The information on technical trials is due Friday, January 29, 1999. Submittals should be sent either by e-mail or by overnight mail. Submittals must also be filed in the Process Office.

1/22/99	A98-11-023	Pacific Gas and Electric Company, to establish performance-based ratemaking for electric and gas utility distribution service effective January 1, 2000
---------	------------	---

Summary: On January 22, 1999, the Latino Issues forum and The Greenlining Institute ("LIF/Greenlining") sent a one page letter to Commissioner Duque. The letter expressed support for a mechanism, such as the wires bypass charge that Pacific Gas & Electric Co. ("PG&E") proposed in its PBR application, that will ensure that public purpose programs are not circumvented. Noting that some parties have moved to exclude the proposed wires bypass charge from PG&E's PBR proceeding, LIF/Greenlining stated that the absence of a wires bypass charge would cause revenues to be lost from departing customers. Without the wires bypass charge, the filer stated, irrigation districts and others would move to "cherry pick" large customers as a way of avoiding non-bypassable charges that support public purpose programs. LIF/Greenlining concluded by asking the Commission to act favorably on PG&E's proposed wires bypass charge in this proceeding.
