**NXX CODE LOTTERY WORKSHOP**

The Telecommunications Division of the California Public Utilities Commission will be holding a second technical workshop on fine-tuning the NXX Code Lottery held each month at the CPUC. Decision 98-08-037 found there is a need for a fresh review of lottery procedures. In this second workshop, the lottery process will be reviewed to determine if there are ways to make the distribution of NXX codes among carriers more equitable, and more conducive to the development of competition. Specifically, the topic of increasing the percentage of initial codes assigned from the lottery from the current 60% to a higher amount will be explored. Participants should come prepared to address potential reform measures for the lottery, identify potential shortcomings and suggest ways to revise the lottery process to promote a more competitive market including potential revisions in the allocation between initial and growth codes.

If you plan to attend the January 12, 1999 workshop please RSVP by January 8, 1999 to Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV

1/7/99            A98-06-052            ICG Telecom Group, Inc., for arbitration pursuant to  
Section 252 of the Federal Telecommunications Act of  
1996 to establish an interconnection agreement with  
Pacific Bell

**Summary:** On January 4, 1999, Nick Selby from ICG Telecom Group, Inc. ("ICG") engaged in oral ex parte communications at CPUC with Commissioner Duque and the commissioner's advisor, Timothy Sullivan. According to ICG's Notice of Ex Parte Communications, the meeting was initiated by David Simpson of the High Speed Access Coalition ("HiSac"), and others in attendance were representatives from PDO

Communications, Inc., Pacific Bell ("PacBell"), California Cable Television Assoc., GTEC, ISP Networks, and PUC staff. Mr. Selby stated ICG and other interested parties should be allowed to participate and file legal arguments if the Commission was in effect modifying its arbitration rules to permit HiSac, a non party to the arbitration between PDO and PacBell, to file legal arguments on PDO's motion to reject the conformed arbitrated interconnection agreement in this case. Mr. Selby stated PDO's request for "line sharing" or "unbundled spectrum" for its digital subscriber line ("DSL") services raises major policy issues on which PUC should allow other parties to be heard. He said access to unbundled spectrum on Pacific's loops should be priced on the incremental cost standard of the Telecommunications Act, and should not be free as PDO asserts. Mr. Selby concluded by saying the Commission should determine the incremental cost of "line sharing" through frequency multiplexing and require PacBell to include such cost in the price of its ADSL service.

**Summary:** On January 4, 1998, Pacific Bell ("PacBell") representatives Dan Jacobsen and Bill Blase initiated a meeting at CPUC with Commission President Bilas, advisor Lester Wong, and other PUC staff. The PacBell representatives made four points in this oral ex parte communications: (1) it is not good policy to allow a competitor to use facilities for free, (2) It is not fair to PacBell or other facilities based carriers to require spectrum unbundling, (3) current law entitles each carrier to exclusive use of facilities, and (4) CPUC should not initiate a proceeding on spectrum unbundling before the FCC issues a ruling on its "706) NPRM.
