsel for ICG Telecom Group, regarding the adoption of the Texas Public Utilities Commission's rules for post-interconnection agreement dispute resolution. The letter explains that Pacific Bell's interconnection agreements with competitive local exchange carriers contain dispute resolution provisions that apply to all aspects of the interconnection process, including disputes involving rights-of-way, and, therefore, these provisions would apply even if the Commission adopted the Texas rules.
