Summary: AUGMENTATION REQUIRED

On January 13, 1999, Pacific Bell ("PacBell) engaged in oral ex parte communications at CPUC with advisors Fassil Fenikile, Timothy Sullivan, and Lester Wong. (PacBell's Notice of Ex Parte Communication did not state who initiated the communications, but it indicated the purpose of the meeting was to discuss a recent filing made by Cox.) PacBell representatives conducting the communications were Agnes Lowe, Lynn Mowery, Linda Vandeloop, Colleen O'Grady, and Dan McCarthy. They stated how cross-connects are currently treated (no amplification was provided), parties in addition to CLC's are affected by PUC's decision on cross connects, many issues are involved in reconfiguring telecommunications facilities on multiple dwelling unit properties, and PacBell is not opposed to a rulemaking process to be established by the Commission.

1/14/99	A98-05-014	Southern California Edison Company, to report on the valuation process for certain generation-related assets pursuant to D97-11-074
---------	------------	---

Summary: On January 6, 1998, Bruce Foster of Southern California Edison Co. ("SCE") initiated a meeting at CPUC with Commissioner Nepper and advisor David Gamson. Mr. Foster stated SCE desired a quick resolution of the current phase of the valuation proceeding, resulting in the establishment of appraisal principles for assets subject to market valuation. Mr. Foster further stated there should be no single proceeding for valuation of SCE's and Pacific Gas & Electric's assets, explaining that differences existed between the hydro systems of the two utilities.
