--	---

The Telecommunications Division of the California Public Utilities Commission will be holding a third technical workshop on fine-tuning the NXX Code Lottery held each month at the CPUC. Decision 98-08-037 found there is a need for a fresh review of lottery procedures. In this third workshop, the lottery process will be reviewed to determine if there are ways to make the distribution of NXX codes among carriers more equitable, and more conducive to the development of competition. Specifically, the topic of increasing the percentage of initial codes assigned from the lottery from the current 60% to a higher amount will be explored. Participants should come prepared to address potential reform measures for the lottery, identify potential shortcomings and suggest ways to revise the lottery process to promote a more competitive market including potential revisions in the allocation between initial and growth codes. The Lottery Subcommittee will present their final Draft of the Pent-up Demand Form.

If you plan to attend the February 25, 1999 workshop please RSVP by February 23, 1999 to Mary Jo Borak, at 415/703-1879, Email: BOR@CPUC.CA.GOV or Risa Hernandez at 415/703-5331, Email: RHH@CPUC.CA.GOV
